Subject: [EXTERNAL EMAIL] - Thank you Tonya re: Peters/Portman points you made today!

We might be able to scale down this email list if we head into a busy Cyber Leg Senate Floor Debate next week, but for max awareness I wanted to update you all as follows:

- Nicole T. at NSC leg (b)(5)
Unfortunately (b)(5)
- Thankfully Tonya followed-up to ask (b)(5)
- For background, the CRG is not a cyber leg meeting, but Nicole usually briefs for about a minute at the end of the meeting on things cyber SMEs need to be aware of.
- I'll defer to OLA and OCA on the best way to follow-up with offices like Sen. Schumer's to see what changes we might be able to make based on the timing of all this.
- I'm sure we'll discuss more at the 11am WIDCOPs cyber call tomorrow for those able to / scheduled to attend. Eun Young just told me she should be able to make it.

Thanks all

Hi (b)(6),
Attached is (b)(6), (b)(7)(C) per NSD 1-pager that you can send to NSC Leg now that EYC has cleared. I don't believe there have been any changes since he sent Tues night. I was referring to edits I made to the Redline document that is forthcoming, along with (b)(5)

Sounds like there is consensus to let NSC know our (b)(5) and Redlines advocating for changes are forthcoming. Hopefully they will put those on the fast track and be appreciative we are doing this analysis for them.

National Cyber Director Chris Inglis's office is where we got the heads up on all this.

OK with me Richard because that will at least alert the NSC we've done a ton of work on this, (b)(5) per NSD
(b)(6). We can send the other 2 docs (described below) to Congress if they are also cleared by NSC.

The cyber leg working group is finalizing 2 other docs that will be helpful: (b)(5) and (2) specific Redline changes to the bill with comments.

Btw, here is my take on why Sen. Schumer is allocating Floor time, which I learned about yesterday, and sent to (b)(6) and others in OLA, FYI:

- (b)(5) per NSD
(b)(6)
- (b)(6)

So yes, we need the NSC to clear these materials quickly for us and have an engagement plan. Perhaps National Cyber Director Chris Inglis can help (b)(5) per NSD .

My 2 cents.

Thanks all, (b)(6) per NSD

Good evening:

I was out of the office this afternoon and just seeing these emails. I checked in again with NSC Leg this morning about the cyber incident reporting bill, including if they had any updates, if it still was expected to be part of the Omnibus, and if it would be forwarded through clearance for comment, as noted previously. They did not have updates for me this morning. That is kind of (b) (5)

Thanks for the quick write-up (b) (6), (b) (7)(C). As we discussed, you flagged some of the main concerns I have as well from my read so far.

EYC / (b) (6), (b) (7)(C) – for awareness – and a potential 1-pager – the 3 main core concerns we have been worried about for about 6-8 months now remain, as I tried to group them / summarize below using (b) (6), (b) (7)(C) per analysis.

(b)(5) per NSD ?

(b) (6) / OCA – is this new Peters bill a trial balloon or do you know if Senate or House leadership plans to put it into the funding bill(s) that will come up soon?

Thanks all
