THE UNITED STATES OF AMERICA
AND

Because the County receives financial assistance from the Department of Justice, the review was also conducted under the authority of section 504 of the Rehabilitation Act of 1973, 29 U.S.C. § 794, and the Department of Justice's implementing regulation, 28 C.F.R. Part 42, Subpart G.

The Disability Rights Section of the Department of Justice's Civil Rights Division conducted this review of the County's compliance with the following title II requirements:

The ILA must act independently to certify whether any alterations, additions, or modifications made by the County during the term of this Agreement comply with the applicable standard pursuant to 28 C.F.R. § 35.151(c) and the Appendix to 28 C.F.R. § 35.151(c). The County will bear all costs and expenses of retaining and utilizing the ILA, including the costs and expenses of any consultants and staff. The County will compensate this ILA without regard to the outcome.
12. In issuing certifications pursuant to this Agreement, the ILA will impartially prepare reports with photographs identifying that the violation has been remediated and will use the certification form at Attachment O. The ILA will be considered a neutral inspector for purposes of issuing certifications of compliance and will be reasonably available to the United States to discuss findings in the reports, photographs, and certifications. The United States may also, in its discretion, provide technical assistance to the ILA throughout the term of this Agreement. Upon request by the United States, the County will provide prior notice to the United States of inspections by the ILA to allow representatives of the United States to be present.
13. The County will submit ILA certifications along with its reporting requirements as set forth in this Agreement.

C. GRIEVANCE PROCEDURE

14. The County has adopted the attached ADA Grievance Procedure, Attachment B, and will redistribute it to all of its agencies, and post copies of it in conspicuous locations in each of its public buildings. D. GENERAL EFFECTIVE COMMUNICATION PROVISIONS

15. Within three (3) months of the effective date of this Agreement, the County will identify sources of qualified sign language and oral interpreters, qualified readers, real-time transcription services, and vendors able to put documents in Braille. Within this time the County will implement and report to the United States its written procedures, with time frames, for fulfilling requests for sign language or oral interpreters, qualified readers, real-time transcription services, and documents in alternate formats, including Braille, large print, cassette tapes, and accessible electronic format (*e.g.*, HTML).
16. The County will ensure that all appropriate employees are trained and practiced in using Washington Relay Service to make and receive calls, and report to the United States the details of the trainings and employees trained.

18. Within twelve (12) months of the effective date of this Agreement, the County will develop written procedures for answering 911 calls that include training all call takers to use a TTY or computer equivalent to take 911 calls, to recognize a "silent" open line as a potential TTY call and respond by analog TTY or computer equivalent, and to ensure that TTY calls are answered as quickly as other calls received. The County will monitor its incoming 911 TTY calls to ensure it answers them as quickly and accurately as other calls received, and will send the written procedures and details of the monitoring to the United States, or will provide sufficient evidence that its computerized system ensures that TTY calls are answered as quickly as other calls received.
19. Within twelve (12) months of the effective date of this Agreement, the County will incorporate correct TTY call-taking procedures into 911 call takers' performance evaluations.

22. Within six (6) months of the effective date of this Agreement, the County will equip each sheriff station and each jail with a sufficient number of working TTYs and videophones, but no fewer than one (1) of each, to enable people who are deaf, hard of hearing, or who have speech impairments to make telephone calls of the same frequency and with the same availability as those people who do not use TTYs or videophones. Where telephone calls are time-limited, the County will adopt policies permitting a longer period of time for individuals using a TTY, videophone, or relay service due to the slower nature of these communications as compared to voice communications. If any person who is deaf, hard of hearing, or who has a speech impairment prefers a different method of communication, such as a captioned telephone or computer, the County will make reasonable efforts to provide the communication device requested.

