OVW Grants to Reduce Sexual Assault, Domestic Violence, Dating Violence, and Stalking on Campus Program

(CFDA 16.525)

A. Program Description

Overview

The Office on Violence Against Women (OVW) is a component of the United States Department of Justice (DOJ). Created in 1995, OVW implements the Violence Against Women Act (VAWA) and subsequent legislation and provides national leadership on issues of sexual assault, domestic violence, dating violence, and stalking. Since its inception, OVW has supported a multifaceted approach to responding to these crimes through implementation of grant programs authorized by VAWA. By forging state, local and tribal partnerships among police, prosecutors, judges, victim advocates, health care providers, faith leaders, organizations that serve culturally specific and underserved communities, and others, OVW grants help provide victims, across their life span, with the protection and services they need to pursue safe and healthy lives, while improving communities' capacity to provide justice for victims and hold offenders accountable.

About the OVW Grants to Reduce Sexual Assault, Domestic Violence, Dating Violence and Stalking on Campus Program

This program is authorized by 42 U.S.C. §14045b. Congress created the Grants to Reduce Sexual Assault, Domestic Violence, Dating Violence, and Stalking on Campus Program (hereinafter referred to as the Campus Program) in recognition of the unique issues and challenges that colleges and universities face in preventing and responding to sexual assault, domestic violence, dating violence and stalking.

The Campus Program encourages a comprehensive coordinated community approach that enhances victim safety, provides services for victims and supports efforts to hold offenders accountable. The funding supports activities that develop and strengthen trauma informed victim services and strategies to prevent, investigate, respond to sexual assault, domestic violence, dating violence and stalking. Developing campus-wide coordinated responses involving campus victim service providers, law enforcement/campus safety officers, health providers, housing officials, administrators, student leaders, faith-based leaders, representatives from student organizations, and disciplinary board members is critical. To be effective, campus responses must also link to local off-campus criminal justice agencies and service providers, including local law enforcement agencies, prosecutors' offices, courts, and nonprofit, nongovernmental victim advocacy and victim services organizations. Campuses are encouraged to create or revitalize large-scale efforts that treat sexual assault, domestic violence, dating violence, and stalking as serious offenses by adopting effective, culturally relevant policies and protocols, developing victim services and advocacy programs, and implementing effective prevention approaches. Colleges and universities should demonstrate to every student that these crimes will not be tolerated, that perpetrators will face serious consequences, and that holistic services are available for victims.

For additional information on the Campus Program, including what past Campus Program grantees have accomplished with their grant funds and to view the Campus Program performance measures, see <http://muskie.usm.maine.edu/vawamei/campusgraphs.htm>

Program Scope

Activities supported by the Campus Program are determined by statute, federal regulations, and OVW policies. If an applicant receives an award, the funded project is bound by the provisions of this solicitation, the [DOJ Financial Guide](#), including updates to the guide after an award is made, and the conditions of the award.

Purpose Areas

In FY 2017, funds under the Campus Program may be used for the following purposes:

1. To provide personnel, training, technical assistance, data collection, and other equipment with respect to the increased apprehension, investigation, and adjudication of persons committing domestic violence, dating violence, sexual assault, and stalking on campus.
2. To develop, strengthen, and implement campus policies, protocols, and services that more effectively identify and respond to the crimes of domestic violence, dating violence, sexual assault and stalking, including the use of technology to commit these crimes, and to train campus administrators, campus security personnel, and personnel serving on campus disciplinary or judicial boards on such policies, protocols, and services.
3. To implement and operate education programs for the prevention of domestic violence, dating violence, sexual assault, and stalking.
4. To develop, enlarge, or strengthen victim services programs and population specific services¹ on the campuses of the institutions involved, including programs providing legal, medical, or psychological counseling, for victims of domestic violence, dating violence, sexual assault, and stalking, and to improve delivery of victim assistance on campus. To the extent practicable, such an institution shall collaborate with victim service providers in the community in which the institution is located. If appropriate victim services programs are not available in the community or are not accessible to students, the institution shall, to the extent practicable, provide a victim services program on campus or create a victim services program in collaboration with a community-based organization. **The institution shall use not less than 20 percent of the funds made available through the grant for a victim services program provided in accordance with this paragraph, regardless of whether the services are provided by the institution or in coordination with community victim service providers.**
5. To create, disseminate, or otherwise provide assistance and information about victims' options on and off campus to bring disciplinary or other legal action, including assistance to victims in immigration matters.
6. To develop, install, or expand data collection and communication systems, including computerized systems, linking campus security to the local law enforcement for the purpose of identifying and tracking arrests, protection orders, violations of protection orders, prosecutions, and convictions with respect to the crimes of domestic violence, dating violence, sexual assault, and stalking on campus.²

¹ The 2013 amendments to VAWA defined the term "population specific services" as "victim-centered services that address the safety, health, economic, legal, housing, workplace, immigration, confidentiality, or other needs of victims of domestic violence, dating violence, sexual assault, or stalking, and that are designed primarily for and are targeted to a specific underserved population.

² These grant-funded activities should be part of an overall comprehensive coordinated campus and community response to sexual assault, domestic violence, dating violence, and stalking on campuses. For example, if an applicant proposes to make capital

7. To provide capital improvements (including improved lighting and communications facilities but not including the construction of buildings) on campuses to address the crimes of domestic violence, dating violence, sexual assault, and stalking.³
8. To support improved coordination among campus administrators, campus security personnel, and local law enforcement to reduce domestic violence, dating violence, sexual assault, and stalking on campus.
9. To develop or adapt and provide developmental, culturally appropriate, and linguistically accessible print or electronic materials to address both prevention and intervention in domestic violence, dating violence, sexual violence, and stalking.
10. To develop or adapt population specific strategies and projects for victims of domestic violence, dating violence, sexual assault, and stalking from underserved populations on campus.

Please Note: Applicants proposing to use grant funds for physical modifications as outlined in purpose area 7 must follow the guidelines set forth in Appendix G - Physical Modification Guidelines.

Mandatory Program Requirements

This section includes both statutory and program requirements. Please note that there are different program requirements for new vs. continuation grantees. It is very important that applicants read the information below carefully.

Statutory Requirements

All grantees must:

1. **Create a coordinated community response (CCR) including both organizations external to the institution and relevant divisions of the institution.** This includes establishing a coordinated community response team that consists of both:
 - A. **External Partnerships** as outlined in the External Memorandum of Understanding (EMOU) with:
 - i. At least **one criminal justice system or civil legal assistance entity or organization** such as external law enforcement agencies, prosecutor's offices, civil legal assistance providers, court or law enforcement-based victim services units, or courts. **Note:** An applicant with sworn campus law enforcement or campus security officers is required to partner with a criminal justice agency or civil legal organization from the jurisdiction in which the campus is located. In addition, if an applicant has only campus security officers or non-sworn campus law enforcement it must partner with a local law enforcement entity and may choose to partner with a civil/legal organization as well; **AND**

improvements to address violence against women, such as installing improved lighting, these efforts must be complemented by a larger campus and community-wide coordinated response to these crimes.

³ These grant-funded activities should be part of an overall comprehensive coordinated campus and community response to sexual assault, domestic violence, dating violence, and stalking on campuses. For example, if an applicant proposes to make capital improvements to address violence against women, such as installing improved lighting, these efforts must be complemented by a larger campus and community-wide coordinated response to these crimes.

- ii. At least **one sexual assault, domestic violence, dating violence, or stalking victim service provider** within the community where the institution is located. A victim service provider is a nonprofit, nongovernmental organization, tribal organization, or rape crisis center, including a state or tribal domestic violence and/or sexual assault coalition, domestic violence shelter, faith-based organization, or other organization, with a documented history of effective work concerning domestic violence, dating violence, sexual assault, or stalking.

Victim service providers should meet all of the following criteria: 1) provide direct services to victims of sexual assault, domestic violence, dating violence, or stalking as one of their primary purposes and have a demonstrated history of effective work in this field; 2) address a demonstrated need in their communities by providing services that promote the dignity and self-sufficiency of victims, improve their access to resources, and create options for victims seeking safety from perpetrator violence; and 3) do not engage in or promote activities that compromise victim safety.

Please Note: Applicants that fail to include the partners mentioned above in the External Memorandum of Understanding will not be considered for funding.

B. **Internal Partnerships** as outlined in the Internal Memorandum of Understanding (**IMOU**). These partnerships should include a wide variety of departments, offices, and organizations within the institution of higher education. At a minimum, Campus Program partnerships must include:

1. The institution of higher education's president or designee;
2. Student Affairs Administrator;
3. Title IX Coordinators;
4. Clery Act Compliance Officers and Campus Security Authorities;
5. Campus-based victim service providers, if applicable;
6. Campus law enforcement or department of public safety personnel;
7. Campus housing authorities, if applicable;
8. Campus disciplinary boards, conduct investigators and adjudicators, and/or hearing officers; and
9. Representatives from faculty, staff, and administration.

Please Note: Applicants that fail to include an Internal Memorandum of Understanding will not be considered for funding, and applicants that fail to include all of the partners mentioned above (if applicable) in the Internal Memorandum of Understanding will receive point deductions during the application review process.

