(U) National Crisis Coordination Center Update: Preventing Violence and Criminal Activity, January 2021

1900 6 JANUARY 2021

(U//~~LES~~) This update was compiled by the Joint Inter-Agency National Crisis Coordination Center in the FBI Strategic Information Operations Center. Information is accurate as of 1500 EST on 6 January 2021. The following agencies contributed to the development of this SITREP: ATF, DOD, DOJ, DHS, and USMS. Responses provided after the cut-off time will be included in the next SITREP.

(U) The information marked (U//LES) in this document is the property of the FBI and may be distributed within the Federal Government (and its contractors), U.S. intelligence, law enforcement, public safety or protection officials, and individuals with a need to know. Distribution beyond these entities without FBI authorization is prohibited. Precautions should be taken to ensure this information is stored and/or destroyed in a manner that precludes unauthorized access. Information bearing the LES caveat may not be used in legal proceedings without first receiving authorization from the originating agency. Recipients are prohibited from subsequently posting the information marked LES on a website or an unclassified network.

(U//~~LES~~) Under FBI policy and federal law, no investigative activity may be based solely on First Amendment activity. The FBI does not investigate, collect, or maintain information on U.S. persons solely for the purpose of monitoring activities protected by the First Amendment. Moreover, the FBI will "maintain no record describing how an individual exercises rights guaranteed by the First Amendment unless expressly authorized by statute or by the individual about whom the record is maintained or unless pertinent to and within the scope of an authorized law enforcement activity." Privacy Act of 1974, section (e)(7).

(U//~~LES~~) DIOG Appendix L further restricts the collection of information regarding First Amendment protected activity: the FBI may only collect information relating to the exercise of a First Amendment right if (1) the collection is logically related to an authorized investigative purpose, (2) the collection does not materially interfere with the ability of an individual or a group to engage in the exercise of constitutionally protected rights, and (3) the method of collection is the least intrusive alternative that is reasonable, based upon the circumstances of the investigation. (b)(7)(E) per FBI

(U//~~LES~~) Within this legal, and policy framework, the information requested from field offices in this communication is intended to provide timely information to appropriate law enforcement and/or public safety personnel who are authorized to protect facilities, personnel, and the public from imminent threats of violent and/or criminal activity. This document is meant as a summary of significant investigative highlights and NOT as a comprehensive review of ongoing investigations. The information contained in this communication is NOT to be incorporated into any formal or informal written document nor further disseminated without the authorization of the FBI Headquarters, SIOC. Unauthorized use of this information may jeopardize sensitive national security and/or criminal investigations, result in the possible identification and/or physical harm of human sources, or create undue notification into the FBI's interest of intended targets.

(U) This communication is intended to provide timely information to appropriate law enforcement and/or public safety personnel who are authorized to protect facilities, personnel, and the public from imminent threats of violent and/or criminal activity. It is related to and within the scope of an authorized law enforcement investigation or investigative activity. Under FBI policy and federal law, no investigative activity may be based solely on First Amendment activity. The FBI does not investigate, collect, or maintain information on U.S. persons solely for the purpose of monitoring activities protected by the First Amendment.

Given that we're now passed 12/21/20 (or 21/12/20, as our European friends would say), doesn't the following language in para. 3 need to be updated?:

Without decisive action, on 21 December 2020 internet-based messaging services and e-mail services captured by the European Electronic Communications Code's (EECC) new, broader definition of 'electronic communications services' will be covered by the ePrivacy Directive.

Rich/John,

Several weeks ago, during staff meeting, I mentioned that our Five Eyes partners were working on a letter to address the impending EU EPrivacy derogation. Ministers from all Five Eyes countries (including AG Barr and Acting Secretary Wolf) signed off on the letter. Because of ongoing Brexit negotiations, the UK was uncomfortable publishing the letter before Christmas. The UK has advised they are ready to move forward with publishing the letter. I have attached a copy for your review. Please advise whether the Acting AG is comfortable signing onto this letter on behalf of DOJ. It would be highly valuable if he was willing to sign. Please let me know if you have any questions.

UNCLASSIFIED // LAW ENFORCEMENT SENSITIVE

Good morning Mr. Secretary and senior leaders. Please find below this morning's summary of civil unrest. Washington, DC and Portland OR were the only locations that experienced unrest. Kenosha, WI remained peaceful despite the Kenosha District Attorney announcing on Tuesday there will be no charges made against the police officer involved in an August 2020 domestic incident response shooting.

BLUF: There were NO incidents of criminal or illegal activity directed at federal facilities or personnel and NO events where DHS law enforcement were deployed.

Washington, DC: In DC, approximately 3,000 gathered in Freedom Plaza during the day and into the night. Speakers addressed the crowd and protests remained peaceful until dark. The crowd began to dissipate after dark, but there were numerous altercations near BLM plaza. MPD deployed pepper spray while keeping opposing groups separated during the march / demonstration.

- MPD made at least six arrests during the unrest. Two were for firearm charges, two for possession of carrying unregistered ammunition / magazines, one for simple assault, and one for possession of a prohibited weapon (taser).
- There were no reported injuries.