G. EMERGENCY MANAGEMENT PROCEDURES AND POLICIES

23. The County's Emergency Operations Plan (EOP) must comply with the ADA. The County will use Chapter 7 of the Department of Justice's *ADA Best Practices Tool Kit for State and Local Government (ADA Tool Kit)* to address ADA obligations of emergency management, including planning, preparedness, evacuation, shelters, medical and social services, lodging and housing programs, recovery, and rebuilding.
24. Within twelve (12) months of the effective date of this Agreement, the County will incorporate the provisions of Chapter 7 of the *ADA Tool Kit* into its EOP and provide a copy (including supporting documents) to the United States.
25. The County's EOP will include the following:
 - a. procedures to solicit, receive, and use input from people with a variety of disabilities on its emergency management plan (preparation, notification, response, and clean-up);
 - b. community evacuation plans to enable people who have mobility disabilities, are blind or have low vision, are deaf or hard of hearing, have cognitive disabilities, mental illness, or other disabilities to safely self-evacuate or be evacuated by others;
 - c. if its emergency warning system uses sirens or other audible alerts, then procedures to effectively inform people who are deaf or hard of hearing of an impending disaster;
 - d. a requirement that emergency shelters have a back-up generator and a way to keep medications refrigerated (such as a refrigerator or a cooler with ice). Access to back-up power and refrigeration at such shelters will be made available to people whose disabilities require access to electricity and refrigeration, for example, for using life-sustaining medical devices, providing power to motorized wheelchairs, and preserving certain medications, such as insulin, that require refrigeration. The written procedures will include a plan for notifying people of the location of such shelters;
 - e. procedures ensuring that people who use service animals are not separated from their service animals when sheltering during an emergency, even if pets are normally prohibited in shelters. The procedures will not segregate people who use service animals from others but may take into account the potential presence of people who, for safety or health reasons, should not be in contact with certain types of animals; and
 - f. plans for providing equivalent opportunities for accessible post-emergency temporary housing to people with disabilities. The County will ensure that information it makes available regarding temporary housing includes information on accessible housing (such as accessible hotel rooms within the community or in nearby communities) that could be used if people with disabilities cannot immediately return home after a disaster if, for instance, necessary accessible features such as ramps or electrical systems have been compromised.

H. PHYSICAL CHANGES TO EMERGENCY SHELTERS

26. Some County emergency shelters may be owned or operated by other public entities subject to title II or by public accommodations subject to title III and therefore they must provide program access or remove barriers to accessibility under the ADA. This Agreement does not limit future enforcement action against the owners or operators of these emergency shelters.
27. Within three (3) months of the effective date of this Agreement, the County will request in writing that each of the owners and operators of the shelter facilities within the County will remove the noted barriers to access for people with disabilities. The request will specify that the remediation be completed within one (1) year of the effective date of this Agreement. The County will simultaneously send a courtesy copy of the request to the United States.
28. Within one (1) year of the effective date of this Agreement, the ILA will survey the shelters within the County to determine whether the noted barriers have been removed. If not all barriers have been removed, the County will identify within twenty-four (24) months of the effective date of this Agreement an appropriate number of alternate accessible shelters as confirmed by the ILA using the survey instrument entitled ADA Checklist for Emergency Shelters, Attachment N.
29. Within three (3) months of the effective date of this Agreement and until all emergency shelters are accessible as confirmed by the ILA, the County will identify and widely publicize to the public and to people with disabilities the most accessible emergency shelters.

In other circumstances, qualified sign language or oral interpreters are needed to communicate effectively with people who are deaf or hard of hearing. The more lengthy, complex, and important the communication, the more likely it is that a qualified interpreter will be required for effective communication with a person whose primary means of communication is sign language or speech reading.

- c. If the County's Domestic Violence Programs operate a hotline to take telephone calls of an emergency nature, the County shall ensure that it provides equivalent service for people who use TTYs, including providing direct-connection service for TTY users with hotline operators, without requiring TTY users to call through a third party operator, such as through the state or local Telecommunication Relay Services. The County will obtain the necessary equipment, establish the written procedures, and provide the training necessary to ensure effective communication by hotline staff with direct-connection callers using TTYs, as well as the training necessary to respond to callers who use the Telecommunication Relay Services.
- d. The County shall have the ILA survey all facilities used as shelters or designated as potential shelters (or for counseling, job training, education, clothing or household provisioning, or other aspects of Domestic Violence Programs) to ensure that adequate arrangements are available for potential clients and family members with disabilities, including adults and children who have mobility impairments, who are blind or have low vision, and who are deaf or hard of hearing. Within two (2) years of the effective date of this Agreement, the County shall modify each such facility to remove the barriers or, alternatively, procure another, fully accessible facility to ensure that potential clients and family members with disabilities have integrated options when participating in a sheltering or other Domestic Violence Program. Nothing in this Agreement requires any modifications that would compromise the confidentiality of a shelter or counseling center. Until there is a sufficient stock of accessible housing and other facilities within the sheltering program, the County will implement written procedures ensuring that it has identified temporary accessible housing (such as accessible hotel rooms within the community or in nearby communities) and other facilities that could be used if people with disabilities need sheltering or inservice access to a Domestic Violence Program. The cost to potential clients of being housed or otherwise served in alternate accessible facilities shall not exceed any costs normally attributed to clients of the County's Domestic Violence Programs.
- e. The County shall implement written procedures and modify, as appropriate, eligibility criteria, to ensure that no person with a disability is turned away from a shelter or otherwise denied the opportunity to benefit from the services of the County's Domestic Violence Programs on the basis of disability.
- f. The County shall implement written procedures to ensure that people with disabilities who use service animals are not denied or discouraged from participating in Domestic Violence Programs, are able to be housed and served in an integrated environment, and are not separated from their service animals while participating in the County's Domestic Violence Programs even if pets are normally not permitted in the facilities where such programs are conducted. The procedures will not unnecessarily segregate people who use service animals from others but may take into account the potential presence of people who, for safety or health reasons, should not be in contact with certain types of animals. If the County's Domestic Violence Programs require clients to make any payments for shelter or other services they provide, clients shall not be required to make additional payments because they or their family members use service animals.

