RIN 1601-ZA11

Identification of Foreign Countries Whose Nationals Are Eligible To Participate in the H-2A and H-2B Nonimmigrant Worker Programs

AGENCY: Office of the Secretary, DHS.
ACTION: Notice.

SUMMARY: Under Department of Homeland Security (DHS) regulations, U.S. Citizenship and Immigration Services (USCIS) may generally only approve petitions for H-2A and H-2B nonimmigrant status for nationals of countries that the Secretary of Homeland Security, with the concurrence of the Secretary of State, has designated by notice published in the **Federal Register**. Each such notice shall be effective for one year after its date of publication. This notice announces that the Secretary of Homeland Security, in consultation with the Secretary of State, is identifying 86 countries whose nationals are eligible to participate in the H-2A program and 87 countries whose nationals are eligible to participate in the H-2B program for the coming year.

DATES: The designations in this notice are effective from November 10, 2022 and shall be without effect on November 10, 2023.

FOR FURTHER INFORMATION CONTACT: Ihsan Gunduz, Office of Strategy, Policy, and Plans, Department of Homeland Security, Washington, DC 20528, (202) 282-9708.

SUPPLEMENTARY INFORMATION:

Background

Generally, USCIS may approve H-2A and H-2B petitions for nationals of only those countries that the Secretary of Homeland Security, with the concurrence of the Secretary of State, has designated as participating countries.¹ Such designation must be published as a notice in the **Federal Register** and expires after one year. In designating countries to include on the lists, the Secretary of Homeland Security, with the concurrence of the Secretary of State, will take into account factors including, but not limited to: (1) the country's cooperation with respect to issuance of travel documents for citizens, subjects, nationals, and residents of that country who are subject to a final order of removal; (2) the number of final and unexecuted orders of removal against citizens, subjects, nationals, and residents of that country; (3) the number of orders of removal executed against citizens, subjects, nationals, and residents of that country; and (4) such other factors as may serve the U.S. interest. See 8 CFR 214.2(h)(5)(i)(F)(1)(i) and 8 CFR 214.2(h)(6)(i)(E)(1). Examples of specific factors serving the U.S. interest that are taken into account when considering whether to designate or terminate the designation of a country include, but are not limited to: fraud (e.g., fraud in the

H-2 petition or visa application process by nationals of the country, the country's level of cooperation with the U.S. government in addressing H-2 associated visa fraud, and the country's level of information sharing to combat immigration-related fraud), nonimmigrant visa overstay² rates for nationals of the country (including but not limited to H-2A and H-2B nonimmigrant visa overstay rates), and non-compliance with the terms and conditions of the H-2 visa programs by nationals of the country.

As previously indicated, see 86 FR 2689; 86 FR 62559, in evaluating the U.S. interest, the Secretary of Homeland Security, with the concurrence of the Secretary of State, will generally ascribe a negative weight to evidence that a country had a suspected in-country visa overstay rate of 10 percent or higher with a number of expected departures of 50 individuals or higher in either the H-2A or H-2B classification according to U.S. Customs and Border Protection overstay data, and generally, with the concurrence of the Secretary of State, will terminate designation of that country from the H-2A or H-2B nonimmigrant visa program, as appropriate, unless, after consideration of other relevant factors, it is

² An overstay is a nonimmigrant lawfully admitted to the United States for an authorized period, but who remained in the United States beyond his or her authorized period of admission. U.S. Customs and Border Protection (CBP) identifies two types of overstays: (1) individuals for whom no departure was recorded (Suspected In-Country Overstays), and (2) individuals whose departure was recorded after their authorized period of admission expired (Out-of-Country Overstays). For purposes of this **Federal Register** Notice, DHS uses Fiscal Year 2021 CBP nonimmigrant overstay data for the H-2A and H-2B nonimmigrant visa categories and the Fiscal Year 2020 Entry/Exit Overstay Report for all other visa categories. See: https://www.dhs.gov/sites/default/files/2021-12/CBP%20-%20FY%202020%20Entry%20Exit%20Overstay%20Report_0.pdf.

