Re: Enforcement of the Protecting Americans from Foreign Adversary Controlled Applications Act

Dear Mr. Levey:

Article II of the United States Constitution vests in the President the responsibility over national security and the conduct of foreign policy. The President has determined that an abrupt shutdown of the TikTok platform would interfere with the execution of the President's constitutional duties to take care of the national security and foreign affairs of the United States. *See* Executive Order.¹ The Acting Attorney General has concluded that the Protecting Americans from Foreign Adversary Controlled Applications Act (the "Act") is properly read not to infringe upon such core Presidential national security and foreign affairs powers.

The Executive Order instructs the Department of Justice not to take any action on behalf of the United States to enforce the Act for any conduct that (i) occurred during the period of time from January 19, 2025, to the date of the Executive Order, and (ii) occurs during a period of 75 days from January 20, 2025. Consistent with the Executive Order, the Department of Justice will take no action to enforce the Act or impose any penalties against Oracle for any conduct occurring from January 19, 2025, through April 5, 2025 (the "Covered Period").

The Executive Order also directs "the Attorney General to issue a letter to each provider stating that there has been no violation of the statute and that there is no liability for any conduct that occurred during the above-specified period, as well as for any conduct from the effective date of the Act until the issuance of this Executive Order." Based on the Acting Attorney General's review of the facts and circumstances, Oracle has committed no violation of the Act and Oracle has incurred no liability under the Act during the Covered Period. Oracle may continue to provide internet hosting services to TikTok as contemplated by the Executive Order without violating the Act, and without incurring any legal liability.

Finally, because the Act vests authority for investigations and enforcement of the Act only in the Attorney General, the Department of Justice intends to take all necessary actions to implement the President's Executive Order and guard the Attorney General's exclusive authority

Letter from K. Adams - Feb 8 2025.pdf

January 8, 2025

The Honorable Pam Bondi
Attorney General of the United States
U.S. Department of Justice
Washington, DC

Dear Attorney General Bondi:

I write on behalf of Apple regarding Executive Order No. 14166, Application of Protecting Americans From Foreign Adversary Controlled Applications Act To TikTok ("the Executive Order"), and the letter that Apple received from Acting Attorney General James R. McHenry III on January 30, 2025 (the "Attorney General letter"). Apple has at all times remained in full compliance with the Protecting Americans From Foreign Adversary Controlled Applications Act ("the Act").

We appreciate and take great comfort in the assurances from the Executive Order and the Attorney General letter confirming that the Department of Justice will not enforce the Act, and that Apple has committed no violation nor incurred liability under the Act for conduct occurring from January 19, 2025, through April 5, 2025 (the "Covered Period"). We would appreciate your consideration of additional assurances that Apple would face no enforcement or liability should Apple decide to restore TikTok (and other ByteDance applications ("apps")) to the App Store and to maintain TikTok and ByteDance apps for users who continue to have such apps on their Apple products.

First, we request written confirmation that you are invoking the Attorney General's broad authority to settle and release claims—deriving from your enforcement authority under the statute and your broad authority to settle and release claims on behalf of the United States in the interests of justice.¹ And further confirm that through this authority you are irrevocably relinquishing any claims the United States might have against Apple for the conduct proscribed in the Act during the Covered Period.

¹ *The Attorney General's Role as Chief Litigator for the United States*, 6 Op. O.L.C. 47, 59-60 (1982); *Authority of the United States to Enter Settlements Limiting the Future Exercise of Executive Branch Discretion*, 23 Op. O.L.C. 1, 1 (1998).

Second, we believe our reliance on the Attorney General letter will be strengthened if you could provide confirmation that the views expressed in the Executive Order and the Attorney General letter are consistent with the views of the Office of Legal Counsel.

Third, while the Executive Order and the DOJ letter focus only on the TikTok app, we would also appreciate written confirmation that you intended to cover both TikTok and the larger family of ByteDance and TikTok, Inc., apps in your confirmation of no violation and no liability for actions taken during the Covered Period.

And, finally, we would like to confirm our ability to consult with the U.S. Department of Justice to seek additional assurances throughout, and, more importantly, at the end of the Covered Period contemplated by the Executive Order.

We appreciate your consideration of these suggestions. We would be happy to discuss any of our compliance and any of these requests at your convenience.

Sincerely,

A handwritten signature in black ink, appearing to read "Kate Adams", written in a cursive style.

Dear Attorney General Bondi,

Thank you. I am confirming receipt of the letter attached below. We have two requests for clarification, which we are hoping can be incorporated in a new version of the letter to be shared with Apple today, or a written confirmation today that a revised letter with these revisions will be forthcoming.

