OVW National Domestic Violence Homicide Prevention Training and Technical Assistance Resource Center  
(CFDA 16.526)

A. Program Description

Overview of OVW

OVW is a component of the United States Department of Justice (DOJ). Created in 1995, OVW administers grant programs authorized by the Violence Against Women Act (VAWA) and subsequent legislation and provides national leadership on issues of domestic violence, dating violence, sexual assault, and stalking. OVW grants support coordinated community responses to hold offenders accountable and serve victims.

Statutory Authority

This program is authorized by 34 U.S.C. 12291(b)(11).

About the OVW Training and Technical Assistance Initiative

The primary purpose of the OVW Training and Technical Assistance Initiative (TA Initiative) is to provide direct technical assistance to existing and potential grantees and sub-grantees to enhance their efforts to successfully implement projects supported by OVW grant funds. OVW’s TA Initiative is designed to strengthen and build the capacity of civil and criminal justice system professionals and victim service providers across the nation to respond effectively to domestic violence, dating violence, sexual assault, and stalking and foster partnerships among organizations that have not traditionally worked together to address these crimes.

For additional information about this program, see https://www.justice.gov/ovw/grant-programs and http://muskie.usm.maine.edu/vawamei/taprovidergraphs.htm.

About the OVW National Domestic Violence Homicide Prevention Technical Assistance Resource Center

Beginning in fiscal year 2012, the appropriation for OVW’s Improving Criminal Justice Responses to Domestic Violence, Dating Violence, Sexual Assault, and Stalking Program (ICJR
Program has included a $4,000,000 allocation to address domestic violence homicides. OVW has used this funding to support its Domestic Violence Homicide Prevention Demonstration Initiative (DVHP-DI), testing and evaluating lethality/risk assessment tools and other strategies to reduce domestic violence homicides.

Utilizing lessons learned from OVW’s implementation of the DVHP-DI, the National Domestic Violence Homicide Prevention Technical Assistance Resource Center (NDVHP TARC) will provide customized and intensive training and technical assistance (TTA) to jurisdictions interested in implementing a domestic violence homicide prevention (DVHP) intervention. Lessons from the DVHP-DI indicate that, in order to better and more fully assist jurisdictions that want to implement a DVHP intervention, communities must engage in a comprehensive community assessment to identify needs, gaps, resources, and capacity to implement a DVHP intervention. The NDVHP TARC project may develop and/or enhance a community assessment tool that will be used to assess a jurisdiction’s capacity to implement a DVHP intervention, maintain a resource center about existing and new DVHP interventions available, and provide training, technical assistance (TA), and resources for each of the professions, to include law enforcement, domestic violence victim service providers, prosecutors, judges and other court staff, involved in implementing a DVHP intervention.

Program Scope
Activities supported by this call for concept papers are determined by statute, federal regulations, and OVW policies. If an applicant receives an award, the funded project is bound by the provisions of this solicitation, the DOJ Financial Guide, including updates to the guide after an award is made, the section of the Solicitation Companion Guide on post-award requirements for all federal award recipients, and the conditions of the award.

In FY 2020, funds under the NDVHP TARC may be used to develop and deliver high-quality training, TA, and resources to OVW grantees, sub-grantees, and potential grantees on implementing DVHP interventions. TTA may include, but is not limited to:

1. Developing/enhancing and deploying a community assessment with a team of experts.
2. Development and implementation of strategic plans specific to implementing a DVHP intervention.
3. On-site TTA.
4. Regional trainings.
6. On-line training including webinars or web-based resources.
7. Virtual or telephonic consultation.

OVW Priority Areas
In FY 2020, OVW is interested in supporting the priority areas identified below. The NDVHP TARC is designed to address three OVW Priority Areas and applicants are encouraged to incorporate one or more of these priorities into their proposed project, as appropriate. Applications proposing activities in the following areas will be given special consideration.

---

1 The ICJR Program encourages state, local, and tribal governments and courts to treat domestic violence, dating violence, sexual assault, and stalking as serious violations of criminal law requiring the coordinated involvement of the entire criminal justice system. For additional information about this program, see https://www.justice.gov/ovw/grant-programs and https://www.vawamei.org/grant-program/improving-criminal-justice-response-icjr-program/.
1. Reduce violent crime against women and promote victim safety through investing in law enforcement, increasing prosecution, and promoting effective prevention.
2. Increase efforts to combat stalking.
3. Address the specific challenges that rural communities face in responding to domestic violence, dating violence, sexual assault, and stalking.