- g. The County shall implement written procedures to ensure that reasonable modifications are made to the County's Domestic Violence Programs when necessary for a client or family member with a disability to participate in such programs, unless doing so would fundamentally alter the nature of the program.
 - h. The County shall implement written policies to ensure that despite any "drug-free" policy of the County's Domestic Violence Programs, people with disabilities who use medication prescribed for their use are able to continue using such medication while participating in such programs or being housed in a shelter.
- 51. If the County contracts with another entity to provide Domestic Violence Programs, it will ensure that the other entity complies with the preceding provisions on its behalf. If that entity will not comply with the preceding provisions, the County will nonetheless take all necessary steps to ensure that its program is accessible to people with disabilities.
 - 52. Some of the County's shelters may be owned or operated by other public entities subject to title II or by public accommodations subject to title III and, as such, would be subject to the obligation to provide program access or remove barriers to accessibility under the ADA. This Agreement does not limit such future enforcement action against the owners or operators of these facilities by any person or entity, including the Department.
 - 53. This Agreement shall not be construed to require the County to divulge confidential information relating to the location or existence of any Domestic Violence Programs, beyond what is otherwise required by applicable law or what is necessary for the Department to effectively enforce this Agreement.

IV. MISCELLANEOUS PROVISIONS

- 54. Except as otherwise specified in this Agreement, six (6) months after the effective date of this Agreement and annually thereafter until it expires, the County will submit written reports to the United States summarizing its actions pursuant to this Agreement. Reports will include reports with certifications from the ILA, photographs showing measurements, architectural plans, notices published in the newspaper, and copies of adopted policies, among other things.
- 55. Throughout the term of this Agreement, consistent with 28 C.F.R. § 35.133(a), the County will maintain the accessibility of its programs, activities, services, facilities, and equipment, including routinely testing accessibility equipment and routinely auditing the accessibility of its programs and facilities. This provision, however, does not prohibit isolated or temporary interruptions in service or access due to maintenance or repairs. 28 C.F.R. § 35.133(b).
- 56. Within nine (9) months of the effective date of this Agreement, the County will submit for pre-approval by the United States a proposed training program, lasting at least half a day, on the requirements of the ADA and appropriate ways of serving people with disabilities. The submission will include a description of the training, the agenda, any handouts, and the name, title, and address of the trainer.

57. Within eighteen (18) months of the effective date of this Agreement and annually thereafter, after approval of the training program by the United States, all County employees who have direct contact with members of the public will be trained for at least a half day on the requirements of the ADA and appropriate ways of serving people with disabilities. Within thirty (30) days after each training, the County will submit to the United States the list of employees trained.

V. IMPLEMENTATION AND ENFORCEMENT

58. The County may seek to modify this Agreement because of changed conditions making performance impossible by notifying the United States in writing, setting forth the modification and the facts to support it. Until the United States agrees to the modification in writing, no modification will take effect. The United States' agreement will not be unreasonably withheld.
59. The United States may review compliance with this Agreement at any time. The County will cooperate with the United States. If the United States believes that the County has failed to comply with this Agreement, then the United States will notify the County in writing. If, after 30 days of providing the County with written notice of non-compliance, the United States determines that the County has failed to come into compliance, the United States may institute a civil action in federal district court to enforce the terms of this Agreement and may take appropriate steps to enforce title II and section 504 of the Rehabilitation Act.
60. It is a violation of this Agreement for the County to fail to comply in a timely manner with any of the requirements of this Agreement.
61. Failure by the United States to enforce any provision of this Agreement is not a waiver of the United States' right to enforce any provisions of this Agreement.
62. This Agreement is a public document. The County will provide a copy of this Agreement to any person, upon request.
63. This Agreement (including its Attachments) is the entire agreement between the parties on the matters raised herein, and no other statement, promise, or agreement, either written or oral, made by either party will be enforceable. This Agreement does not remedy any other potential violations of the ADA or other federal law. This Agreement does not relieve the County of its continuing obligation to comply with all aspects of the ADA and section 504 of the Rehabilitation Act.
64. This Agreement will remain in effect for three (3) years.
65. The person signing for the County represents that he or she is authorized to bind the County to this Agreement.