Additional partners may also include departments/offices/organizations representing research and/or evaluation; students, especially victims/survivors of sexual and dating violence; offices that address compliance with civil rights laws; post-doctoral students; visiting professors; general counsel; gender equity office; clergy; diverse or underserved student populations; the athletic department; sororities and fraternities;

student health centers; library administrators; the governing board; and student government.

2. **Establish a mandatory prevention and education program about sexual assault, domestic violence, dating violence, and stalking for all incoming students (i.e. first year and transfer).**

Campuses must work in collaboration with campus and community-based victim services organizations to:

- A. Develop a mandatory prevention and education program for all incoming students about sexual assault, domestic violence, dating violence, and stalking that incorporates information, awareness, and resources including the students' code of conduct; **AND**
 - B. Develop a mechanism to fully account for the participation of each student in the prevention and education program (i.e., student sign-in, card verification, registration restrictions, class credit). Applicants must provide detailed information on how they will verify that all incoming students (i.e., first year, and transfer) will receive the mandatory trainings.
3. **Train all campus law enforcement to respond effectively to sexual assault, domestic violence, dating violence, and stalking.** Ongoing trainings should consist of campus law enforcement or security personnel, if applicable, and local or community first-responders including officers from dedicated law enforcement units and dispatchers that specifically respond to campus sexual assault, domestic violence, dating violence, and stalking incidents. All mandatory campus law enforcement training programs on sexual assault, domestic violence, dating violence, and stalking should be developed and presented in collaboration with campus and local law enforcement partners and community-based victim advocacy experts. Training should include but is not limited to: information about relevant state and federal laws; arrest protocols; information on enforcement of orders of protection; instruction on making primary aggressor determinations; technology-facilitated stalking behaviors; the ways victims respond to trauma; neurobiology of trauma; lethality assessments; tactics of offenders; forensic interviewing techniques; and “non-stranger” sexual assault investigations.
 4. **Train all members of campus disciplinary boards to respond effectively to situations involving sexual assault, domestic violence, dating violence, and stalking.** All members of campus disciplinary boards, including investigators, persons responsible for appeals, faculty, staff, students, and administrators, should receive relevant training from organizations with a demonstrated expertise in sexual assault, domestic violence, dating violence, and stalking. This training should reflect current best practices in the field. Training topics should include but are not limited to: information about the causes and effects of sexual assault, domestic violence, dating violence, and stalking; a review of the student conduct code; definitions of sexual assault, domestic violence, dating violence, and stalking; the ways victims respond to trauma; neurobiology of trauma; tactics of offenders; information on the issue of consent in sexual assault cases; how to judge credibility; alcohol and drug facilitated sexual assault; and the appropriate range of sanctions.

OVC encourages all applicants to review the [Standards of Training for Campus Security and Disciplinary Board](#), [Standards for Establishing a Prevention and Education Program](#), and [Standards for a Creating Coordinated Community Response](#) for further information on

the statutory minimum requirements.

Other Program Requirements

All grantees must also:

1. **Implement universal prevention strategies that include the following:**
 - A. An ongoing prevention program on sexual assault, domestic violence, dating violence, and stalking for *the entire campus community*; **and**
 - B. A bystander intervention program for *all students*.

2. **Provide Victim Services and Advocacy by:**
 - Partnering with community-based victim service providers that have expertise in sexual assault, domestic violence, dating violence or stalking to develop a referral process; response protocols; and supports that ensure 24 hr. accessibility to confidential victim services and advocacy for all survivors. (Note: a partnership primarily focused on providing training to the campus and/or participation in its CCR team meetings does not meet this requirement);
OR
 - Developing a campus-based victim services and advocacy program that includes a partnership with community-based victim services organizations to ensure 24 hr. accessibility to confidential victim services. The campus-based program should include advocacy services; crisis intervention; referral to community services; access or provision of culturally relevant services or referrals; university housing advocacy; specific counseling that addresses sexual assault, domestic violence, dating violence and stalking; educational advocacy; student conduct/disciplinary advocacy and accompaniment; health/medical care advocacy and accompaniment; etc. **NOTE:** if you elect to develop a campus based victim services program, then you are addressing purpose area 4 and must allocate 20% or more of the grant funding to develop this program. In addition, if grant funded, victim services must be confidential (please see [the confidentiality notice form](#))

3. **Participate in ongoing mandatory and proactive Technical Assistance (TA).**

Grantees must participate in all technical assistance events supported by the Campus Program designated TA providers. TA will be delivered through, but not limited to: regular contact with the designated TA providers, on site TA visits, training and technical assistance institutes and web-based trainings. For more information on technical assistance, please review TA section in the “Training and Technical Assistance” under the [“Funding Restrictions”](#) section.

4. **Follow the appropriate staffing and activities for New or Continuation applicants.**

The following table outlines these requirements:

Requirement	New Applicant	Continuation Applicant
Project coordinator⁴	<ul style="list-style-type: none"> hire a full-time project coordinator (Note: For a Consortia project, there should be at least one full-time project coordinator to oversee the project.) 	<ul style="list-style-type: none"> provide a justification for the amount of time the project coordinator is dedicating to the grant, if less than 50%, to demonstrate the applicant's capacity to adequately implement the goals and objectives of the project
Activity	<ul style="list-style-type: none"> address only the basic statutory and program requirements; work closely with the designated OVW TA providers throughout the entire project period; implement a planning year (year one) as required by the grant; and participate in a mandatory New Grantee Orientation and three training and technical assistance institutes in year one of the grant. 	<ul style="list-style-type: none"> address BOTH basic statutory and program requirements AND propose new project activities that exceed these requirements. Applicants must address at least one element within each program goal described below

OVW has identified the following activities that can be implemented beyond the basic statutory and program requirements and which are required for all continuation applicants and optional for new applicants.

GOAL #1: Broad Campus and Community Engagement

- Ensure all CCR team members use consistent messaging, goals and strategies as part of the CCR approach;
- Ensure CCR efforts are rooted in culturally relevant, survivor centered approaches;
- Infuse a healthy masculinity framework into CCR team work; and
- Ensure CCR efforts create systemic changes in responses to sexual assault, domestic violence, dating violence and stalking.

GOAL #2: The Reduction of Sexual Assault, Domestic Violence, Dating Violence and Stalking

- Ensure ongoing prevention strategies are comprehensive and culturally relevant; and
- Address healthy masculinity and incorporate robust engaging men strategies into prevention efforts.

GOAL #3: Effective Responses and Interventions

- Create effective systems for enforcement and accountability; and
- Provide access to survivor-centered interventions and other supportive services.

⁴ A project coordinator's primary role is to oversee the project through the planning and implementation phases, coordinate the work of the CCR team and ensure the project achieves its stated goals. In light of the scope of work needed for effective implementation of this program and to avoid potential conflicts of interest, the project coordinator cannot be a Title IX coordinator or victim advocate. Applicants must also weigh whether there are potential conflicts of interests if the position is located in or supervised by the Title IX office.

See the Technical Assistance supplemental document labeled "[Implementation of a Comprehensive Sexual Assault, Domestic Violence, Dating Violence and Stalking Program](#)" on the OVW website for more detailed information on how to address each element.

OVW Priority Areas

In FY 2017, OVW is interested in supporting the priority areas identified below. Final funding decisions will be based on a combination of factors including, but not limited to: peer review score, programmatic review and the extent to which the applicant meets the identified priority area(s).

1. **Strengthen coordinated community response and multi-disciplinary teams for community colleges.**

OVW recognizes that community colleges' reliance on community partners to provide critical services and supports to students is a unique characteristic of their campus CCR. OVW encourages community colleges to apply for Campus Program funding so that strategies and approaches learned from this model can be replicated.

2. **Meaningfully increase access to OVW programming for specific underserved populations.**

OVW recognizes that campuses have diverse student populations whose needs may warrant tailored approaches different from traditionally used approaches. In addition, many campuses, especially those that primarily serve communities of color and other underserved populations, may not be aware of this funding opportunity. Therefore, OVW is encouraging applications from the following institutions: Historically Black Colleges and Universities (HBCU), Tribal Colleges and Universities (TCU), universities and colleges that serve primarily Latino or Hispanic populations or are based in the territories of Guam, Virgin Islands, Puerto Rico, Northern Mariana Islands, and American Samoa. Also, OVW are encouraging applicants to support underserved and/or culturally-specific populations in a thoughtful and strategic way. Therefore, applicants are encouraged to develop or enhance culturally and linguistically specific prevention and intervention strategies for underserved communities such as African American; Asian and Pacific Islander; Latino; lesbian, gay, bisexual, transgender, queer/questioning (LGBTQ); and Deaf or hard of hearing. During the peer review process, applicants that propose to work with these underserved populations will be assessed on the merits of proposed activities and their partnerships with organizations serving the target populations.