¹ With respect to all references to "country" or "countries" in this document, it should be noted that the Taiwan Relations Act of 1979, Public Law 96-8, Section 4(b)(1), provides that "[w]henver the laws of the United States refer or relate to foreign countries, nations, states, governments, or similar entities, such terms shall include and such laws shall apply with respect to Taiwan." 22 U.S.C. 3303(b)(1). Accordingly, all references to "country" or "countries" in the regulations governing whether nationals of a country are eligible for H-2 program participation, 8 CFR 214.2(h)(5)(i)(F)(1)(i) and 8 CFR 214.2(h)(6)(i)(E)(1), are read to include Taiwan. This is consistent with the United States' one-China policy, under which the United States has maintained unofficial relations with Taiwan since 1979.

determined not to be in the U.S. interest to do so.

Similarly, DHS recognizes that countries designated under long-standing practice by U.S. Immigration and Customs Enforcement (ICE) as “At Risk of Non-Compliance” or “Uncooperative” with removals based on ICE data put the integrity of the immigration system and the American people at risk. Therefore, unless other favorable factors in the U.S. interest outweigh such designations by ICE, the Secretary of Homeland Security, with the concurrence of the Secretary of State, generally will terminate designation of such countries from the H-2A and H-2B nonimmigrant visa programs. Because there are separate lists for the H-2A and H-2B categories, it is possible that, in applying the above-described regulatory criteria for listing countries, a country may appear on one list but not on the other.

Even where the Secretary of Homeland Security has determined to terminate or decided not to designate a country, DHS, through USCIS, may allow, on a case-by-case basis, a national from a country that is not on the list to be named as a beneficiary of an H-2A or H-2B petition based on a determination that it is in the U.S. interest for that individual noncitizen to be a beneficiary of an H-2 petition. Determination of such U.S. interest will take into account factors, including but not limited to: (1) evidence from the petitioner demonstrating that a worker with the required skills is not available either from among U.S. workers or from among foreign workers from a country currently on the list described in 8 CFR 214.2(h)(5)(i)(F)(1)(i) (H-2A nonimmigrants) or 214.2(h)(6)(1)(E)(1) (H-2B nonimmigrants), as applicable; (2) evidence that the beneficiary has been admitted to the United States previously in H-2A or H-2B status; (3) the potential for abuse, fraud, or other harm to the integrity of the H-2A or H-2B visa program through the potential admission of a beneficiary from a country not currently on the list; and (4) such other factors as may serve the U.S. interest. *See* 8 CFR 214.2(h)(5)(i)(F)(1)(ii) and 8 CFR 214.2(h)(6)(i)(E)(2).

In December 2008, DHS published the first lists of eligible countries for the H-2A and H-2B Visa Programs in the **Federal Register**. These notices, “Identification of Foreign Countries Whose Nationals Are Eligible to Participate in the H-2A Visa Program,” and “Identification of Foreign Countries Whose Nationals Are Eligible to Participate in the H-2B Visa Program,” designated 28 countries whose nationals

