(b)(6), (b)(7)(C) per ICE

Attached is the statement of work and cost analysis for Loudon County Sheriff's Office. They requested the statement of work remain confidential because it outlines their operational posture during the operation. Let me know what else is needed, or what I can do to help facilitate this process.

The sheriff did have questions about the grant process.

Sheriff Chapman is curious about how the grant works in terms of reimbursement. How often are we reimbursed? What is the grant name? Who is the administrator? What data is needed from us to receive reimbursement?

Hi (b)(6), (b)(7)(C) per ICE

Thanks for your patience with this submission. I have received approval to send over the statement of work and financial analysis for your review and submission. We do ask that you keep the statement of work confidential, as it contains some of our operational posture for the operation. Overall, if we maintain our current overtime staffing for the OAW operation, we are requesting a total of (b)(7)(E) per DHS, (b)(4) per ICE to cover our expenditures through the end of September 2022. Please review the attachments and let me know if you need additional information or have any questions.

Sheriff Chapman is curious about how the grant works in terms of reimbursement. How often are we reimbursed? What is the grant name? Who is the administrator? What data is needed from us to receive reimbursement? I'm sure there will be more information to come regarding the process, but if you have a few minutes to fill in any of the details or if you want to chat on the phone for a few minutes, that would be helpful.

Thanks for your help with this and let me know what else is needed to get this across the finish line. Talk soon!

Hi (b)(6), (b)(7)(C) per ICE

Thank you for the follow up on this. We have the financial analysis ready and I just got a copy of the statement of work this afternoon. I'm away this week for training in Richmond, but will review the documentation and get it over to you as soon as possible. I'm glad to hear that the patrols are visible and helping ease concern. I'll be in touch soon. Thanks.

(b) (6)

Good afternoon. I am following up with last weeks conversation. I had a meeting with my supervisor today and she said once we receive the operation plan and cost estimate we can submit that up to DOJ to move the grant process forward.

I also wanted to say that the presence of LCSO is appreciated. The extra patrol cars in the area are visible and I am sure that puts the local community at ease also. Let me know if you need anything from us.

Subject: Threats to school board members

Date: Wed, 12 Jan 2022 01:05:04 +0000

Importance: Normal

Hi Nick,

Following up on our call earlier, highlighted below are the incidents that Reuters asked if we were investigating for their story about threats to school officials. We are providing the following statement and background to them (We also sent this to the Washington Post, they have a separate story tomorrow looking at the fallout at NASB after they sent their letter). Sharing with you the specific incidents that Reuters has identified as potential criminal threats so that your folks can evaluate them in your usual process. I'm going to talk to them on the phone tomorrow and will let you know if they are including any additional incidents in their reporting.

Dena

Statement from a Justice Department spokesperson:

"The Justice Department has no greater responsibility than keeping the American people safe. The Department has taken action in a wide range of contexts to keep the American people safe by preventing violence and threats of violence. These include, among others, efforts to protect the safety of those who are threatened because of the jobs they hold— such as, Members of Congress; election officials and workers; judges; law enforcement officers; prosecutors; flight crews and flight attendants; and school administrators, board members, teachers, and staff. The Justice Department's efforts are aimed at identifying, and, where appropriate, prosecuting violence and threats of violence that violate federal law."

Background attributable to a Justice Department Official:

The Attorney General's memo was implemented as directed, including the requirement for US Attorneys to open lines of communication with local partners within 30 days and the creation of a task force. The department does not comment on potential criminal investigations.

Reuters Questions:

- In his Oct. 4 memo, AG Garland directed the FBI and U.S. Attorney's offices in each judicial district to convene meetings with local leaders to discuss threat response and reporting. Have those meetings taken place, and if so, in how many districts? If not, when will they take place?
- DOJ has also said a new task force would be convened that included U.S. attorneys, the FBI, the national security division and others. Has that task force been created? If so, who are the members? Who is heading that effort? Have they begun meeting yet? If it has not yet been set up, when will that happen? What will be the task force's mandate/scope?
- How many tips have come in on the DOJ's tip line on this issue? Is that the only mechanism through which the DOJ is launching local investigations? If not, is the department reaching out proactively to districts where the threats have been made public or receiving leads on cases directly from local law enforcement?
- Have you coordinated at all with the DHS to investigate any threats against school board members?
- The FBI recently confirmed a new threat tag for those made against school officials/teachers. Has the FBI collected any reports using the new tag? Approximately how many instances? Have any of them led to criminal investigations? If so, how many?

- What is the bar for launching a criminal investigation into some of the behavior/threats that the DOJ has been made aware of?
- Has the FBI or DOJ communicated with local authorities in Pennsbury, PA, where we understand some threatening messages were passed on through your tip line? If so, what is the status of the investigation into tips received from Pennsbury, and why has there been no follow up?
- Has the FBI or DOJ communicated with local officials in Loudoun County, VA, or been involved in investigating threats made against school board members there? Specifically, has the FBI played any role in investigating threats towards school board chair Brenda Sheridan that were made between April 2021 and now?
- The local sheriff's office in Loudoun said they reached a dead end investigating a death threat emailed to Sheridan from (b) (6) on June 23 because it "yielded multiple IP addresses from another part of the United States." The email said, "Brenda, I am going to gut you like the fat fucking pig you are when I find you." Is the FBI investigating, and what progress has been made? Does this fall into the category of threats that you would be able to prosecute, and what resources would you use?
- Has the FBI or DOJ been involved in investigating several instances of harassment of school board member Jennifer Jenkins in Brevard County, Florida, including false child abuse claims filed against her? If so, what have those investigations turned up?
- Has the FBI or DOJ been involved in investigating a threat sent to Seattle school board chair Chandra Hampson on April 20, which read, "You realize how fucking idiotic you look for making those poor kids go thru another door for the sake of homeless that are carrying a sword! Shame on you old cunt, if I find your address you're done for bitch." If so, what's the status of that investigation?