First, the third paragraph of the letter confirms that "Apple Inc. has committed no violation of the Act and Apple Inc. has incurred no liability under the Act during the Covered Period or the Extended Covered Period." This conclusion omits actions Apple may take during the Further Extended Covered Period, as defined by the letter. We would request that this language include the Further Extended Covered Period as well.

Second, in the second-to-last paragraph, the letter notes that the Department of Justice is "irrevocably relinquishing any claims the United States might have had against Apple Inc. for the conduct proscribed in the Act during the Covered Period and Extended Covered Period, with respect to TikTok and the larger family of ByteDance Ltd. and TikTok, Inc. applications covered under the Act." Again, this language omits claims that could arise during the Further Extended Covered Period. We would request inclusion of that additional time period in this provision as well.

Given the exposure, we request that you confirm our understanding in writing today and issue a corrected letter. Please confirm receipt and let me know if this correction will be possible today. In the absence of a clarification we will be obligated to remove the TikTok app from the AppStore by midnight tonight EST.

Kind regards,

Kate Adams

**Re: Enforcement of the Protecting Americans from Foreign Adversary
Controlled Applications Act**

Dear Mr. Ahola:

Article II of the United States Constitution vests in the President the responsibility over national security and the conduct of foreign policy. The President previously determined that an abrupt shutdown of the TikTok platform would interfere with the execution of the President's constitutional duties to take care of the national security and foreign affairs of the United States. *See* Executive Order 14166. The Attorney General has concluded that the Protecting Americans from Foreign Adversary Controlled Applications Act (the "Act") is properly read not to infringe upon such core Presidential national security and foreign affairs powers.

Executive Order 14166 instructed the Department of Justice not to take any action on behalf of the United States to enforce the Act for any conduct that occurred during the period of time from January 19, 2025 through April 5, 2025 (the "Covered Period"). Pursuant to the President's responsibility to protect national security and to conduct foreign policy, the President determined that an extension of the Covered Period to June 19, 2025, was appropriate and signed a subsequent Executive Order to effectuate that determination (the "Extended Covered Period"). *See* Executive Order 14258, *Extending The TikTok Enforcement Delay* (April 4, 2025). The President determined that a further extension up to and including September 17, 2025 was appropriate (the "Further Extended Covered Period") and signed a subsequent Executive Order to effectuate this determination. *See* Executive Order 14310, *Further Extending The TikTok Enforcement Delay* (June 19, 2025).

The President determined that another further extension up to and including December 16, 2025, is appropriate (the "Additional Further Extended Covered Period") and has signed a subsequent Executive Order to effectuate this determination. *See* Executive Order 14350, *Further Extending the TikTok Enforcement Delay* (September 16, 2025). In the Executive Order signed on September 16, 2025, the President directed the Attorney General to "issue a letter to each provider stating that there has been no violation of the statute and that there is no liability for any conduct that occurred during" the Additional Further Extended Covered Period as well as for any conduct from the effective date of the Act. On September 16, 2025, the Attorney General issued such a letter to Akamai Technologies.

The President has determined that another further extension up to and including January 23, 2026, is appropriate (the “Framework Agreement Covered Period”) and has signed a subsequent Executive Order to effectuate this determination. *See* Executive Order 14352, *Saving TikTok While Protecting National Security* (September 25, 2025). In the Executive Order signed on September 25, 2025, the President directed the Attorney General to “issue a letter to appropriate providers stating that there has been no violation of the Act and that there is no liability for any conduct that occurs during” the Framework Agreement Covered Period as well as for any conduct from the effective date of the Act. Based on the Attorney General’s review of the facts and circumstances, Akamai Technologies has committed no violation of the Act and Akamai Technologies has incurred no liability under the Act during the Covered Period, the Extended Covered Period, the Further Extended Covered Period, the Additional Further Extended Covered Period, and the Framework Agreement Covered Period. Akamai Technologies may continue to provide services to TikTok as contemplated by these Executive Orders without violating the Act, and without incurring any legal liability.

The Department of Justice is also irrevocably relinquishing any claims the United States might have had against Akamai Technologies for the conduct proscribed in the Act during the Covered Period, Extended Covered Period, Further Extended Covered Period, Additional Further Extended Covered Period, and the Framework Agreement Covered Period with respect to TikTok and the larger family of ByteDance Ltd. and TikTok, Inc. applications covered under the Act. This is derived from the Attorney General’s plenary authority over all litigation, civil and criminal, to which the United States, its agencies, or departments, are parties, as well as the Attorney General’s authority to enter settlements limiting the future exercise of executive branch discretion.

Finally, because the Act vests authority for investigations and enforcement of the Act only in the Attorney General, the Department of Justice intends to take all necessary actions to implement the President’s Executive Orders and guard the Attorney General’s exclusive authority to enforce the Act, to include filing amicus briefs, statements of interest or intervening in litigation.