Activities that Compromise Victim Safety and Recovery or Undermine Offender Accountability
OVW does not fund activities that jeopardize victim safety, deter or prevent physical or emotional healing for victims, or allow offenders to escape responsibility for their actions. Applications that propose any such activities may receive a deduction in points during the review process or may be eliminated from consideration entirely. Information on activities that compromise victim safety and recovery or undermine offender accountability may be found in the Solicitation Companion Guide.

Out-of-Scope Activities
The activities listed below are out of the program scope, and they will not be supported by this program’s funding. See also the list of unallowable costs in the Funding Restrictions section of this solicitation.

1. Research projects. This does not include assessments conducted only for internal improvement purposes (up to three percent of the award). For information on distinguishing between research and assessments, see the heading on this topic in the Funding Restrictions section of this solicitation and the Solicitation Companion Guide.
2. Direct victim services and justice system interventions. OVW’s TA Initiative funds are intended to support educational and training opportunities and TA for current and potential OVW grantees and sub-grantees. They cannot support law enforcement activities, legal representation, direct services, or other interventions.
3. Applications focused on a single state, region, or local geographic community.

Applications that propose activities that are deemed to be substantially out-of-scope may receive a deduction in points during the review process or may be eliminated from consideration entirely.

Allowable Activities Requiring Prior Approval
Activities listed below will require prior approval in order to be supported by grant funds (see the Solicitation Companion Guide for more information on relevant requirements).

1. In-person events, such as conferences, trainings, meetings, roundtables, and on-site TTA. Prior approval for all in-person events is necessary to determine compliance with the DOJ Conference Request and Reporting Policy.
2. Surveys, whether conducted as part of a program or needs assessment, or for any other purpose. Prior approval is necessary to determine whether the activity is within the scope of the award and meets the requirements of the Paperwork Reduction Act.
B. Federal Award Information

Availability of Funds
All awards are subject to the availability of appropriated funds and any modifications or additional requirements that may be imposed by law. There is no guarantee that funds will be available in the future. OVW may elect to make awards in a future fiscal year for applications submitted under this solicitation but not selected for FY 2020 funding, depending on the merits of the applications and the availability of funding.

Award Period and Amounts
The NDVHP TARC project may receive up to a total of five years (60 months) of funding. The initial award period is 39 months. The total “estimated funding” on the SF-424 must reflect 39 months of activities. OVW anticipates that the award period will start on July 1, 2020.

Subsequently, the selected applicant may be invited to apply non-competitively for supplemental funding to support the remainder of the 60-month period. Any future non-competitive awards will be made at the discretion of the OVW Director and are dependent on successful performance, remaining funds on the initial award, and available funding.

OVW estimates that it will make one award for an estimated $3,000,000 for the initial 39 months.

OVW has the discretion to make the award for a greater or lesser amount than requested and to negotiate the scope of work and budget with the applicant prior to making the award.

The award will be made as a cooperative agreement. Cooperative agreements are a form of award under which OVW expects to have ongoing substantial involvement in award activities. For this project, the substantial involvement includes but is not limited to approving project partners, determining scope and approving any changes to the scope of the project, participating in all project meetings, developing and approving agendas, identifying participants for TTA activities, and reviewing and approving faculty, products, and curricula. The award recipient must be willing to work closely with OVW on the implementation of the proposed project and be willing to modify project activities at OVW’s request in order to address the needs of existing grantees and/or emerging issues.

Mandatory Program Requirements
The applicant that receives funding under this call for concept papers will be required to engage in the following activities:

1. OVW-sponsored TTA.
2. If requested, an OVW-sponsored assessment or program evaluation to be administered separately from this project.
3. A planning period with OVW and project partners.

• Institutions of higher education.
• Nonprofit organizations.2

To ensure fairness, the applicant cannot be an entity that developed or is developing a risk, lethality, danger, or similar DVHP assessment, tool, model, or intervention. Entities that developed or are developing a domestic violence homicide prevention intervention will be involved in the NDVHP TARC to provide TTA on their specific intervention and will be involved in the development of the community readiness assessment.

