Overview of the Annual Freedom of Information Act Report and Quarterly FOIA Reports

Agenda

 - Overview of Process and General Guidance
 - Section-by-Section Overview of the Annual Report

- Quarterly FOIA Reports

5 U.S.C. § 552(e)

FOIA requires agencies to submit a report to the Attorney General each year covering the preceding fiscal year.

Statute provides that the Attorney General:

- In consultation with the Director of OMB, shall develop reporting and performance guidelines for these reports, and
- May establish additional requirements for reports that may be useful.

Posting Raw Data

- The raw, statistical data used in the agency's Annual FOIA Report must be made available for public inspection without charge in an electronic, aggregated, searchable format, that may be downloadable in bulk.
- ➤ OIP issued guidance in 2016 on how agencies can meet this requirement.

Open Government Directive

- ➤ Requires agency Annual FOIA Reports to be published in a machine-readable, open format, in addition to the regular human-readable format.
- Accordingly, DOJ requires agencies to provide their data in a specified NIEM-XML format for uniformity and uploading onto FOIA.gov.

Using FOIA.gov to Complete the Annual FOIA Report

- Agencies are required to submit their report to OIP using the FOIA.gov Annual Report Tool.
- Each agency has at least one Agency Manager account holder who will be able to create and submit the agency's report.
- ➤ If agencies require assistance using the FOIA.gov tool, contact OIP.

FOIA.gov Annual Report Tool

- > Has built-in math and logic checks to assist agencies in compiling their data.
- > Generates the charts for the humanreadable version of the report and the machine-readable NIEM-XML.
- Agencies <u>must</u> use the charts produced by the tool as the basis of their human readable reports to ensure consistency between the two versions.

Explains the legal, procedural, and technical requirements for the Annual FOIA Report:

- Chapter I: Describes the scope and overall process for completing the report.
- Chapter II: Provides guidance for FOIA professionals regarding data entry and case management, which also apply to the Annual FOIA Report.
- Chapter III: Provides step-by-step instructions for completing the report in FOIA.gov.

Using Raw Data to Prepare Report

- We encourage agencies to review their raw data before aggregating the metrics for the FOIA.gov Annual Report Tool, to the extent feasible.
- For decentralized agencies, this includes reviewing each component's data.
- ➤ Validating the raw data first, if feasible, reduces discrepancies in the consolidated report.
- Review OIP's Resource for Reviewing Raw Data, posted on OIP's Reports page.

Using Raw Data to Prepare Report

By beginning with the raw data, agencies can:

- Address discrepancies pertaining to individual requests and update the tracking system early in the review process.
- Consolidate and clear the final report more efficiently.
- Improve data quality by identifying requests that need refinement in how they are labeled for tracking and closure.

Using Raw Data to Prepare Report:

Agencies can identify potential corrections earlier in the process, such as:

- Discrepancies in numbers of pending requests, appeals, and consultations across fiscal years
- Perfected dates
- "Other" dispositions used
- Ex. 3 statutes used (see Ex. 3 charts)
- Calculate medians, averages, # of days
- Ensure requests have all applicable data entered

Overview of Process for Fiscal Year 2024

- 1. After September 30, begin verifying your raw data and completing the Annual Report in FOIA.gov.
- 2. Resolve any validation errors in FOIA.gov.
- 3. Submit the draft report to OIP in FOIA.gov by no later than November 12, 2024.
 - Notify OIP by emailing <u>DOJ.OIP.FOIA@usdoj.gov</u> once your agency submits the report.

Overview of Process for Fiscal Year 2023

- 4. Make any necessary corrections resulting from the OIP review process.
- 5. Use the charts provided by OIP to complete the human-readable version of your Annual FOIA Report.

Overview of Process for Fiscal Year 2024

- 6. Before March 1, post both the open format NIEM-XML and human-readable versions of your Annual FOIA Reports on your website and provide the links to OIP for aggregation on DOJ's website.
- 7. Post the raw data for the FY 2024 report on your website. Agencies will be required to provide a link to their raw data in their Chief FOIA Officer Reports.

Scope - Types of Requests

Continue to give incoming requests the potential benefit of access under both the FOIA and the Privacy Act (PA).

Do include PA requests in the Annual Report when FOIA applies. FOIA applies when:

- A search goes beyond PA "system of records," and so involves a FOIA search, <u>or</u>
- PA exemptions apply to the records, so access under the FOIA is considered.