were eligible to participate in the H-2A and H-2B programs. *See* 73 FR 77043 (Dec. 18, 2008); 73 FR 77729 (Dec. 19, 2008). The notices ceased to have effect on January 17, 2009, and January 18, 2009, respectively. Since the publication of the first lists in 2008, with the concurrence of the Secretary of State, has published a series of notices on a regular basis. *See* 75 FR 2879 (Jan. 19, 2010) (adding 11 countries to both programs); 76 FR 2915 (Jan. 18, 2011) (removing one country from and adding 15 countries to both programs); 77 FR 2558 (Jan. 18, 2012) (adding five countries to both programs); 78 FR 4154 (Jan. 18, 2013) (adding one country to both programs); 79 FR 3214 (Jan. 17, 2014) (adding four countries to both programs); 79 FR 74735 (Dec. 16, 2014) (adding five countries to both programs); 80 FR 72079 (Nov. 18, 2015) (removing one country from the H-2B program and adding 16 countries to both programs); 81 FR 74468 (Oct. 26, 2016) (adding one country to both programs); 83 FR 2646 (Jan. 18, 2018) (removing three countries from and adding one country to both programs); 84 FR 133 (Jan. 18, 2019) (removing two countries from and adding 2 countries to both programs, removing one country from only the H-2B program, and adding one country to only the H-2A program); 85 FR 3067 (January 17, 2020) (leaving the lists unchanged); 86 FR 2689 (Jan. 13, 2021) (removing two countries from both programs, removing one country from only the H-2A program, and adding one country to only the H-2B program); and 86 FR 62559 (Nov. 10, 2021) (removing one country from only the H-2A program, adding one country to only the H-2B program, and separately adding five countries to both programs).

Determination of Countries With Continued Eligibility

The Secretary of Homeland Security has determined, with the concurrence of the Secretary of State, that the 85 countries previously designated to participate in the H-2A program in the November 10, 2021 notice continue to meet the regulatory standards for eligible countries and therefore should remain designated as countries whose nationals are eligible to participate in the H-2A program. Additionally, the Secretary of Homeland Security has determined, with the concurrence of the Secretary of State, that the 86 countries previously designated to participate in the H-2B program in the November 10, 2021 notice continue to meet the regulatory standards for eligible countries and therefore should remain designated as countries whose nationals

are eligible to participate in the H-2B program. These determinations take into account how the regulatory factors identified above apply to each of these countries.

Consistent with the previous notices, nationals of non-designated countries may still be beneficiaries of approved H-2A and H-2B petitions upon the request of the petitioner if USCIS determines, as a matter of discretion and on a case-by-case basis, that it is in the U.S. interest for the individual to be a beneficiary of such petition. *See* 8 CFR 214.2(h)(5)(i)(F)(1)(ii) and 8 CFR 214.2(h)(6)(i)(E)(2). USCIS may favorably consider a beneficiary of an H-2A or H-2B petition who is not a national of a country included on the H-2A or H-2B eligibility lists as serving the national interest, depending on the totality of the circumstances. Factors USCIS may consider include, among other things, whether a beneficiary has previously been admitted to the United States in H-2A or H-2B status and complied with the terms of the program. An additional factor for beneficiaries of H-2B petitions, although not necessarily determinative standing alone, would be whether the H-2B petition qualifies under section 1049 of the National Defense Authorization Act (NDAA) for FY 2018, Public Law 115–91, section 1045 of the NDAA for FY 2019, Public Law 115–232, or section 9502 of the NDAA for FY 2021, Public Law 116–283. However, any ultimate determination of eligibility will be made according to all the relevant factors and evidence in each individual circumstance.

Countries Now Designated as Eligible

The Secretary of Homeland Security has also determined, with the concurrence of the Secretary of State, the Kingdom of Eswatini (Eswatini) should be designated as an eligible country to participate in both the H-2A and H-2B nonimmigrant visa programs because its participation is in the U.S. interest consistent with the regulations governing these programs.

Nationals of Eswatini do not present significant visa overstay concerns and are generally compliant with the terms and conditions of all visa categories. Additionally, the Department of State (DOS) does not have significant fraud concerns associated with visa applications submitted by nationals of Eswatini. DOS believes that adding Eswatini to the H-2 eligible country lists would further strengthen an already strong relationship with the United States. Eswatini continues to be a valued partner and is working closely with DOS on the implementation of

DOS Counterterrorism Bureau's Personal Identification Secure Comparison and Evaluation System (PISCES) to combat transnational crime and improve interdiction capabilities at major border crossings. On August 10, 2022, the United States Ambassador to Eswatini and Government of Eswatini National Commissioner of Police signed a Memorandum of Intent agreeing to move forward with the deployment of PISCES throughout Eswatini. Therefore, adding Eswatini to both the H-2A and H-2B eligible countries lists serves the U.S. interest.