Any tool affiliated with the selected applicant will be excluded from the NDVHP TARC.

Ineligible Entities and Disqualifying Factors
Applications that are submitted by ineligible entities or that do not meet all program eligibility requirements will not be considered for funding. In addition, an application that is deemed deficient in one or more of the following categories may not be considered for funding: 1. activities that compromise victim safety, 2. out-of-scope activities, 3. unallowable costs, 4. preaward risk assessment, 5. completeness of application contents, 6. timeliness, and 7. conflict of interest. An applicant with a significant relationship to an existing or developing risk/lethality/danger assessment, tool, or model will not be considered for funding. An applicant with past performance issues, long-standing open audits, or an open criminal investigation also may not be considered for funding.

Note: Any nonprofit organization that holds money in offshore accounts for the purpose of avoiding paying the tax described in section 511(a) of the Internal Revenue Code is not eligible for an award. See 34 U.S.C. § 12291(b)(16)(B)(ii).

Cost Sharing or Matching
There is no match or cost sharing requirement.

Limit on Number of Applications
OVW will consider only one application per organization. In addition, if an applicant submits multiple applications for this call for concept papers, OVW will review only the most recent system-validated version submitted before the deadline.

Additional Required Information

The following documents will not be scored but must be included with the application. Failure to supply this information may result in the application being removed from consideration. Some documents will be generated during the application submission process while other documents will be uploaded and attached to the application.

The following documents will be generated and completed during the application submission process:

Application for Federal Assistance (SF-424)
Applicants must complete the SF-424. The SF-424 is generated when the applicant begins the submission process. For “Type of Applicant,” do not select “other.” The amount of federal funding requested in the “Estimated Funding” section of this form must match the amount of federal funding requested in the budget section of the application package. This program does not require a match; therefore, the values for the Applicant line should be zero. The individual who is listed as “Authorized Representative” must be an individual who has the authority to apply for and accept grant awards on behalf of the organization or jurisdiction.

Intergovernmental Review: This call for concept papers (“funding opportunity”) is not subject to Executive Order (E.O.) 12372. (In completing the SF-424, an applicant is to answer question 19 by selecting the response that the “Program is not covered by E.O. 12372.”)

Assurances and Disclosure of Lobbying Activities
Review the assurances and disclosure forms online. Applicants will be prompted to compile these forms online during the application submission process. All applicants must complete both the Assurances – Non-Construction Programs (SF-424B) form and the Disclosure of Lobbying Activities (SF-LLL) form. Applicants that expend any funds for lobbying activities must provide the information requested on the SF-LLL. Applicants that do not expend any funds for lobbying activities should enter “N/A” in the required highlighted fields.

The following documents must be uploaded and attached separately to the application:

Applicant Financial Capability Questionnaire (if applicable)
All nonprofit, nongovernmental organizations that apply for funding from OVW and have not previously, or within the last three years, received funding from OVW must complete an Applicant Financial Capability Questionnaire. In addition, applicants may be required to submit their current year’s audit report at a later time. The questionnaire can be found at https://www.justice.gov/ovw/file/866126/download.

Confidentiality Notice Form
All applicants are required to acknowledge that they have received notice that grantees and subgrantees must comply with the confidentiality and privacy requirements of VAWA, as amended. Applicants must submit the acknowledgement form available on the OVW website at http://www.justice.gov/sites/default/files/ovw/pages/attachments/2015/01/20/confidentiality_acknowledgement_form_42015.pdf. This form must be signed by the Authorized Representative.

Disclosure of Process Related to Executive Compensation (if applicable)
An applicant that is a nonprofit organization may be required to make certain disclosures relating to the processes it uses to determine the compensation of its officers, directors, trustees, and key employees.
Under certain circumstances, a nonprofit organization that provides unreasonably high compensation to certain persons may subject both the organization’s managers and those who receive the compensation to additional federal taxes. A rebuttable presumption of the reasonableness of a nonprofit organization’s compensation arrangements, however, may be available if the nonprofit organization satisfies certain rules set out in IRS regulations with regard to its compensation decisions.