Activities that Compromise Victim Safety and Recovery

The following activities have been found to jeopardize victim safety, deter or prevent physical or emotional healing for victims, or allow offenders to escape responsibility for their actions:

1. Procedures or policies that exclude victims from receiving safe shelter, advocacy services, counseling, and other assistance based on their actual or perceived sex, age, immigration status, race, religion, sexual orientation, gender identity, mental health condition, physical health condition, criminal record, work in the sex industry, or the age and/or gender of their children.⁵

⁵If an award is made, the recipient will also be subject to statutory prohibitions on discrimination. For further information on these civil rights requirements, see the section "Violence Against Women Act Non-Discrimination Provision" under "F. Federal Award Administration Information."

2. Procedures or policies that compromise the confidentiality of information and privacy of persons receiving OVW-funded services.
3. Procedures or policies that impose requirements on victims in order to receive services (e.g. seek an order of protection, receive counseling, participate in couples counseling or mediation, report to law enforcement, seek civil or criminal remedies, etc.).
4. Procedures or policies that fail to include conducting safety planning with victims.
5. Project design and budget that fail to account for the access needs of participants with disabilities and participants who have limited English proficiency or who are Deaf or hard of hearing.
6. Couples counseling, family counseling or any other manner or joint victim-offender counseling as a routine or required response to sexual assault, domestic violence, dating violence, or stalking.
7. Procedures or policies that do not provide student victims with the option of making the final decision to modify their class schedules and/or other arrangements such as living arrangements or failing to provide appropriate academic or other accommodations.
8. Dissemination of information, education, or prevention materials that place blame on the victim or focus primarily on changing victim behavior.

Applications that propose activities that compromise victim safety and recovery may receive a deduction in points during the review process or may be eliminated from further consideration entirely unless these activities are required by law.

Out-of-Scope Activities

OVW has determined the activities listed below to be out of the program scope, and they will not be supported by Campus Program funding.

1. Research projects (This does not include program assessments conducted only for internal improvement purposes. See “Research and Protection of Human Subjects” in the [Solicitation Companion Guide](#));
2. Projects that focus primarily on alcohol and substance abuse;
3. Activities that focus primarily on sexual harassment;
4. Education or prevention programs for elementary and secondary students on sexual assault, dating violence, domestic violence, and stalking;
5. Mandatory self-defense classes, or self-defense classes as the only means of providing prevention and education to students;
6. Theater performances that do not specifically address sexual assault, domestic violence, dating violence or stalking; and
7. Developing products and/or materials that are not specifically focused on the dynamics of sexual assault, domestic violence, dating violence and stalking.

An application that is deemed to be substantially out-of-scope, proposes a substantial number of activities that are unallowable, or proposes activities that pose a significant threat to victim safety or a serious breach of confidentiality will not be considered for funding.

Unallowable Activities

OVW has determined the activities listed below to be unallowable and they will not be supported by Campus Program funding.

1. Lobbying;
2. Fundraising;
3. Purchase of real property;
4. Physical modifications to buildings, including minor renovations (such as painting or carpeting) **except those modifications outlined in purpose area 7 (see page 2) of this solicitation;**⁶
5. Construction;
6. Providing victim assistance not directly related to the victimization;
7. Tuition reimbursement;
8. Incentives for students to participate in mandatory trainings and climate surveys⁷; and
9. Supporting Title IX Investigator or Coordinator positions.

Applications that propose unallowable activities may receive a point deduction during the review process or may be eliminated from further consideration entirely.

B. Federal Award Information

Availability of Funds

All awards are subject to the availability of appropriated funds and any modifications or additional requirements that may be imposed by law. There is no guarantee that funds will be available in the future. Therefore, OVW encourages applicants to develop a plan to sustain project activities if federal funding through this program ceases to be available. Also, please note that OVW may elect to make awards for applications submitted under this solicitation in future fiscal years, depending on the merits of the applications and on the availability of funding.

Award Period

The grant award period is 36 months. Budgets must reflect 36 months of project activity, and the total “estimated funding” on the SF-424 must reflect 36 months. Generally, the award period will start on October 1, 2017.

Award Amounts

Applicants should not exceed the award amounts listed in this solicitation and should carefully consider the resources needed to successfully implement the proposed project.

Funding levels under the Campus Program for FY 2017 are as follows:

1. **Individual Projects (as defined under subtypes): up to \$300,000**
2. **Consortia Projects (as defined under subtypes):**
 - A. **Two to Four institutions: up to \$550,000; or**
 - B. **Five or more institutions: up to \$750,000.**

OVW has the discretion to award grants for greater or lesser amounts than requested and to negotiate the scope of work and budget with applicants prior to award of a grant.

⁶ Applicants proposing to use grant funds for physical modifications as outlined in purpose area 7 must follow the guidelines set forth in [Appendix G - Physical Modification Guidelines](#).

⁷ OVW does not discourage incentives for such activities, however, grant funds should not be used for such purposes.

The Campus Program typically makes awards for individual projects in the range of \$250,000-\$300,000 and for consortia projects in the range of \$450,000-\$750,000. OVW estimates that it will make up to 45 awards for an estimated \$20 million. Awards will be made as grants.

Types of Applicants

In FY 2017, OVW will accept applications for the Campus Program from the following:

New: applicants that have never received funding or served as a lead institution for a Campus Program grant award or currently do not have an active grant award under the Campus Program (awards closed 12 months or longer).

Continuation: applicants that have an existing or recently closed (within the last 12 months) award under the Campus Program. Continuation funding is not guaranteed.

Grant recipients that received new or supplemental/continuation for the Campus Program funding for 36 months in **FY 2015 and 2016** are NOT eligible to apply.

Additionally, continuation applicants with 50% or more of funds remaining at the time of application submission without adequate justification may not be considered for funding in FY 2017.

Sub-Type: In addition to new and continuation applications, OVW has determined that applicants for the Campus Program must also identify as one of the sub-types listed below.

1. An **individual applicant** is a single institution of higher education that proposes to develop and implement project activities on its own campus.
2. A **consortium project** involves two or more institutions of higher education working together to implement the project activities. Each institution within the consortium must fully implement the statutory and program requirements on its respective campus. A consortium application must fully describe the relationship among the various entities identified.

While all members of the consortium are equal partners in decision-making and should work in a cooperative and coordinated manner on all project activities, the application should identify one college or university as the entity to receive and administer grant funds (as fiscal entities only) as well as to coordinate all grant-funded consortium activities. As equal partners in this project, no significant changes or decisions in project goals or budgeting can be made without the consultation of the consortium institutions.

Please note: Consortium projects must ensure that each participating institution is also eligible to apply.

Applicants may only submit one proposal per category (individual or consortium project) to be considered for funding. In addition, for purposes of the campus program, satellite or branch campuses are not considered separate institutions. Therefore, an institution with multiple satellite or branch locations should not apply as a consortium project.

C. Eligibility Information

Eligible Applicants

It is very important that applicants review this information carefully. Applications that are submitted by ineligible entities or that do not meet all program eligibility requirements will not be considered for funding.

Eligible entities for this program are:

Institutions of higher education as defined under the Higher Education Amendments of 1998, 20 U.S.C. § 1001, which provides that the term “institution of higher education” means an educational institution in any state⁸ that: (1) admits as regular students only persons having a certificate of graduation from a school providing secondary education, or the recognized equivalent of such a certificate; or students who have completed a secondary school education in a home school setting that is treated as a home school or private school under state law; (2) is legally authorized within such state to provide a program of education beyond secondary education; (3) provides an educational program for which the institution awards a bachelor's degree or provides not less than a 2-year program that is acceptable for full credit toward such a degree, or awards a degree that is acceptable for admission to a graduate or professional degree program, subject to review and approval by the Secretary of Education; (4) is a public or other nonprofit institution; and (5) is accredited by a nationally recognized accrediting agency or association, or if not so accredited, is an institution that has been granted preaccreditation status by such an agency or association that has been recognized by the Secretary of Education for the granting of preaccreditation status, and the Secretary of Education has determined that there is satisfactory assurance that the institution will meet the accreditation standards of such an agency or association within a reasonable time.

Nonprofit Organization Requirement – Offshore Accounts

Any nonprofit organization that holds money in offshore accounts for the purpose of avoiding paying the tax described in section 511(a) of the Internal Revenue Code is not eligible for a grant from the Campus Program.

Cost Sharing or Match Requirement

This program has no match or cost sharing requirement.

All certification and other eligibility related documents must be current and developed in accordance with the FY 2017 solicitation. Applications that do not meet all of the program eligibility requirements below will not be considered for funding under the Campus Program.

Certification of Eligibility

All applicants must certify in writing that they are in compliance with section 485(f) of the Higher Education Act of 1965, as amended, which requires that all eligible institutions of higher education collect certain types of information about campus crime statistics and security policies for their respective campuses. See 20 U.S.C. §1092(f). The information must be compiled in an annual security report and disseminated to all current students and employees, and, upon request, to any applicant for enrollment or employment. The annual security report must contain information regarding campus security policies and campus crime statistics.

Please note that while certification is required under the Campus Program, institutions of higher education that receive federal funds are already required to comply with the above provision.

Certification Letter of Intent to Implement Statutory Minimum Requirements

All applicants must certify by letter that they have knowledge of and are committed to the full implementation of each of the statutory minimum requirements of the Campus Program.