Intent To Request Extension From OMB of One Current Public Collection of Information: TSA Canine Training Center Adoption Application

AGENCY: Transportation Security Administration, DHS.

ACTION: 60-Day Notice.

SUMMARY: The Transportation Security Administration (TSA) invites public comment on one currently approved Information Collection Request (ICR), Office of Management and Budget (OMB) control number 1652-0067, abstracted below, that we will submit to OMB for an extension in compliance with the Paperwork Reduction Act (PRA). The ICR describes the nature of the information collection and its expected burden. The collection involves gathering information from individuals who wish to adopt a TSA canine through the TSA Canine Training Center (CTC) Adoption Program.

DATES: Send your comments by January 9, 2023.

ADDRESSES: Comments may be emailed to TSAPRA@tsa.dhs.gov or delivered to the TSA PRA Officer, Information Technology (IT), TSA-11, Transportation Security Administration, 6595 Springfield Center Drive, Springfield, VA 20598-6011.

FOR FURTHER INFORMATION CONTACT: Christina A. Walsh at the above address, or by telephone (571) 227-2062.

SUPPLEMENTARY INFORMATION:

Comments Invited

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The ICR documentation will be available at <http://www.reginfo.gov> upon its submission to OMB. Therefore, in preparation for OMB review and approval of the following information collection, TSA is soliciting comments to—

(1) Evaluate whether the proposed information requirement is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agency's estimate of the burden;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, including using appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Information Collection Requirement

OMB Control Number 1652-0067; *TSA Canine Training Center Adoption Application*. The TSA Canine Program is a Congressionally-mandated program that operates as a partnership among TSA; aviation, mass transit, and maritime sectors; and State and local law enforcement. TSA operates the CTC Adoption Program in accordance with the Federal Management Regulations.

TSA developed the CTC to train and deploy explosive detection canine teams for TSA and for local, State, and Federal agencies in support of daily activities that protect the transportation domain. Canine teams consist of TSA employees, or local/State law enforcement officers, paired with explosives detection canines. These canine teams are trained on a variety of explosives and screening capabilities based on intelligence data and emerging threats. Canine teams are deployed after successfully undergoing a 10- or 12-week training program.

Of the canines purchased by TSA for purposes of the TSA Canine Program, approximately 83 percent graduate from the training program. These canines are continually assessed to ensure they demonstrate operational proficiency in their environment. The corresponding attrition rate is between 15-18 percent. Attrition arises from canines who do not graduate from the training program and those who successfully graduate, but are

later assessed as not performing at operational proficiency. CTC typically repurposes 42 percent of the canines eliminated from the program to other Federal, State, and local law enforcement agencies.

Canines that attrite out of the program and not repurposed for other government-purposes may be placed for adoption. TSA created the CTC Adoption Program to find suitable individuals or families to adopt the canines and to provide good homes. Individuals seeking to adopt a TSA canine must complete the CTC Adoption Application.

The CTC Adoption Application is an online application that collects personal information from members of the public to determine their suitability to adopt a TSA canine. TSA uses the information collected to evaluate the individual seeking to adopt a TSA canine against program guidelines developed by CTC. The collection includes information about the individual's household, personal references, and current pet and veterinarian information. In addition, the individual must agree to transport the canine home from CTC in San Antonio, Texas, and to provide any necessary medical care, including, but not limited to, heartworm and flea preventives, and annual vaccinations, for the duration of the canine's life. TSA also collects an attestation that all information submitted is true.

TSA estimates that annually 300 individuals will complete the adoption application and that it will take approximately 10 minutes or 0.1666 hours. This will give an estimated annual time burden to the public of 50 hours.

Dated: November 7, 2022.