Scope - Types of Requests

Do not include Privacy Act requests in the Annual Report when:

- You do not use the FOIA in any way to process the request.
- You search exclusively within PA "system of records", and you do not claim any PA exemptions.

General Guidance Points for Sections IV – XII

- Ensure accurate data and reliable systems so that the Report is accurate and meaningful.
- ➤ All fields are required, even if your agency does not have data to report in a particular section. Enter N/A or 0 as indicated in the guidance.
- ➤ Carefully follow the directions in the DOJ Annual FOIA Report Handbook.

General Guidance Points for Sections IV – XII

- For processing times and days pending, count days from receipt of a perfected request; use working days, unless otherwise stated.
- Section V of the Report reflects both perfected & non-perfected "purported" requests, whereas Section VII ("Response Time") reflects perfected requests only.

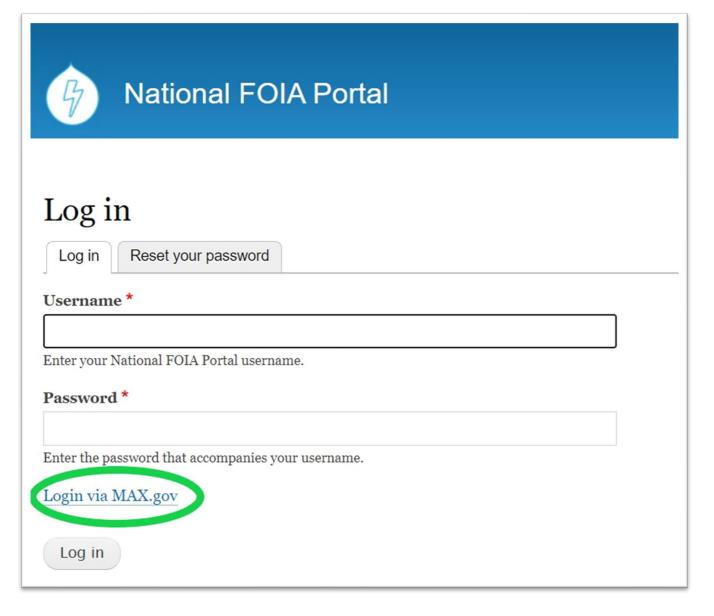

Calculating Agency Overall Data

- Many Agency Overall data points are summed automatically; others must be manually entered.
- > Medians and Averages:
 - Must be true agency overall values. They should not be a "median of medians" or "average of averages."
 - ➤ Medians must be calculated from the raw data.
 - Averages may be calculated from the raw data or use a weighted average.

- Go to admin.foia.gov
- > Log in using Max.gov (PIV or authenticator app)
- ➤ Refer to the Agency Manager Guide for instructions
- > From the Home page you can:
 - Edit your agency's information
 - Create or Upload an Annual Report
 - Create Quarterly Reports
 - See status of existing reports

Logging into the FOIA.gov Tool

Note: All agency users, except National Railroad Passenger Corporation (Amtrak), are required to login via MAX.gov authentication.

- Agencies may "clone" an existing report and automatically or manually clear the old data so components are easily populated throughout each report section.
- Adding Placeholders for Components
 When creating a new blank report, the
 Add Placeholder button allows agencies
 to add all components section-by-section.

- To clone an existing report, please contact OIP. Please follow the instructions in the Handbook carefully to ensure you remove old data.
- ➤ Cloning is most useful for decentralized agencies that cannot upload an XML file.

- ➤ DOJ Annual FOIA Report Handbook includes instructions on how to add placeholders for all components to each section.
- This is useful for agencies building their reports from scratch (not cloning or uploading an XML).

Add placeholders for component data below

Use this button when starting a new report, to quickly add placeholders for all of the components that you have selected in the checkboxes above.

> Split Form View This functionality gives agencies two options for adding or editing data: the "Default" view of all the tabs and a "Split" view, showing each tab individually.

- DOJ Annual FOIA Report Handbook includes instructions on how to view the report in default or split view.
- > Split view is best suited for agencies with a lot of components that experienced significant slowness in adding components, adding Ex. 3 statutes, saving, or otherwise editing data.

Validating and Saving the Report

Submission of Data & Review by OIP

- Agencies must submit their Annual Report to OIP by no later than November 12th.
- Members of OIP's Compliance Team will review the submission and advise agencies of any outstanding issues prior to clearing.

Status and Submitting the Report to OIP

Note: Once a report is "Submitted to OIP" you will not be able to edit the report.