Applicants must allot sufficient funding for each proposed project activity to ensure that every statutory minimum requirement is completed by the end of the designated project period. **The letter must be signed by the highest authorizing official (e.g., President, Chancellor and/or Provost) of each of the participating institutions of higher education**, certifying its intention to implement and dedicate the necessary funds to complete the following requirements by the end of the award period:

1. create a **coordinated community response** including both organizations external to the institution and relevant divisions of the institution;
2. establish a **mandatory prevention and education program** about sexual assault, domestic violence, dating violence, and stalking for **all incoming students**;
3. **train all campus law enforcement** to respond effectively to sexual assault, domestic violence, dating violence, and stalking; and
4. **train all members of campus disciplinary boards** to respond effectively to situations involving sexual assault, domestic violence, dating violence, and stalking.

Both letters of certification **must** address compliance with the requirements outlined above and signed by the highest authorizing official (President/Chancellor and/or Provost) for each of the institutions of higher education that are involved in the project. Applicants that do not provide two letters certifying that they are in compliance with these statutory and program requirements at the time of application submission will not be considered for funding.

Required Partnerships

Applicants that fail to include required partners will not be considered for funding.

Limit on Number of Applications Submissions

An applicant can only submit one application per institution in response to this solicitation. If an applicant submits multiple versions of the same application, OVW will review only the most recent system-validated version submitted before the deadline.

D. Application and Submission Information

Address to Request Application Package

The complete application package is available on Grants.gov or at the [OVW website](http://www.justice.gov/ovw) at <http://www.justice.gov/ovw>. Applicants wishing to request a paper copy of the application materials should contact ovw.campus@usdoj.gov.

Content and Form of Application Submission

The information below (“**Letter of Registration**” through “**Additional Required Information**”) describes the full content and form of application submission.

Letter of Registration

Applicants intending to apply for FY 2017 funding under this program are strongly encouraged to submit a letter of registration. The letter should state that the applying institution is registered and current with SAM and with Grants.gov. The letter should be submitted to OVW at ovw.campus@usdoj.gov by **February 2, 2017**. This will ensure that the applicant is well-positioned to successfully submit a proposal by the application deadline. This letter will not obligate the applicant to submit an application. See [Appendix B](#) for a sample Letter of Registration.

Pre-Application Information Sessions

OVW will conduct three Pre-Application Information Sessions. During these sessions, OVW staff will review the Campus Program requirements, review the solicitation, and allow for a brief question and answer session. Participation in these sessions is optional. The sessions are tentatively scheduled for **2-4 pm EST** on:

1. **January 25, 2017**
2. **February 1, 2017**
3. **February 8, 2017**

Anyone interested in submitting an application to the Campus Program may register to participate in a pre-application information session. The total number of participants for each session is limited to 100 participants. Registration is on a first-come-first-serve basis, and space is not guaranteed. Interested participants from the same institution/jurisdiction are strongly encouraged to participate together so that as many campuses as possible may join the session. OVW reserves the right to deny multiple registrations from a single institution/jurisdiction.

To register, please contact the OVW Campus Program mailbox at ovw.campus@usdoj.gov. Registration must be received at least two days prior to the start of the session. Please provide at least two requested dates in case your first choice request cannot be granted. Interested applicants will receive a confirmation email to verify that they are registered for the requested call.

Application Contents

This section describes what is included in a complete application package. Applicants should anticipate that failure to submit an application that contains all of the specified elements will negatively affect the review of the application and may result in the application not being considered for funding. Should a decision be made to make an award, it may result in the inclusion of special conditions that preclude access to or use of award funds pending satisfaction of the conditions. It is the responsibility of the applicant to ensure that a complete application is submitted by the deadline. OVW will not contact applicants for missing items.

Applicants should not submit documents that were not specifically asked for in the solicitation. Providing information that was not requested will not increase the likelihood that an application will be selected for funding. All materials submitted as part of an application may be released pursuant to a request under the Freedom of Information Act.

key staff position(s) please include a brief job description of the roles and responsibilities.

5. Explain how information will be shared between partners, including how they will protect information that is confidential or privileged. Applicants should recognize that partners such as legal and victim service providers can provide varying degrees of confidentiality, often depending on federal, state, and tribal laws. This may affect what information about victims they can share with partners. Other partners may have additional legal requirements and limitations.

Continuation only:

Provide a justification for the percentage of time the project coordinator is dedicated to the project, if that the time is less than 50%, to demonstrate the applicant's capacity to adequately implement the goals and objectives of the project.

Budget Detail Worksheet and Narrative (15 Points)

All applications must include a detailed budget and budget narrative. A sample Budget Detail Worksheet is available in [Appendix A](#). When preparing the Budget Detail Worksheet and Narrative, please use the Sample Budget Detail Worksheet as a guide and be sure to include all necessary budget categories as outlined in the Worksheet. Also, keep in mind that budgetary requirements vary slightly among programs. Applicants must read the solicitation closely to determine the requirements of the budget and budget narrative for each OVW program. Additionally, the budget must adhere to the guidelines contained in the [DOJ Financial Guide](#).

Award Period

The grant award period is 36 months. Budgets must reflect 36 months of project activity, and the total "estimated funding" (block 15) on the SF-424 must reflect 36 months.

Award Amounts

Applicants should carefully consider the resources needed to successfully implement the proposed project and present a realistic budget that accurately reflects project costs. OVW has the discretion to award grants for greater or lesser amounts than requested and to negotiate the scope of work and budget with applicants prior to award of a grant.

Total funding levels under the Campus Program for FY 2017 are as follows:

1. **Individual Projects (as defined under subtypes): up to \$300,000**
2. **Consortia Projects (as defined under subtypes):**
 - **Two to Four institutions: up to \$550,000; or**
 - **Five or more institutions: up to \$750,000.**

NOTE: For applicants that have received three previous cycles of Campus Program funding it is highly unlikely that additional funding will be awarded.

Budget Requirements.

Applicants must submit reasonable budgets based on the resources needed to implement their projects in their specific geographic location. The budget should display a clear link between the specific project activities and the proposed budget items. It should not contain any items that are not detailed in the project narrative. The budget narrative must support all costs included in the budget and explain how the costs of goods and services are determined and how they will fulfill the overall objective of the project.

In some circumstances, the budget and budget narrative will be reviewed separately from the proposed project narrative. Therefore, it is very important that the budget narrative be as comprehensive as possible and describe in a narrative format each line item requested in the budget.

The budget must:

- Include funds or Identify other resources available to support activities to ensure access for individuals with disabilities, Deaf/hard of hearing individuals, and persons with limited English proficiency. Please see "[Accessibility](#)" under "F. Federal Award Administration Information."

In developing the budget, applicants should financially compensate all project partners for their participation in any project-related activities, including, but not limited to, compensation for time and travel expenses to participate in project development, training, and implementation. The budget **must** include compensation for all services rendered by project partners, including the victim service provider. If a partner is a state local, tribal or territorial agency and the partnership duties are conducted within the course of the agency's "regular" scope of work, the applicant does not need to compensate the partner if the partner an explanation of this arrangement is included in the budget and External Memorandum of Understanding.

NOTE: Consortia applicants must ensure fair and equitable compensation for consortium member institutions so that they are able to fully implement the statutory and program requirements.

The budget also must:

1. Include funds to attend OVW-sponsored training and technical assistance in the amount of **\$36,250 for individual projects and \$72,500 for consortium projects** Applicants from Alaska, Hawaii, and United States Territories should allocate **an additional \$5,000** to account for higher travel costs. Please see "[Training and Technical Assistance](#)" in the Funding Restrictions section of the solicitation.
2. Indirect costs that are limited to **no more than 10% of Modified Total Direct Costs (MTDC)**. This limit applies to both direct recipients and subrecipients of Campus Program funds. The amount of indirect costs charged cannot exceed the amount an institution or subrecipient would charge using their federally approved indirect cost rate.
3. Per statute, if the applicant selected statutory purpose area four then the budget **must include an allocation of 20% or more of grant funds** to support the provision of direct services. In addition, applicants proposing to develop a campus based victim services program must also allocate 20% or more of grant funding to this purpose.
4. **New applicants only:** support for one full-time position for the project coordinator. In light of the scope of work needed for effective implementation of this program and to avoid potential conflicts of interest, the project coordinator cannot be a Title IX coordinator or victim advocate.

For additional guidance please go to the [Funding Restrictions](#) section of the solicitation.

Memoranda of Understanding: IMOU and EMOU (30 Points Total)

For purposes of this solicitation, two MOUs are required: IMOU and EMOU. All continuation applicants must develop new MOUs that reflect the continuation of project activities and include current dates and signatures from all relevant project partners. **Letters of support may not be**

submitted in lieu of the IMOU or EMOU. The absence of either the IMOU or EMOU will eliminate the applicant from further consideration.

The MOUs are documents containing the terms of the partnership and the roles and responsibilities between two or more parties. If necessary, an MOU can include multiple signature pages so long as each page includes the name and title on each signature page.