Each applicant must state at the time of its application (in the Summary Data Sheet) whether the applicant is a nonprofit organization that uses the IRS’s three-step safe-harbor procedure to establish a rebuttable presumption that its executives’ compensation is reasonable. If the applicant states that it uses the safe-harbor procedure, then it must disclose, in an attachment to its application (to be titled "Disclosure of Process Related to Executive Compensation"), the process it uses to determine the compensation of its officers, directors, trustees, and key employees (together, "covered persons"). See 34 U.S.C. § 12291(b)(16)(B)(iii).

At a minimum, the disclosure must describe in pertinent detail: (1) the composition of the body that reviews and approves compensation arrangements for covered persons; (2) the methods and practices used by the applicant nonprofit organization to ensure that no individual with a conflict of interest participates as a member of the body that reviews and approves a compensation arrangement for a covered person; (3) the appropriate data as to comparability of compensation that is obtained in advance and relied upon by the body that reviews and approves compensation arrangements for covered persons; and (4) the written or electronic records that the applicant maintains as concurrent documentation of the decisions with respect to compensation of covered persons made by the body that reviews and approves such compensation arrangements, including records of deliberations and of the basis for decisions. For a sample letter, see the OVW website at https://www.justice.gov/ovw/resources-applicants.

For purposes of the required disclosure, the following terms and phrases have the meanings set out by the IRS for use in connection with 26 C.F.R. § 53.4958-6: officers, directors, trustees, key employees, compensation, conflict of interest, appropriate data as to comparability, adequate documentation, and concurrent documentation.

Following receipt of an appropriate request, OVW may be authorized or required by law to make information submitted to satisfy this requirement available for public inspection. Also, a recipient may be required to make a prompt supplemental disclosure after the award in certain circumstances (e.g., changes in the way the organization determines compensation).

Pre-Award Risk Assessment
Each applicant must respond to the questions below. This information will be used for a mandatory pre-award risk assessment. Failure to provide this information or to respond to questions from OVW regarding this information in a timely manner could result in the applicant being removed from consideration or a delay in access to funds. Provide complete responses that address all questions included for each numbered item. This section of the application should be no more than four pages.

1. Will all funds awarded under this program be maintained in a manner that they will be accounted for separately and distinctly from other sources of revenue/funding? Provide a brief description of the applicant's policies and procedures that ensure funds will be tracked appropriately.
2. Does the applicant have written accounting policies and procedures? How often are these policies and procedures updated? Provide a brief list of the topics covered in the applicant’s policies and procedures. OVW may request a copy for review during the application/award process or as part of the grant monitoring process.

3. Is the applicant’s financial management system able to track actual expenditures and outlays with budgeted amounts for each grant or subgrant? Provide a brief summary of the organization’s process for tracking expenditures, including tracking budgeted versus actual amounts.

4. Does the applicant have procedures in place for minimizing the time between transfer of funds from the United States Treasury and disbursement for project activities? Provide a short summary of the applicant’s policy for requesting payments for grant awards.

5. Does the applicant have effective internal controls in place to ensure that federal funds are used solely for authorized purposes? Provide a brief description of the applicant’s internal controls that will provide reasonable assurance that the award funds will be managed properly.

6. Does the applicant have a documented records retention policy? If so, briefly describe the policy and confirm that the policy complies with federal regulations. Information on Record Retention and Access can be found at 2 C.F.R. §§ 200.333-200.337.

7. Does the applicant or any of its employees have any potential personal or organizational conflicts of interest related to the possible receipt of OVW award funds? Applicants are required to disclose in writing any potential conflicts of interest to their awarding agency. See 2 C.F.R. § 200.112 and Chapter 3.20, Grant Fraud, Waste and Abuse, of the DOJ Financial Guide for additional information.

8. Is the individual primarily responsible for fiscal and administrative oversight of grant awards familiar with the applicable grants management rules, principles, and regulations including the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (2 C.F.R. Part 200)? Provide a short list of the individual’s qualifications/experience. If the individual is not familiar with the applicable rules and regulations, the applicant must contact OVW's Grants Financial Management Division at OVW.GFMD@usdoj.gov or 1-888-514-8556 immediately after the applicant is notified of its award to coordinate training.

9. Does the applicant have policies and procedures in place to manage subawards and monitor activities of subrecipients as necessary to ensure that subawards are used for authorized purposes, in compliance with laws, regulations, and terms and conditions of the award, and that established subaward performance goals are achieved (2 C.F.R. §§ 200.330-200.332)? Provide a brief description of the organization’s policies and procedures on subrecipient management and monitoring.