Submission of Data & Review by OIP

- ➤ Once the report has been approved, OIP will provide agencies with the charts for Sections IV through XII of their human-readable report and the final XML file.
- Agencies will then add the first three sections of the human-readable report outlined in the Annual FOIA Report Handbook to the charts and provide the relevant information for those sections.

Completing the Human-Readable Version: Adding Sections I – III of the Report

I. Basic Information Regarding Report

- Provide name, title, address, and telephone number of person(s) to be contacted with questions about the Report.
- Provide an electronic link for access to the Report on the agency FOIA website.
- Explain how to obtain a copy of the Report in paper form.

Completing the Human-Readable Version: Adding Sections I – III of the Report

II. Making a FOIA Request

- Provide Components' contact information for receiving requests.
- Provide description of why some requests are not granted & the general categories of exempt records at the agency.
- Provide electronic link to the agency's FOIA regulations, including the fee schedule.

Completing the Human-Readable Version: Adding Sections I – III of the Report

III. Acronyms, Definitions & Exemptions

- Agency acronyms and definitions of terms used in the Report.
- Concise descriptions of the Exemptions.

Posting the Report

Once cleared by OIP, agencies must post both versions of their Annual Report (NIEM-XML and human-readable) on their FOIA website and send OIP the links to the Reports.

The links will be posted on OIP's website, and the data will be made available on FOIA.gov.

Agencies must maintain previous Reports on their websites for at least seven years.

Tips and Tricks

- > Grey fields are auto-calculated.
- Red tabs/fields mean there is a validation error that needs to be addressed.
- Some validation occurs in real time; some occurs after clicking validate; recommend entering all data before addressing any validation errors.
- ➤ Build a shell report before you start entering data to save time on data entry.
- When editing, suggest making all changes at once, rather than incrementally, to save load time.

If you have any questions regarding this presentation, the Annual FOIA Report Handbook, or the completion of your Annual Report, please contact OIP's Compliance Team.

Quarterly FOIA Reports

Quarterly FOIA Report Guidance

- ➤ OIP issued updated quarterly report guidance in 2021.
- ➤ Guidance provides that Agency Managers now submit their Quarterly Report data directly into FOIA.gov.
- Agencies do not need to post the files on their websites.
- > Overall data points and deadlines remain the same.

- ➤ Previously, agencies entered data into an online generator that provided a .zip file for posting on the agency website.
- Now, agencies enter their data into FOIA.gov and "Submit to OIP."
- > OIP will then "publish" all data after the deadline.

Data points remain the same:

- Number of Ten Oldest Requests Closed for agency overall
- Number of requests received during the reporting period
- Number of requests processed during the reporting period
- Number of requests in an agency's backlog at the end of the reporting period

Quarterly FOIA Report Posting Deadlines

- ➤ Quarter 1: January 31
- ➤ Quarter 2: April 25
- ➤ Quarter 3: July 25
- > Quarter 4: October 31

- Once your data is ready, Agency Managers should log into www.FOIA.gov.
- ➤ Once logged in, select "Create Quarterly FOIA Report Data" on your home page.
- > A new blank quarterly report will appear.

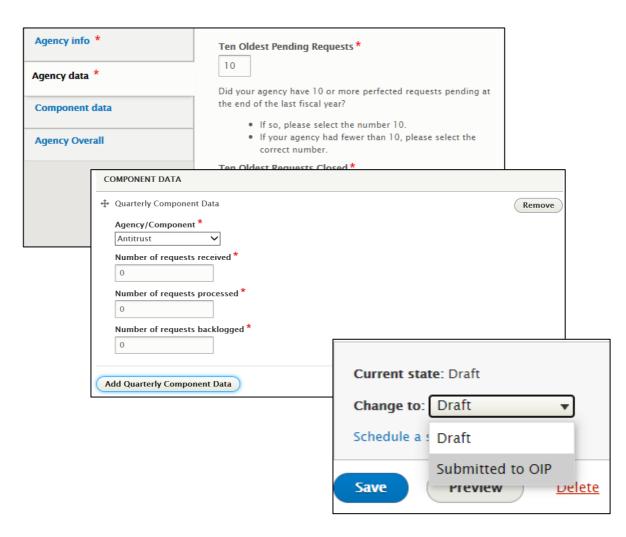

- 1. Enter your agency
- 2. Select components
- 3. Enter Fiscal Year and Quarter