The MOU must:

1. Clearly identify the partners and provide a brief history of the collaborative relationship among those partners, including when and under what circumstances the relationship began and when each partner entered into the relationship.
2. Clearly state the roles and responsibilities each partner will assume to ensure the success of the proposed project.

Internal Memorandum of Understanding (IMOU) (15 Points)

Each individual or consortium application must include an Internal Memorandum of Understanding, which represents a partnership with different departments, offices and entities within the institution of higher education (see minimum internal partner requirement on page 2). Each applicant must provide an IMOU as a single document that is current (**dated during the development of the proposal**) and includes signatures, titles, and dates from all partners.

The IMOU must be signed by a representative of the governing body of the institution(s) of higher education, the president(s), and/or chancellor(s) of the institution(s) of higher education and the chief executive officers and/or directors of all participating partner entities within the institution(s).

The IMOU must also:

1. Identify the departments, offices, or entities designated to receive and administer grant funds and to manage and coordinate project activities within the institution of higher education;
2. Provide a brief description of the confidentiality limitations and requirements of all partners and include a statement that each partner understands the limits of disclosure of personally identifying information under the Violence Against Women Act (see the [confidentiality notice form](#))
3. Address how privacy and informed consent will be utilized in the project to ensure that victim confidentiality is maintained to the extent possible by law;
4. Indicate approval of the proposed project budget by all partners;
5. Describe the resources each partner would contribute to the project, either through time, in-kind contributions, or other (e.g., office space, project staff, training); and
6. Describe the mechanism for reimbursement and that the procedure has been clearly communicated and agreed upon by all participating partners.

Individual Projects should submit the IMOU as one document including signatures from appropriate representatives of each campus-based partner entity (e.g., Director of Athletics, Director of the Women’s Center, Chief of Campus Public Safety, and Dean of Students).

For Consortia Projects the IMOU can be presented in one of two ways: 1) as a single document that outlines the roles and responsibilities of each partner within the consortium, with all signatories presented on one page; or 2) a summary page outlining the activities to be

completed within the consortium along with an IMOU from each institution involved in the consortium. The IMOU of each school must identify their partners, their roles and responsibilities, and the corresponding signatures including the school's authorizing official (e.g., president, chancellor, or provost).

External Memorandum of Understanding (EMOU) (15 Points)

Each individual or consortium application must include one External Memorandum of Understanding (EMOU) for the entire project, which represents partnerships with community-based organizations and agencies in the local or neighboring jurisdiction that are not affiliated with the institution(s) of higher education. At a minimum, the EMOU must indicate a partnership between the institution of higher education, a victim service provider and at least one criminal justice or civil service legal agency. Each applicant must provide an EMOU as a single document that is current (**i.e. signed and dated during the development of the proposal**) and include signatures, with title of the signatories and identify the institution of the president and/or chancellor of the institution(s) of higher education and the chief executive officer and/or director of the victim service provider, the criminal justice or civil legal agency, and other community organizations.

Institutions should note that if an application focuses mainly on a specific population, issue or crime, their partnering organization should also demonstrate expertise in addressing that population, issue or crime.

The EMOU must also:

1. Provide a description of the confidentiality limitations and requirements of all partners and include a statement that each partner understands the limits of disclosure of personally identifying information under the Violence Against Women Act (see [the confidentiality notice form](#));
2. Address how privacy and informed consent will be utilized in the project to ensure that victim confidentiality is maintained to the extent possible by law;
3. Indicate approval of the proposed project budget by all partners;
4. Describe the resources each partner would contribute to the project, either through time, in-kind contributions, or other (e.g., office space, project staff, training); and
5. Identify a mechanism for reimbursement that has been clearly communicated and agreed upon by all participating institutions.

Additional Required Information

The following documents will not be scored during the review process but they should be included with your application. Failure to include any of the information may result in your application being removed from consideration from funding.

Disclosures Related to Executive Compensation

An applicant that is a nonprofit organization may be required to make certain disclosures relating to the processes it uses to determine the compensation of its officers, directors, trustees, and key employees.

Under certain circumstances, a nonprofit organization that provides unreasonably high compensation to certain persons may subject both the organization's managers and those who receive the compensation to additional federal taxes. A rebuttable presumption of the reasonableness of a nonprofit organization's compensation arrangements, however, may be

available if the nonprofit organization satisfied certain rules set out in Internal Revenue Service regulations with regard to its compensation decisions.

Each applicant nonprofit organization must state at the time of its application (in the "Summary Data Sheet" mentioned earlier) whether the applicant is a nonprofit organization that uses the Internal Revenue Service's three-step safe-harbor procedure to establish a rebuttable presumption that its executives' compensation is reasonable.

A nonprofit organization that states on the Summary Data Sheet that it uses the safe-harbor procedure must then disclose, in an attachment to its application (to be titled "Disclosure of Process related to Executive Compensation"), the process used by the applicant nonprofit organization to determine the compensation of its officers, directors, trustees, and key employees (together, "covered persons").

At a minimum, the disclosure must **describe** in pertinent detail: (1) the composition of the body that reviews and approves compensation arrangements for covered persons; (2) the methods and practices used by the applicant nonprofit organization to ensure that no individual with a conflict of interest participates as a member of the body that reviews and approves a compensation arrangement for a covered person; (3) the appropriate data as to comparability of compensation that is obtained in advance and relied upon by the body that reviews and approves compensation arrangements for covered persons; and (4) the written or electronic records that the applicant organization maintains as concurrent documentation of the decisions with respect to compensation of covered persons made by the body that reviews and approves such compensation arrangements, including records of deliberations and of the basis for decisions.

For purposes of the required disclosure, the following terms and phrases have the meanings set out by the Internal Revenue Service for use in connection with 26 C.F.R. 53.4958-6: officers, directors, trustees, key employees, compensation, conflict of interest, appropriate data as to comparability, adequate documentation, and concurrent documentation.

Applicant nonprofit organizations should note that following receipt of an appropriate request, OVW may be authorized or required by law to make information submitted to satisfy this requirement available for public inspection. Also, a recipient may be required to make a prompt supplemental disclosure after the award in certain circumstances (e.g., changes in the way the organization determines compensation).

Confidentiality Notice Form

All applicants are required to acknowledge that they have received notice that grantees and subgrantees must comply with the confidentiality and privacy requirements of the Violence Against Women Act, as amended. Applicants must submit the acknowledgement form available on the OVW website at http://www.justice.gov/sites/default/files/ovw/pages/attachments/2015/01/20/confidentiality_acknowledgement_form_42015.pdf. This form must be signed by the authorized representative and uploaded with the application on Grants.gov.

Application for Federal Assistance (SF-424)

Applicants must complete the SF-424 online. For "Type of Applicant," please do not select "other." Please pay careful attention to the amount of federal funding requested in the "Estimated Funding" section of this form. This amount must match the amount of federal funding

requested in the budget section of the application package. Only include values for “Applicant” if the program solicitation requires a match. The individual who is listed in “Authorized Representative” must be individual who has the authority to apply for and accept grant awards on behalf of the organization or jurisdiction.

Standard Assurances and Certifications Regarding Lobbying; Debarment, Suspension, and Other Responsibility Matters; and Drug-Free Workplace Requirements (Form 4061/6)

Please carefully review the assurances and certification forms online. Applicants will receive a request to compile these forms online during the application submission process.

All applicants must complete the *Disclosure of Lobbying Activities* (SF-LLL) form. Applicants that expend any funds for lobbying activities must provide the detailed information requested on the form. Applicants that do not expend any funds for lobbying activities should enter “N/A” in the required highlighted fields.

Letter of Nonsupplanting

Applicants must submit a letter to OVW’s Director, signed by the [Authorized Representative](#), certifying that federal funds will not be used to supplant state or local funds should a grant award be made. Please refer to

http://www.justice.gov/sites/default/files/ovw/legacy/2012/10/09/nonsup_letter.pdf for a sample letter. This should be a separate attachment to the application in [Grants.gov](#).

Financial Accounting Practices

Each applicant must prepare a response to the following questions. Please be sure to provide complete responses that address all questions included for each numbered item. OVW will review the applicant’s responses to assist in evaluating the adequacy of the organization’s financial management system and to identify areas of need for training and technical assistance. This section of your application should be no more than two pages and should be a separate attachment to the online application in [Grants.gov](#).

1. Will all funds awarded under this program be maintained in a manner that they will be accounted for separately and distinctly from other sources of revenue/funding? Please provide a brief description of the organization’s policies and procedures that ensure funds will be tracked appropriately.
2. Does the applicant have written accounting policies and procedures? How often are these policies and procedures updated? Please provide a brief list of the topics covered in the organization’s policies and procedures. OVW may request a copy for review during the application/award process or as part of the grant monitoring process.
3. Is the applicant’s financial management system able to track actual expenditures and outlays with budgeted amounts for each grant or subgrant? Please provide a brief summary of the organization’s process for tracking expenditures, including tracking budgeted versus actual amounts.
4. Does the applicant have procedures in place for minimizing the time between transfer of funds from the United States Treasury and disbursement for project activities? Please provide a short summary of the organization’s policy for requesting payments for grant awards.
5. Does the applicant have effective internal controls in place to ensure that federal funds are used solely for authorized purposes? Please provide a brief description of the applicant organization’s internal controls that will provide reasonable assurance that the award funds will be managed properly.