10. Does the applicant currently require employees to maintain time distribution records that accurately reflect the work performed on specific activities or cost objectives in order to support the distribution of employees’ salaries among federal awards or other activities (2 C.F.R. § 200.430)? Budget estimates do not qualify as support for charges to federal awards. Provide a brief description of the organization’s established timekeeping policies and procedures.

Indirect Cost Rate Agreement (if applicable)
Applicants that intend to charge indirect costs through the use of a negotiated indirect cost rate must have a current, signed, federally-approved indirect cost rate agreement. Under this call for concept papers however, indirect costs under are limited to no more than 25% of the modified total direct costs (MTDC).
Applicants that have never received a federally-approved indirect cost rate may elect to charge a de minimis rate of 10% of MTDC, which may be used indefinitely. This includes state, local, and tribal governments that have never negotiated an indirect cost rate with the federal government and receive less than $35 million in direct federal funding per year.

Organizations that wish to negotiate an indirect cost rate should contact OVW’s Grants Financial Management Division at OVW.GFMD@usdoj.gov or 1-888-514-8556 for more information.

**Letter of Nonsupplanting**

Applicants must submit a letter to OVW’s Director, signed by the Authorized Representative, certifying that federal funds will not be used to supplant non-federal funds should a grant award be made. A sample letter is available at https://www.justice.gov/ovw/resources-applicants.

**Unique Entity Identifier (DUNS Number), System for Award Management (SAM), and Grants.gov Registration**

Applicants for federal grants and cooperative agreements are required to have a Data Universal Number System (DUNS) number to submit an application. A DUNS number is a unique, nine-character identification number provided by the commercial company Dun & Bradstreet (D&B). Once an applicant has applied for a DUNS number through D&B, its DUNS number should be available within two business days.

Federal regulations require that an applicant (1) be registered in SAM.gov prior to submitting an application; (2) provide a valid DUNS number in its application; and (3) continue to maintain an active SAM registration with current information at all times during which it has an active federal award or an application under consideration by a federal awarding agency. Also, federal agencies may not make an award to an applicant until that applicant has complied with all applicable DUNS and SAM requirements. If an applicant has not fully complied with these requirements by the time that OVW is ready to make an award, then OVW may make the determination that the applicant is not qualified to receive an award and use that determination as a basis for making the award to another applicant. See 2 C.F.R. §§ 25.200, 25.205.

SAM centralizes information about grant recipients and also provides a central location for grant recipients to change organizational information. Grants.gov uses SAM to establish roles and IDs for electronic grant applicants.

If the applicant already has an Employer Identification Number (EIN), the SAM registration will take up to two weeks to process. If the applicant does not have an EIN, then the applicant should allow two to five weeks for obtaining an EIN from the IRS. There is no fee associated with these processes. These processes cannot be expedited. OVW strongly discourages applicants from paying a third party to apply or register on their behalf in an attempt to expedite these processes. To ensure all applicants are able to apply by the deadline for this solicitation, applicants must have obtained a DUNS number and registered online with the SAM and with Grants.gov no later than April 10, 2020.

**Submission Dates and Times**

It is the applicant’s responsibility to ensure that the application is complete and submitted by the deadline. Failure to meet the submission deadline will result in an application not being considered for funding. Applicants should refer to the chart below to ensure that all required steps and deadlines are met.
Failure to begin the registration or application submission by the deadlines stated in the chart below is not an acceptable reason for late submission.

The AOR should receive a minimum of two emails from Grants.gov. One will confirm receipt of the application package. The other will contain either a notice that the application was successfully submitted or a notice that there was an error with the application submission.

OVW does not send out these notifications, nor does OVW receive a copy of these notifications. It is the applicant’s responsibility to notify OVW of any problems with the application submission process.
OVW Policy on Late Submissions

Applications submitted after 11:59 p.m. E.T. on April 28, 2020 will not be considered for funding, unless the applicant receives OVW permission to submit a late application. In limited circumstances, OVW will approve a request to submit an application after the due date. The charts below provide a description of the circumstances under which OVW will consider such requests. Approval of a late submission request is not an indication of the application’s final disposition. Applications approved for late submission are still subject to all of the review process and criteria described in this solicitation.