Sincerely,

In the Executive Order signed on September 25, 2025, the President directed the Attorney General to “issue a letter to appropriate providers stating that there has been no violation of the Act and that there is no liability for any conduct that occurs during” the Framework Agreement Covered Period as well as for any conduct from the effective date of the Act. Based on the Attorney General’s review of the facts and circumstances, Fastly, Inc. has committed no violation of the Act and Fastly, Inc. has incurred no liability under the Act during the Covered Period, the Extended Covered Period, the Further Extended Covered Period, the Additional Further Extended Covered Period, and the Framework Agreement Covered Period. Fastly, Inc. may continue to provide services to TikTok as contemplated by these Executive Orders without violating the Act, and without incurring any legal liability.

Finally, because the Act vests authority for investigations and enforcement of the Act only in the Attorney General, the Department of Justice intends to take all necessary actions to implement the President’s Executive Orders and guard the Attorney General’s exclusive authority to enforce the Act, to include filing amicus briefs, statements of interest or intervening in litigation.

**Re: Enforcement of the Protecting Americans from Foreign Adversary
Controlled Applications Act**

Dear Mr. Palmer:

Article II of the United States Constitution vests in the President the responsibility over national security and the conduct of foreign policy. The President previously determined that an abrupt shutdown of the TikTok platform would interfere with the execution of the President's constitutional duties to take care of the national security and foreign affairs of the United States. *See* Executive Order 14166. The Attorney General has concluded that the Protecting Americans from Foreign Adversary Controlled Applications Act (the "Act") is properly read not to infringe upon such core Presidential national security and foreign affairs powers.

Executive Order 14166 instructed the Department of Justice not to take any action on behalf of the United States to enforce the Act for any conduct that occurred during the period of time from January 19, 2025 through April 5, 2025 (the "Covered Period"). Pursuant to the President's responsibility to protect national security and to conduct foreign policy, the President determined that an extension of the Covered Period to June 19, 2025, was appropriate and signed a subsequent Executive Order to effectuate that determination (the "Extended Covered Period"). *See* Executive Order 14258, *Extending The TikTok Enforcement Delay* (April 4, 2025). The President determined that a further extension up to and including September 17, 2025 was appropriate (the "Further Extended Covered Period") and signed a subsequent Executive Order to effectuate this determination. *See* Executive Order 14310, *Further Extending The TikTok Enforcement Delay* (June 19, 2025).

The President determined that another further extension up to and including December 16, 2025, is appropriate (the "Additional Further Extended Covered Period") and has signed a subsequent Executive Order to effectuate this determination. *See* Executive Order 14350, *Further Extending the TikTok Enforcement Delay* (September 16, 2025). In the Executive Order signed on September 16, 2025, the President directed the Attorney General to "issue a letter to each provider stating that there has been no violation of the statute and that there is no liability for any conduct that occurred during" the Additional Further Extended Covered Period as well as for any conduct from the effective date of the Act. On September 16, 2025, the Attorney General issued such a letter to Microsoft Corporation.

The President has determined that another further extension up to and including January 23, 2026, is appropriate (the “Framework Agreement Covered Period”) and has signed a subsequent Executive Order to effectuate this determination. *See* Executive Order 14352, *Saving TikTok While Protecting National Security* (September 25, 2025). In the Executive Order signed on September 25, 2025, the President directed the Attorney General to “issue a letter to appropriate providers stating that there has been no violation of the Act and that there is no liability for any conduct that occurs during” the Framework Agreement Covered Period as well as for any conduct from the effective date of the Act. Based on the Attorney General’s review of the facts and circumstances, Microsoft Corporation has committed no violation of the Act and Microsoft Corporation has incurred no liability under the Act during the Covered Period, the Extended Covered Period, the Further Extended Covered Period, the Additional Further Extended Covered Period, and the Framework Agreement Covered Period. Microsoft Corporation may continue to provide services to TikTok as contemplated by these Executive Orders without violating the Act, and without incurring any legal liability.

The Department of Justice is also irrevocably relinquishing any claims the United States might have had against Microsoft Corporation for the conduct proscribed in the Act during the Covered Period, Extended Covered Period, Further Extended Covered Period, Additional Further Extended Covered Period, and Framework Agreement Covered Period with respect to TikTok and the larger family of ByteDance Ltd. and TikTok, Inc. applications covered under the Act. This is derived from the Attorney General’s plenary authority over all litigation, civil and criminal, to which the United States, its agencies, or departments, are parties, as well as the Attorney General’s authority to enter settlements limiting the future exercise of executive branch discretion.

Finally, because the Act vests authority for investigations and enforcement of the Act only in the Attorney General, the Department of Justice intends to take all necessary actions to implement the President’s Executive Orders and guard the Attorney General’s exclusive authority to enforce the Act, to include filing amicus briefs, statements of interest or intervening in litigation.

Sincerely,