6. Does the applicant have a documented records retention policy? If so, briefly describe the policy.
7. Does the applicant organization or any of its employees have any potential personal or organizational conflicts of interest related to the possible receipt of OVW award funds? Organizations are required to disclose in writing any potential conflicts of interest to their awarding agency. See 2 CFR 200.112 of the Uniform Guidance and Chapter 3.20, Grant Fraud, Waste and Abuse, of the DOJ Financial Guide for additional information.
8. Is the individual primarily responsible for fiscal and administrative oversight of grant awards familiar with the applicable grants management rules, principles, and regulations including the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (2 CFR Part 200)? Please provide a short list of the individual's qualifications/experience. If the individual is not familiar with the applicable rules and regulations, the applicant must contact OVW's Grants Financial Management Division at OVW.GFMD@usdoj.gov or 1-888-514-8556 immediately after the organization is notified of its award to coordinate training.

This information will be used for a mandatory pre-award risk assessment. Failure to provide this information or to respond to questions from OVW regarding this information in a timely manner could result in the applicant being removed from consideration or a delay in funds.

Applicant Financial Capability Questionnaire (if applicable)

All nonprofit, nongovernmental organizations that apply for funding from OVW and have not previously (or within the last three years) received funding from OVW must complete an Applicant Financial Capability Questionnaire, and submit it as a separate attachment with their application. Additionally, applicants may be required to submit their current year's audit report at a later time. The form can be found at <http://www.justice.gov/ovw/how-apply>.

Indirect Cost Rate Agreement (if applicable)

Applicants that intend to charge indirect costs through the use of an indirect cost rate must have a federally-approved indirect cost rate agreement. Please include a copy of a current, signed federally-approved indirect cost rate agreement. This should be a separate attachment to the application in [Grants.gov](http://www.justice.gov/ovw/how-apply). **Please note that indirect cost under the Campus program is limited to no more than 10% of MTDC.**

Non-federal entities that have never received a federally-approved indirect cost rate may elect to charge a de minimis rate of 10% of modified total direct costs which may be used indefinitely. This includes state and local governments that have never negotiated an indirect cost rate with the federal government and receive less than \$35 million in direct federal funding per year. Tribes that have never negotiated an indirect cost rate with the federal government may also use the 10% de minimis rate.

Organizations that wish to negotiate an indirect cost rate may contact OVW's Grants Financial Management Division at OVW.GFMD@usdoj.gov or 1-888-514-8556 for more information.

Unique Entity Identifier (DUNS Number) and System for Award Management (SAM)

Applicants for federal grants and cooperative agreements are required to have a Data Universal Number System (DUNS) Number to submit an application. A DUNS Number is a unique nine-character identification number provided by the commercial company **Duns & Bradstreet (D&B)**. Once an applicant has completed the D&B registration, its DUNS Number should be available within two business days.

Federal guidelines require that applicant organizations must (1) be registered in SAM.gov prior to submitting an application; (2) provide a valid DUNS number in its application; and (3) continue to maintain an active SAM registration with current information at all times during which it has an active federal award or an application under consideration by a federal awarding agency. Also, federal agencies may not make an award to an applicant until that applicant has complied with all applicable DUNS and SAM requirements. If an applicant has not fully complied with the requirements by the time that OVW is ready to make an award, then OVW may make the determination that the applicant is not qualified to receive an award and use that determination as a basis for making the award to another applicant.

The SAM centralizes information about grant recipients and also provides a central location for grant recipients to change organizational information. Grants.gov uses SAM to establish roles and IDs for electronic grant applicants.

If the applying organization already has an Employer Identification Number (EIN), the SAM registration will take **up to two weeks to process**. If the applying organization does not have an EIN, then **the applicant should allow two to five weeks for obtaining the information from IRS when requesting the EIN via phone, fax, mail or Internet**. Follow the steps listed below to register in the SAM:

1. Obtain a DUNS number at the following website <http://www.dnb.com/us/> or call (866) 705-5711.
2. Access the SAM online registration through the SAM homepage at <https://www.sam.gov/> and follow the online instructions for new SAM users.
3. Complete and submit the online registration. If the applying organization already has the necessary information on hand, the online registration takes approximately 30 minutes to complete, depending upon the size and complexity of the business or organization. Once the SAM registration becomes active, the applicant will be able to return to Grants.gov and complete the registration. **Please note that organizations must update or renew their SAM registration at least once a year to maintain an active status.**

Registration	Where to Register	Deadline
DUNS	DUNS	February 2, 2017
SAM	SAM	February 2, 2017
Grants.gov	Grants.gov	February 2, 2017

There is no fee associated with the registration process. Additionally, the registration process cannot be expedited. OVW strongly discourages applicants from paying a third party to register on their behalf in an attempt to expedite the registration process. To ensure all applicants have ample time to complete the registration process, applicants must obtain a DUNS number, register online with the SAM and with Grants.gov immediately, but no later than **February 1, 2017**.

Submission Dates and Times

It is very important that applicants read this section carefully. It is the responsibility of the applicant to ensure that the application is complete and submitted by the deadline. OVW will not contact applicants for missing items. Applicants should anticipate that failure to meet all

registration and submission deadlines will result in their application being removed from consideration. Applicants should refer to the chart below to ensure that all required steps and deadlines are met.

Applicants are strongly encouraged to begin the application submission process at least 48 hours but no later than 24 hours before February 22, 2017.

OVW Policy on Duplicate Applications

An applicant should submit one application for the same project per program. If an applicant submits multiple versions of an application, OVW will review the most recent version submitted.

OVW Policy on Late Submissions

OVW offers several options for an applicant to provide advance notice to OVW if receipt of its application will be delayed. Applicants should refer to the chart below for the various scenarios. Applicants should thoroughly familiarize themselves with the requirements as outlined by OVW in the chart below. An applicant’s request to submit an application after the deadline will be considered by OVW if all of the steps below are followed. Only in rare circumstances are extensions granted. For applicants that receive permission to submit an application after the deadline, those applications will be reviewed to ensure that the application meets the basic minimum eligibility requirements (BMR) and will be subject to the review process as outlined in this solicitation.

OVW may request additional documentation from the applicant verifying the extraordinary natural or manmade disaster.</p>	Up to 7 calendar days after the application deadline of January 10, 2017.

Failure to begin the registration or application submission process in sufficient time is not an acceptable reason for a late application submission. Applicants should register with SAM and Grants.gov by **February 2, 2017**. To ensure a successful application submission, OVW strongly encourages applicants to submit their applications at least 48, but no less than 24, hours before the deadline.

Please note that the Grants.gov notification process is automatic. OVW does not send out these notifications, nor does OVW receive a copy of these notifications. It is the responsibility of the applicant to notify OVW of any problems with the application submission process. Please see "[Experiencing Unforeseeable Technical Issues](#)" for information on the steps applicants must follow if corrective action is required.

Intergovernmental Review - Single Point of Contact Review

Executive Order 12372 requires applicants from state and local units of government or other organizations providing services within a state to submit a copy of the application to the [state Single Point of Contact \(SPOC\)](#) if one exists and if the program has been selected for review. Applicants must contact their state SPOCs to determine whether their programs have been selected for state review. The applicant should enter the date that the application was sent to the SPOC or the reason such submission is not required in the section of the SF 424 which refers to EO 12372. Applicants can find a list of SPOCs on the Office of Management and Budget website at http://www.whitehouse.gov/omb/grants_spoec.

Funding Restrictions

Federal assistance awards are governed by the provisions of 2 CFR Part 200. Additionally, OVW awards are covered by the [DOJ Financial Guide](#). The [DOJ Financial Guide](#) includes

information on allowable costs, methods of payment, audit requirements, accounting systems, and financial records. This document also outlines the successful administration of grant funds.

Any recipient of an award will be responsible for monitoring subgrants/contracts, including MOU partner activities, under the grant in accordance with all applicable statutes, regulations, guidelines, and the [DOJ Financial Guide](#). Primary recipients will be responsible for oversight of subgrantee/partner spending and monitoring specific performance measures and outcomes attributable to the use of OVW funds.

Food and Beverage/Costs for Refreshments and Meals

Generally, food and beverage costs are **not** allowable, and under no circumstances may OVW funding be used to supply food and/or beverages during refreshment breaks. OVW may approve the use of OVW funds to provide food and/or beverages for a meal at a meeting, conference, training, or other event, if one of the following applies:

1. The location of the event is not in close proximity to food establishments. It should be a priority to try to secure a location near reasonably priced and accessible commercial food establishments.
2. Not serving food will significantly lengthen the day or necessitate extending the meeting to achieve meeting outcomes.
3. A special presentation at a conference requires a plenary address where there is no other time for food to be obtained.
4. Other extenuating circumstances necessitate the provision of food.

Justification for an exception listed above must be included in the budget narrative, and funds may only be used to purchase food and/or beverages for a meal at a meeting, conference, training, or other event if OVW approves the specific expenditures in advance.