To ensure fairness for all applicants, OVW requires that applicants requesting late submission adhere to the following:

OVW may not be able to accommodate all requests resulting from severe inclement weather or a natural disaster.

Submission of the required documents to the POC is not an approval of a late application submission request. OVW will review the information provided, consider the request, and inform the applicant of its decision within 30 days of the request.

**Funding Restrictions**
The following information is provided to allow applicants to develop an application and budget consistent with program requirements.
Unallowable Costs
The costs associated with the activities listed below are unallowable and must not be included in applicants' budgets:

1. Lobbying.
2. Fundraising.
3. Purchase of real property.
4. Physical modifications to buildings, including minor renovations (such as painting or carpeting).
5. Construction.

Food and Beverage/Costs for Refreshments and Meals
Generally, food and beverage costs are not allowable. OVW may approve the use of grant funds to provide a working meal at a meeting, conference, training, or other event, if one of the following applies:

1. The location of the event is not in close proximity to food establishments, despite efforts to secure a location near reasonably priced and accessible commercial food establishments.
2. Not serving food will significantly lengthen the day or necessitate extending the meeting to achieve meeting outcomes.
3. A special presentation at a conference requires a plenary address where there is no other time for food to be obtained.
4. Other extenuating circumstances necessitate the provision of food.

Justification for an exception listed above must be included in the applicant's budget narrative, and grantees may only use funds to purchase food and/or beverages if OVW approves the specific expenditures in advance. For additional information on restrictions on food and beverage expenditures go to https://www.justice.gov/ovw/conference-planning.

Budget clearance does not constitute prior approval of food and beverage costs. Recipients must seek approval of these costs through the OVW conference approval process.

Conference Planning and Expenditure Limitations
Applicants’ budgets must be consistent with all requirements (including specific cost limits and prior approval and reporting requirements, where applicable) governing the use of federal funds for expenses related to conferences (which is defined to include meetings, retreats, seminars, symposiums, training, and other similar events), and costs of attendance at such events. Information on conference planning, minimization of costs, and conference reporting is available at https://www.justice.gov/ovw/conference-planning. This includes requirements pertaining to:

2. Cost of Programmatic Conference Planning.
4. Prohibition on Trinkets at Conferences.
5. Prohibition on Entertainment at Conferences.
6. Food and Beverages at Conferences.
7. Prior Approval Required Before Entering Into Contracts or Expending Funds for Conferences.
8. Conference Reporting.
Budget clearance does not constitute prior approval to hold a conference. Recipients must seek approval of these costs through the conference approval process.

Research and Assessments
Grantees under this program are prohibited from using OVW funds to conduct research, which is defined in 28 C.F.R. § 46.102 as a systematic investigation designed to develop or contribute to generalizable knowledge. Surveys and focus groups, depending on their design and purpose, may constitute research and therefore be out of scope.

However, grantees may use funds (up to three percent of the award) to assess their work for internal improvement purposes only, such as surveying training participants about the quality of training content and delivery. Applicants considering such assessments must refer to the OVW research decision tree in the Solicitation Companion Guide to ensure that the activity does not qualify as human subjects research. The Solicitation Companion Guide also provides additional information on federal requirements related to research, assessments, and surveys.

Pre-Agreement Cost Approval
OVW generally does not allow pre-award costs. Costs incurred prior to the start date of the award may not be charged to the project unless the recipient receives prior approval from OVW. See the DOJ Financial Guide for more information on pre-award costs.

Other Submission Requirements
As discussed in the Submission Dates and Times section above, applications must be submitted electronically via Grants.gov. Applicants that are unable to submit electronically must follow the instructions in that section.

After applicants obtain their DUNS number and register with SAM, they can begin the Grants.gov registration process. The applying organization must complete the Grants.gov registration process prior to beginning an application for a federal grant. The E-Business Point of Contact (E-Biz POC) must register the applicant organization with Grants.gov. The E-Biz POC oversees the applicant’s Grants.gov transactions and assigns the AOR. The AOR submits the application to Grants.gov and must register with Grants.gov as well. In some cases the E-Biz POC is also the AOR for the applicant. Complete instructions can be found at Grants.gov.