Roughly 26 demonstration permits were approved by the US Park Police for 5 to 7 January including Freedom Plaza, Washington Monument, the National Mall Area and the Capitol. Permit application estimates indicate there could be approximately 30,000 people in attendance. At least 55 additional demonstrations have been mentioned on social media for 6 January, but it is unclear whether any are permitted, or if they are subgroups associated with larger demonstrations. Committed attendees for these smaller events appears to be minimal.

POTUS is scheduled to speak at 1100 EST 6 January at a permitted Women for America First event to be held on the White House Ellipse. Per National Park Service, expected attendance is around 5,000 participants. The event is scheduled from 0900 to 1200 EST; USPP is the lead federal agency for the event and USSS is in support.

Portland, OR: About 50 people marched to the Portland Police Bureau (PPB) North Precinct. Violent Opportunists threw glass bottles, paint and other objects toward police, blocked traffic with two dumpsters lit on fire, spray-painted graffiti on multiple store fronts, damaged police vehicle tires using spikes, and repeatedly moved temporary fencing in place outside the precinct.

- PPB deployed several times to clear roads, restore the fencing, and keep agitators back from the precinct entrance.
- PPB gave several warnings and made five arrests but did not declare an unlawful assembly or use non-lethal munitions.
- There were no reported injuries.

The FPS force laydown in Portland for Tuesday evening was 42 (n/c).

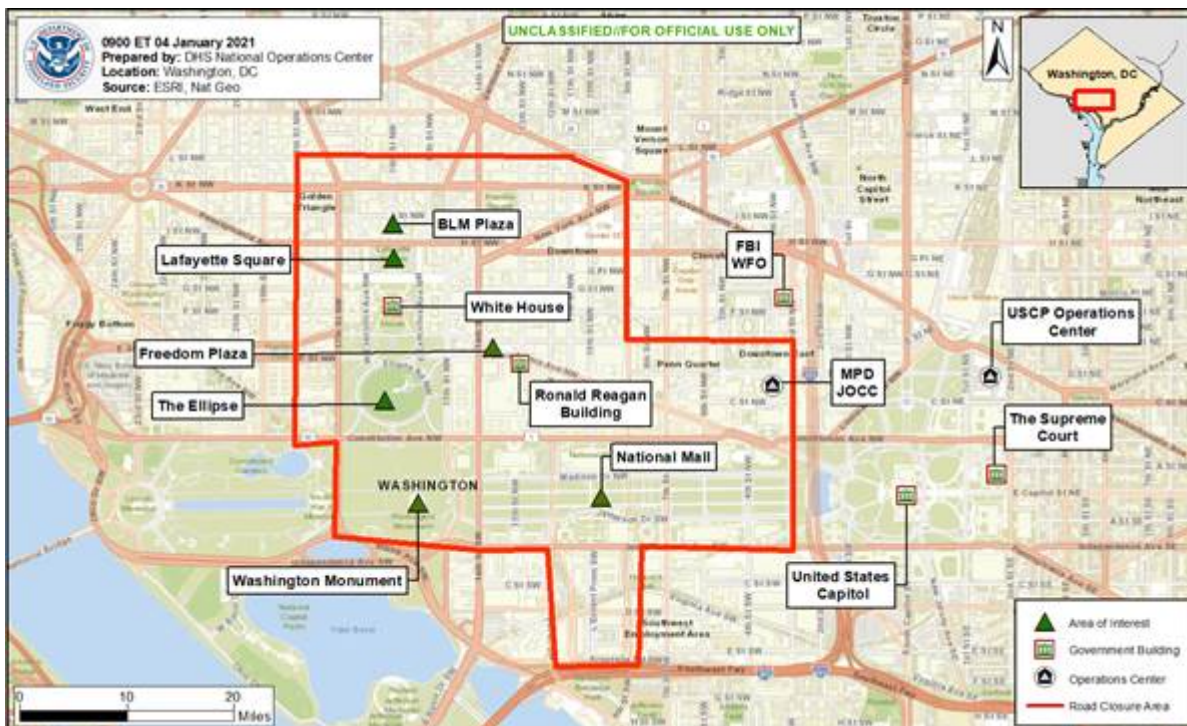

Kenosha, WI: The Kenosha District Attorney announced there will be no charges made against the police officer involved in a 23 Aug 2020 domestic incident response shooting. Ensuing demonstrations remained peaceful, peaking at around 60 protesters.

There are (b)(7)(E) DHS National Guard Personnel in GA, WI and DC who remain activated or on standby for civil unrest. The DC National Guard has activated (b)(7)(E) of the planned (b)(7)(E) personnel, with additional activations possible today.

As of today, DHS OPS and National Operations Center coordinated with Federal departments and agencies to identify any additional precautionary actions for enhanced security postures and stood up the DHS Virtual Situation Room effective 0600 EST, 5 Jan to facilitate department and interagency communication and coordination. There are currently no unmet needs.