Conference Planning and Expenditure Limitations

Applicants should be aware of all applicable laws, regulations, policies and guidance (including specific cost limits, prior approval and reporting requirements, where applicable) governing the use of federal funds for expenses related to conferences (which is defined to include meetings, retreats, seminars, symposiums, training and other similar events), including the provision of food and/or beverages at such events, and costs of attendance at such events. Information on pertinent laws, regulations, policies and guidance is available at <http://www.justice.gov/ovw/grantees>. Applicants should also be aware of the following specific restrictions on conference planning and expenditure limitations:

1. Cost of Logistical Conference Planning
2. Cost of Programmatic Conference Planning
3. Conference Space and Audio-Visual Equipment and Services
4. Prohibition on Trinkets at Conferences
5. Entertainment at Conferences
6. Food and Beverages at Conferences
7. Prior Approval Required Before Entering Into Contracts or Expending Funds for Conferences
8. Conference Reporting

Updated Department of Justice and OVW guidance on conference planning, minimization of costs, and conference cost reporting is available on the OVW website at

<http://www.justice.gov/ovw/grantees>. For additional information regarding food and beverage regulations, please refer to the [DOJ Financial Guide](#).

Training and Technical Assistance

All applicants are required to allocate funds in the amount of **\$40,000 for individual projects and \$80,000 for consortium projects** to support travel costs associated with technical assistance and capacity-building activities sponsored by OVW-designated technical assistance providers. Applicants from Alaska, Hawaii, and United States Territories should allocate an additional \$5,000 to account for higher travel costs. These specific applicants may exceed the budget caps to account for this increased travel amount. The required set-aside amount may be shared between the applicant and any partnering agency(ies), but the budget must reflect the costs in the appropriate categories. Therefore, an employee's travel costs should be included in the "Travel" category, while travel costs for the project partner(s) must be included in the "Consultants/Contracts" category. Label both costs as "OVW Technical Assistance." Include an estimated breakdown for these costs, including the number of trips, number of travelers, airfare or mileage, lodging, per diem, etc. (OVW technical assistance is provided free of charge to grantees, so applicants do not need to include registration fees). This amount should equal the full, required set-aside amount listed above.

Please note these funds can **only** be used for OVW-designated technical assistance, unless otherwise approved by OVW. Any training and technical assistance funds not used by the end of the grant period may not be reprogrammed and must be returned to OVW. Travel funds should be used to support travel by all project partners including nonprofit, nongovernmental victim service providers. Funds may also be used by persons whose positions are not grant-funded as long as that person's roles and responsibilities are linked to the project's overall mission.

After award, grantees of the Campus Program will work with the designated TA providers on the following materials:

1. Completion of a core competency TA assessment;
2. Development of a new, revised or utilization of an existing needs assessment; and
3. Development of a strategic plan at the end of the planning year.

The Campus Program technical assistance is based on a competency based model of implementation, thus grantees will undergo an analysis of its CCR team's competencies in the first and third year of the grant to assess their understanding and application of Campus Program concepts and requirements. This assessment supports technical assistance efforts to ensure grantees are effectively implementing project activities and addresses any challenges that grantees are experiencing.

All Campus Program grantees will be required to attend a total of five training and technical assistance institutes over the three-year performance period. Three institutes are expected to be convened in the first year and two institutes in the last year of the award. All grantees are required to bring a multi-disciplinary team to the institutes. The institutes are designed for grantees to work in teams and develop the competencies necessary to implement program activities on their respective campuses.

The institutes are based on a competency-based train the trainer model that warrants the same selected individuals to attend mandatory Campus Program institutes over the life of the grant.

For FY 2017, the attendance requirements for the new grantee orientation and these technical assistance activities include:

Year One CCR Development	Year Two Implementation	Year Three Implementation
All new and continuation grantees (if noted in the program's initial correspondence with grantees) must attend a new grantee orientation. The grantee may send 1-3 representatives: project director, project coordinator and/or grants/sponsored programs staff	No attendance at orientation	No attendance at orientation
All grantees must attend three Institutes in the first year of the award.	No Institutes for grantees this year, but will receive ongoing technical assistance from designated TA providers via webinars, TA requests, check-in calls	All grantees must attend two institutes
Individual Projects are required to bring seven team members: project coordinator, one community partner, two student conduct staff, two law enforcement personnel and one prevention person(s).		Individual Projects are required to bring four team members: project coordinator, one community partner, and two campus partners to be identified based on the topic of the institute.
Consortium Projects are required to bring a minimum of 14 team members: project coordinators from each campus (if possible), one community partner, student conduct staff, law enforcement personnel and prevention person(s)		Consortium Projects are required to bring a minimum of eight team members to include: project coordinators from each campus (if possible), one community partner and partners from each campus based on the topic of the institute.

NOTE: Small consortium project teams should represent a full multi-disciplinary team to the extent possible for each participating campus within the consortium. Large consortium project teams should bring to the institute at least one team member that represents each required area of expertise stated above. Consortium projects may allocate more than the required amount for travel for team members to attend the institutes.

Continuation Grantees

Continuation grantees will also receive follow up consultations with a designated technical assistance provider after completion of the core competency assessment to better determine their TA needs. As a result, continuation grantees may be allowed to attend fewer institutes based on their competence to effectively implement the statutory and program requirements. In addition, continuation grantees may be asked to showcase their lessons learned, products, and successes at upcoming institutes; thus some funds should remain in the travel category. More information will be provided after receiving the award.

Any remaining technical assistance funds may be used to attend national conferences, retain experts on sexual assault, domestic violence, dating violence and stalking to assist with implementation challenges, or provide additional training to the campus community members. Approval to utilize the remaining technical assistance funds for these purposes **must** be approved by OVW prior to implementation. Travel funds should be used to support travel by all project partners including nonprofit, nongovernmental victim service providers. Funds may also be used by persons whose positions are not grant-funded as long as that person's roles and responsibilities are linked to the project's overall mission.

Program Assessments

Applicants may not use any OVW funds to conduct research. However, up to three percent of the budget may be allocated for the purpose of assessing the effectiveness of funded activities. For example, funds may be used to conduct pre- and post-testing of training recipients or for victim satisfaction surveys. In conducting such testing or surveys, grantees may not collect, analyze or disseminate any information that would disclose the identity of an individual.

Pre-Agreement Cost Approval

OVW generally does not allow pre-award costs. Please be aware that costs incurred prior to the start date of the award may not be charged to the project unless the recipient receives prior approval from OVW. Please see the [DOJ Financial Guide](#) for more information on pre-award costs.

Other Submission Requirements

As discussed in the "[Submission Dates and Times](#)" section above, applications must be submitted electronically via [Grants.gov](#). Applicants that are unable to submit electronically must follow the instructions in the [OVW Policy on Late Submission](#) section above.

After applicants obtain their DUNS number and register with SAM, they can begin the [Grants.gov](#) registration process. In order to apply for a grant, the applying organization must complete the [Grants.gov](#) registration process prior to beginning an application for a federal grant. Complete instructions can be found at [Grants.gov](#). **The registration process can take between three and five business days or as long as four weeks if all steps are not completed in a timely manner.** Please note that [Grants.gov](#) is not the Office of Justice Programs' (OJP) Grants Management System (GMS). If applicants experience difficulties at any point during this process, they should call the [Grants.gov](#) Customer Support Hotline at **1-800-518-4726**.

Note: [Grants.gov](#) **limits the use of specific characters in names of attachment files.** Valid file names include only the characters shown in the table below. [Grants.gov](#) is designed to

reject any application that includes an attachment(s) with a file name that contains any characters not shown in the table below.

Characters	Special Characters		
Upper case (A – Z)	Parenthesis ()	Curly braces { }	Square brackets []
Lower case (a – z)	Ampersand (&)	Tilde (~)	Exclamation point (!)
Numbers (0-9)	Comma (,)	Semicolon (;)	Apostrophe (‘)
Underscore (_)	At sign (@)	Number sign (#)	Dollar sign (\$)
Hyphen (-)	Percent sign (%)	Plus sign (+)	Equal sign (=)
Space	When using the ampersand (&) in XML, applicants must use the “&#amp;#x26;” format.		
Period (.)			

OVW strongly suggests using simple titles for all documents, such as “FY 2017 OVW Project Narrative.” Please visit the Grants.gov website to review the most up-to-date guidelines about the use of specific characters.

The E-Business Point of Contact (E-Biz POC) within the applicant’s organization must register the organization with Grants.gov. The E-Biz POC oversees the organization's Grants.gov transactions and assigns the AOR. The AOR submits the application to Grants.gov and must register with Grants.gov as well. In some cases the E-Biz POC is also the AOR for an organization.

1. *Step 1:* Go to Grants.gov. Scroll over the “APPLICANTS” drop down and click the “Organization Registration Link”.
2. *Step 2:* Register with SAM
3. *Step 3:* [Username & Password](http://Grants.gov)
4. *Step 4:* [AOR Authorization](http://Grants.gov)
5. *Step 5:* [TRACK AOR STATUS](http://Grants.gov)

The application process can move forward once the organization successfully registers with Grants.gov.