This registration process generally takes between three and five business days and may take as long as four weeks if all steps are not completed in a timely manner. The application process can move forward once the applicant successfully registers with Grants.gov. If applicants experience difficulties at any point during this process, they should call Grants.gov Applicant Support at 1-800-518-4726.

Note: Grants.gov limits the use of specific characters in names of attachment files. Valid file names include only the characters shown in the table below. Grants.gov is designed to reject any application that includes an attachment(s) with a file name that contains any characters not shown in the table below.

Submitting a Grant Application

In 2017, Grants.gov updated its application tool. The legacy PDF application package was phased out and retired as of December 31, 2017. Grants.gov Workspace is now the standard application method for applying for grants. Applicants should familiarize themselves with the Workspace format. For complete information and instructions on using Workspace (and other changes), go to the Workspace Overview page at https://www.grants.gov/web/grants/applicants/workspace-overview.html.

Grants.gov Applicant Support can be reached at 1-800-518-4726 and is available 24/7, except federal holidays.

E. Application Review Information

Criteria

Applications will be scored based on the degree to which the application responds to each section listed in items 1-3 below and addresses each element in each section. Furthermore, applications will be scored based upon the quality of the response, capacity of the applicant and any partners, and the level of detail provided. Each element must be addressed in the section in which it is requested. Points may be deducted if the applicant does not include the information in the appropriate section even if it is included elsewhere within the application. Each section will be reviewed as a separate document and will be scored as such. Specifically, for the NDVHP TARC, scoring will be as follows:

1. Summary data sheet: (5) points.
2. Project concept narrative: (70) points, of which:
   A. Capacity to implement the project: (50) points.
   B. Staffing plan (20) points.

Voluntary match or other cost sharing methods will not be considered in the evaluation of the application.

Review and Selection Process

Applications will be subject to a peer review and a programmatic review.

Peer Review

OVW will subject all eligible, complete, and timely applications to a peer review process that is based on the criteria outlined in this solicitation. OVW may use internal reviewers, external reviewers, or a combination of both.
Programmatic Review

All applications that are considered for funding will be subject to a programmatic review. The programmatic review consists of assessing the application for compliance with the call for concept paper’s scope, activities that compromise victim safety, and, if applicable, past performance and priority area review. OVW reserves the right to deduct points from applications for the following reasons:

1. Activities that compromise victim safety and recovery and undermine offender accountability (deduct up to 15 points).
2. Out-of-scope and unallowable activities (deduct up to 20 points).
3. Past performance (deduct up to 25 points).
4. Formatting and Technical Requirements (deduct up to 5 points).

An application that is deemed to be substantially out of scope, proposes a substantial number of activities that are unallowable, or proposes activities that pose a significant threat to victim safety or a serious breach of confidentiality will not be considered for funding. **An applicant with considerable past performance issues will receive a deduction in points as described above or may be removed from consideration entirely regardless of the application’s peer review score.**

As a part of the programmatic review process described above, applicants with current or recently closed OVW awards will be reviewed for past performance and risk based on the elements listed below.

1. Demonstrated effectiveness of the current project indicated by timely progress toward meeting project goals and objectives.
2. Demonstration that past activities supported with OVW grant funds have been limited to program purpose areas.
3. Adherence to all special conditions of existing grant award(s) from OVW.
4. Adherence to programmatic and financial reporting requirements, including timely submission of required reports.
5. Completion of close-out of prior awards in a timely manner.
6. Appropriate use of and active participation in OVW-sponsored workshops and other technical assistance events as required by a special condition of the current or recent award.
7. Receipt of financial clearances on all current or recent grants from OVW.
8. Timely resolution of issues identified in any audit or on-site financial or programmatic monitoring visit.
9. Adherence to the Office of Management and Budget single-audit requirement.
10. Timely expenditure of grant funds.
11. Adherence to the requirements of the **DOJ Financial Guide.**
12. Adherence to the requirements of the conference request process.

Prior to making an award, OVW is required to review and consider any information about applicants included in the designated integrity and performance system accessible through SAM (currently FAPIIS). Applicants may review and comment on information in FAPIIS about themselves that another federal awarding agency has previously entered. OVW will consider the applicant’s comments as well as other information available in FAPIIS in making its judgment about the risk posed by making an award to the applicant as described in 2 C.F.R. § 200.205.
Absent explicit statutory authorization or written delegation of authority to the contrary, all final award decisions will be made by the OVW Director, who also may give consideration to factors including, but not limited to OVW priorities, geographic diversity, past performance, and available funding when making awards. All award decisions are final and not subject to appeal.

