Foreword

To the Senate and House of Representatives of the United States of America in Congress Assembled:

The Department of Justice (“Department”) submits the following report on the administration of the Foreign Agents Registration Act of 1938, as amended, 22 U.S.C. § 611 *et seq.* (“FARA” or “the Act”). Section 11 of the Act (22 U.S.C. § 621) requires the Attorney General to report every six months to the Congress concerning the administration of FARA, as well as the nature, sources, and content of informational materials disseminated and distributed by agents of foreign principals registered under the Act. This report covers the administration and enforcement of FARA for the six months ending June 30, 2022.

FARA is a disclosure statute that requires persons in the United States who are acting as agents of foreign principals and engaged in certain specified activities within the United States to register with the Department and to make periodic public disclosure of their relationships with the foreign principals, as well as to disclose activities, receipts, and disbursements in support of those activities. An important purpose served by FARA is to inform the government and the people of the United States of the identity of persons engaging in political activities for or on behalf of foreign governments, foreign political parties, and other foreign principals, so that their statements and activities can be assessed in light of their associations.

Throughout this report are hyperlinks providing direct access to all filings made by each registrant. Hyperlinks may be accessed by clicking on the registrant’s name. These links provide access to the disclosures made by foreign agents, which include activities the foreign agents have engaged in, monies received from and disbursed on behalf of foreign principals, and informational materials disseminated by the foreign agents. Additional search tools are available on the FARA website, <https://www.justice.gov/nsd-fara>.

The text of this report lists, according to geographical location or nationality of applicable foreign principal, all agents who were registered at any time during the first six months of 2022 or who reported for the first time during that period activities, receipts, or disbursements for a previous period. It includes the identities of the agents and their foreign principal(s), a description of the agents' activities, a total figure for monies received, and a listing of all individual foreign agents acting on behalf of foreign principal(s). This report, and information on the activities of foreign agents, can be accessed on the FARA website, which can be reached through the National Security Division ("NSD") website at <https://www.justice.gov/nsd-fara>.

Improvements continue to be made to the FARA computerized records system and website. In response to the Honest Leadership and Open Government Act of 2007, FARA registrants are required to file registration statements and supplements in electronic form. In April 2011, the Department unveiled FARA eFile, a system for the electronic filing of registration statements and supplements. The system enables foreign agents to electronically file documents with the Department. FARA eFile allows registrants to register and pay the required registration fees online, 24 hours a day, seven days a week. The FARA Unit has continued to improve the eFile system, moving to a web-form fillable format for new registrants in September 2019, which streamlines the inputting of information and increases search functionality. Because of these improvements, the information contained in this report is readily available to the public on the FARA website shortly after being submitted to the FARA Unit. Additional information about FARA eFile can be found at <https://www.justice.gov/nsd-fara/fara-efile-frequently-asked-questions>.

Pursuant to regulations that the Department has issued implementing FARA, potential registrants or their counsel may request an advisory opinion regarding the applicability of

FARA. *See* 28 C.F.R. § 5.2. On June 8, 2018, the Department announced the public release of the advisory opinions issued by the Department's FARA Unit since January 1, 2010. *See* <https://www.justice.gov/nsd-fara/advisory-opinions>. By posting these advisory opinions, the Department provides the public with guidance on how it interprets some of FARA's key provisions. The opinions and letters are organized on the website by topic of inquiry or the aspects of the statute they discuss. Any proprietary information, including any information that would identify the parties who made the requests, has been redacted. With the public posting of advisory opinions, and its continued public release of such opinions, the Department has demonstrated its commitment to improving the public's understanding of FARA. During the six-month period from January 1, 2022, to June 30, 2022, the FARA Unit issued three advisory opinions.

The Act does not place any limitations on the political advocacy activities of an agent, and the Department's administration of FARA is not designed or intended to inhibit or discourage the expression of political views in any way. Registration under FARA does not imply recognition by the United States Government of the legitimacy of any particular foreign government or foreign political party. Furthermore, registration does not indicate approval by the United States Government of the activities of registered agents or the content of any informational materials they disseminate.

Statistical Summary

During the six-month period ending June 30, 2022, the Department received 60 new registration statements and terminated 45 registrations. A total of 508 active registrants, representing 789 foreign principals, were on file during the period of January 1, 2022, through June 30, 2022. Individuals acting as officers or employees rendering assistance to a registrant for

or in the interests of its foreign principal filed 439 new short-form registration statements under the Act, bringing the total of short-form registrations to 2,416 during the period of January 1, 2022, through June 30, 2022. There were 143 new agreements with foreign principals reported by agents under the Act, and 113 agreements with foreign principals were terminated during this period.

Pursuant to P.L. 102-395 enacted on October 6, 1992, which authorized the Attorney General to establish fees to recover the cost of administering FARA, \$259,024.00 in fees was received during the six-month period ending June 30, 2022. A total of \$12,279,255.30 was collected between the initiation of the program and June 30, 2022.

Enforcement and Other Significant Actions

In the first half of calendar year 2022, the FARA Unit conducted nine books and records inspections of FARA registrants under its civil administrative authorities.

Under FARA's civil enforcement authorities, on May 17, 2022, the United States filed a civil complaint seeking injunctive and declaratory relief against Stephen A. Wynn, seeking to compel Wynn to register under FARA as an agent of the People's Republic of China (PRC), as required by 22 U.S.C. § 612(a)-(b). *See United States v. Wynn*, No. 22-CV-1372 (D.D.C. May 17, 2022). According to the complaint, in 2017, Wynn contacted the then-President and members of his administration to convey the PRC's request to cancel the visa or otherwise remove from the United States a Chinese businessperson who left China in 2014, was later charged with corruption by the PRC, and sought political asylum in the United States. Wynn allegedly engaged in these efforts at the request of the Vice Minister of the PRC's Ministry of Public Security (MPS). On October 12, 2022, the U.S. District Court for the District of Columbia dismissed the lawsuit as time-barred under binding precedent from the U.S. Court of Appeals for the D.C. Circuit.

Under FARA's criminal enforcement authorities, on March 8, 2022, the United States charged Elena Branson (also known as Elena Chernykh) by criminal complaint for willfully failing to register under FARA, among other offenses. *See United States v. Branson*, No. 22-MAG-2178 (S.D.N.Y. Mar. 8, 2022). According to the criminal complaint, Branson worked for years on behalf of the Russian government and Russian officials to advance Russian interests in the United States, including by coordinating meetings for Russian officials to lobby U.S. political officials and businesspersons and by operating organizations in the United States for the purpose of publicly promoting Russian government policies. Branson departed the United States for Russia in 2020 and remains a fugitive.
