SUPERSEDING INDICTMENT

THE GRAND JURY CHARGES THAT:

INTRODUCTION

1. From in or about October 2021 through in or about February 2023, **AGAPITO JORGE VENTURA, TOMAS QUINO CANIL, ALBERTO MACARIO CHITIC, OSWALDO MANUEL ZAVALA QUINO, DANIEL ZAVALA RAMOS,** and **JOSEFA QUINO CANIL DE ZAVALA** conspired to bring undocumented aliens, including unaccompanied minors, across international borders, from countries including Guatemala to and through Mexico to the United States. These undocumented aliens did not possess authorization to enter the United States.
2. As part of the conspiracy, the defendants recruited Guatemalan migrants, collected payment, and arranged for their transportation to the United States.
3. During the course of the conspiracy, migrants were moved on foot, and inside microbuses, cattle trucks, and tractor trailers.

4. During the course of the conspiracy, co-conspirators communicated with one another from within Guatemala and the United States to facilitate migrants' journey to and throughout the United States.
5. During the course of the conspiracy, the defendants and their co-conspirators used Facebook Messenger to request and deliver identification documents relating to migrants who planned to be smuggled to the United States.
6. During the course of the conspiracy, Facebook Messenger was used to distribute written scripts that included instructions on what unaccompanied minors should say if or when they were apprehended by U.S. immigration authorities.
7. During the course of the conspiracy, specifically on December 9, 2021, migrants destined for the United States were loaded into a tractor trailer that later crashed near Tuxtla Gutierrez, Chiapas, Mexico, killing more than 50 people and causing serious bodily injuries to numerous others.