**High-Risk Grantees**
Based on DOJ’s assessment of each grantee with regard to current or previous funding, unresolved audit issues, delinquent programmatic and fiscal reporting, and prior performance, a grantee may be designated “high risk.” Awards to high-risk grantees may carry special conditions such as increased monitoring and/or prohibitions on drawing down funds until certain requirements are met. High-risk grantees with substantial or persistent performance or compliance issues, long-standing open audits, or open criminal investigations will likely not receive an additional OVW award until all issues are resolved.

**Anticipated Announcement and Federal Award Dates**
It is anticipated that all applicants will be notified of the outcome of their applications by June 30, 2020.

**F. Federal Award Administration Information**

**Federal Award Notices**
Successful applications will receive OVW award notifications electronically from the OJP Grants Management System (GMS) (not Grants.gov). This award notification will be sent to the individuals listed as the Authorized Representative and the Point of Contact on the SF-424 for the application that was selected for funding and will include instructions on accepting the award. Recipients will be required to log in; accept any outstanding assurances and certifications on the award; designate financial points of contact; and review, sign, and accept the award. The award acceptance process involves physical signature of the award document and terms and conditions by the Authorized Representative, scanning the fully executed award document, and returning the scanned document to OVW via facsimile or email.

**Administrative and National Policy Requirements**

**Information for All Federal Award Recipients**
Applicants selected for awards must agree to comply with additional legal, administrative, and national policy requirements. OVW strongly encourages applicants to review the information pertaining to these additional requirements prior to submitting an application. This information can be found in the section of the Solicitation Companion Guide entitled “Post-Award Requirements for All Federal Award Recipients.”

Terms and conditions for OVW awards are available at [https://www.justice.gov/ovw/award-conditions](https://www.justice.gov/ovw/award-conditions). These terms are subject to change prior to the issuance of the awards.

**Violence Against Women Act Non-Discrimination Provision**
The Violence Against Women Reauthorization Act prohibits OVW grantees from excluding, denying benefits to, or discriminating against any person on the basis of actual or perceived race, color, religion, national origin, sex, gender identity, sexual orientation, or disability in any program or activity funded in whole or in part by OVW. Additional information on the civil rights obligations of OVW funding recipients can be found in the Solicitation Companion Guide under “Civil Rights Compliance.”
Accessibility
Recipients of OVW funds must comply with applicable federal civil rights laws, which, among other things, prohibit discrimination on the basis of disability and national origin. Compliance with these laws includes taking reasonable steps to ensure that persons with limited English proficiency have meaningful access to recipients’ programs and activities and that these programs and activities are readily accessible to individuals with disabilities. More information on these obligations is available in the Solicitation Companion Guide under “Civil Rights Compliance.”

Reporting
OVW grantees are required to submit semi-annual progress reports and quarterly Federal Financial Reports (SF-425). Appropriate progress report forms will be provided to all applicants selected for an award. Forms will be submitted electronically via GMS. Future awards and fund drawdowns may be withheld if reports are delinquent.

G. Federal Awarding Agency Contact(s)
For assistance with the requirements of this solicitation, contact the following: for programmatic questions, contact the ICJR Unit at 202-307-6026 or OVW.ICJR@usdoj.gov, for financial questions, contact 1-888-514-8556 or OVW.GFMD@usdoj.gov, and for technical support, contact Grants.gov Applicant Support Line at 1-800-518-4726.

H. Other Information
Application Checklist
Applicants must submit a fully executed application to OVW, including all required supporting documentation. Additionally, if an applicant plans to submit an application under any other OVW grant program this fiscal year, it is the applicant’s responsibility to ensure that only documents pertinent to this call for concept papers are included with this application. OVW will not redirect documents that are inadvertently submitted with the wrong application (e.g., a Rural Program letter submitted with a Transitional Housing Program application will not be transferred to the Rural application).

Public Reporting Burden - Paperwork Reduction Act Notice
Under the Paperwork Reduction Act, a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. OVW tries to create forms and instructions that are accurate, can be easily understood, and impose the least possible burden on applicants. The estimated average time to complete and file this form is 30 hours.