Downloading a Grant Application Package

An applicant may download the application package to complete it offline and route it through the applying organization for review before final submission.

Applicants must use the correct version of Adobe software in order to download the grant application package. To verify if the Adobe software version is compatible with Grants.gov, visit the following link: <http://www.grants.gov/web/grants/applicants/adobe-software-compatibility.html>.

Instructions on how to open and use the forms in the package are on the application package cover sheet. Agency-specific instructions are available for download when the application package is downloaded. The instructions identify the required information for a complete application.

Completing the Grant Application Package

The applicant must manually save changes to the grant application. [Grants.gov](https://www.grants.gov) does NOT automatically save changes. The package cannot be submitted until all required fields have been completed.

Submitting the Completed Grant Application Package

[AORs](https://www.grants.gov) should closely monitor their email for any notification from [Grants.gov](https://www.grants.gov) about a possible failed submission. The [AOR](https://www.grants.gov) will receive a minimum of two emails from [Grants.gov](https://www.grants.gov). Log on to [Grants.gov](https://www.grants.gov). After the application is fully completed, errors are corrected, and the application is saved, click the “Save & Submit” button on the cover page. The application package will be automatically uploaded to [Grants.gov](https://www.grants.gov).

To ensure a successful application submission, OVW strongly encourages applicants to start their applications at least 48, but no less than 24, hours before the deadline.

A confirmation screen will appear once the submission is complete. A [Grants.gov](https://www.grants.gov) tracking number will be provided at the bottom of this screen, as well as the official date and time of the submission. Applicants must record the tracking number if technical support is needed. The [Grants.gov](https://www.grants.gov) Help Desk can be reached at 1-800-518-4726, Monday through Friday, from 7:00 a.m. to 9:00 p.m. E.T; except federal holidays.

E. Application Review Information

Criteria

Applications will be subject to a peer review and a programmatic review. Applications will be scored based on the degree to which the application responds to each section and addresses each element in the section. Furthermore, applications will be scored based upon the quality of the response and the level of detail provided. Each element **must** be addressed in the section in which it is requested. Points may be deducted if the applicant does not include the information in the appropriate section even if it is included elsewhere within the application. Each section will be reviewed as a separate document and will be scored as such. Specifically, for the Campus Program, scoring will be as follows:

1. Summary data sheet: 5 points
2. Project narrative: 50 points, of which
 - A. Purpose of the project: 15 points
 - B. What will be done: 20 points
 - C. Who will implement: 15 points
3. Budget narrative and detail worksheet: 15 points
4. Memoranda of Understanding (IMOU and EMOU): 30 points

Review and Selection Process

Peer Review

OVW will subject all eligible applications to a peer review process that is fair and based on the criteria outlined in this solicitation. OVW may use internal reviewers, external reviewers, or a combination of both.

Programmatic Review

All applications that are considered for funding will be subject to a programmatic review. An applicant with considerable past performance issues may be removed from consideration. The programmatic review consists of assessing the application for compliance with the program's scope, activities that compromise victim safety and, if applicable, past performance and priority review. OVW reserves to deduct points from applications for the following reasons:

1. Activities that compromise victim safety and recovery (deduct up to 15 points.)
2. Out-of-scope activities (deduct up to 10 points)
3. Past performance (deduct up to 25 points)
4. Formatting and Technical Requirements (deduct up to 5 points)

An application that is deemed to be substantially out of scope, proposes a substantial number of activities that are unallowable, or proposes activities that pose a significant threat to victim safety or a serious breach of confidentiality will not be considered for funding.

As a part of the programmatic review process described above, applicants with current or recently closed OVW awards and/or cooperative agreements will be reviewed for past performance based on the elements listed below.

1. Progress reports submitted by the applicant, in conjunction with monitoring conducted by OVW, demonstrate the effectiveness of the current project, indicating timely progress toward meeting project goals and objectives
2. Demonstration that past activities supported with OVW grant funds have been limited to program purpose areas
3. Adherence to all special conditions of existing grant award(s) from OVW
4. Adherence to programmatic and financial reporting requirements, including timely submission of required reports
5. Completion of close-out of prior awards in a timely manner
6. Appropriate use of and active participation in OVW-sponsored workshops and other technical assistance events as required by a special condition of the current or recent award
7. Receipt of financial clearances on all current or recent grants from OVW
8. Timely resolution of issues identified in any audit or on-site financial or programmatic monitoring visit
9. Adherence to the Office of Management and Budget single-audit requirement
10. Timely expenditure of grant funds
11. Adherence to the requirements of the [DOJ Financial Guide](#)

OVW grantees with significant past performance issues may not be considered for funding.

Absent explicit statutory authorization or written delegation of authority to the contrary, all final award decisions will be made by the OVW Director, who also may give consideration to factors including, but not limited to, underserved populations, geographic diversity, strategic priorities, past performance, and available funding when making awards. All award decisions are final and not subject to appeal.

High Risk Grantees

Based on DOJ's assessment of each grantee with regard to current or previous funding, unresolved audit issues, delinquent programmatic and fiscal reporting, and prior performance, a

grantee may be designated “high risk.” Awards to high-risk grantees may carry special conditions such as increased monitoring and/or prohibitions on drawing funds until certain requirements are met. High-risk grantees with substantial or persistent performance or compliance issues, long-standing open audits, or open criminal investigations will likely not receive an additional OVW award until all issues are resolved.

Anticipated Announcement and Federal Award Dates

It is anticipated that all applicants will be notified of the outcome of their applications by October 1, 2017.

F. Federal Award Administration Information

Federal Award Notices

Successful applications will receive OVW award notifications electronically from the OJP Grants Management System (GMS) (not grants.gov). Recipients will be required to login; accept any outstanding assurances and certifications on the award; designate financial points of contact; and review, sign, and accept the award. The award acceptance process involves physical signature of the award document and terms and conditions by the [Authorized Representative](#) and the scanning of the fully-executed award document to OVW.

Violence Against Women Act Non-Discrimination Provision

The Violence Against Women Reauthorization Act of 2013 added a new civil rights provision that applies to all FY 2017 OVW grants. This provision prohibits OVW grantees from excluding, denying benefits to, or discriminating against any person on the basis of actual or perceived race, color, religion, national origin, sex, gender identity, sexual orientation, or disability in any program or activity funded in whole or in part by OVW. For more information on this prohibition, see <http://www.justice.gov/ovw/docs/faqs-ngc-vawa.pdf>. Additional information on the civil rights obligations of OVW funding recipients can be found in the [Solicitation Companion Guide](#) under "Civil Rights Compliance".

Accessibility

Recipients of OVW funds must comply with applicable federal civil rights laws, which, among other things, prohibit discrimination on the basis of disability and national origin. This includes taking reasonable steps to ensure that persons with limited English proficiency (LEP) have meaningful access to recipients' programs and activities and ensuring that these programs and activities are readily accessible to qualified individuals with disabilities, including Deaf or hard of hearing individuals. More information on these obligations is available in the [Solicitation Companion Guide](#). Applicants must allocate grant funds or other available resources to support activities that help to ensure meaningful and full access to their programs. For example, grant funds can be used to support American Sign Language (ASL) interpreter services, language interpretation and translation services, or the purchase of adaptive equipment.

Reporting

Reporting Requirements

OVW grantees are required to submit semi-annual progress reports and quarterly Federal Financial Reports (SF-425). Appropriate progress report forms will be provided to all applicants selected for an award. Forms will be submitted electronically via GMS. Future awards and fund drawdowns may be withheld if forms are delinquent.

APPENDIX A

Budget Guidance & Sample Budget Detail Worksheet

Budget Guidance

Cost guidance for selected items is provided below to assist applicants in preparing the budget detail worksheet. In developing your budget detail worksheet please refer to the [DOJ Financial Guide](#).

Consultants/Contracts

Compensation for services by an individual consultant should be reasonable and consistent with that paid for similar services in the marketplace. Applicants should consider the type of services provided and the experience and expertise of the individual consultant when deciding if a consultant's rate is reasonable. Applicants are strongly discouraged from requesting consultant rates in excess of \$650 per day. Please note that this does not mean that the rate can or should be as high as \$650 for all consultants. If a project is ultimately selected for funding with a budget allocating more than \$650 per day to a consultant, the applicant must provide additional information to OVW for review and approval before consultant costs are incurred.

Applicants should also include all costs associated with consultants/contracts in the "Consultants/Contracts" category, including travel-related costs. These costs should not be reflected in the Personnel or Travel categories.

Applicants should follow the same established procurement policies with federal funds as they would with non-federal funds. All procurement transactions should be awarded in a manner that provides maximum open, free and fair competition, and must follow 2 CFR Part 200.317-326. All sole-source procurements (those not awarded competitively) in excess of \$150,000 require prior approval from OVW. This applies to procurements of goods and services, but not to selection of sub recipients. MOU project partners are generally considered subrecipients for time spent working on program objectives. For additional information on determining whether the recipient of the pass-through funds is a subrecipient or a contractor, please refer to [2 CFR Part 200.330](#).

Rent

Rental costs are generally allowable under OVW programs. Applicants should list square footage and cost per square foot in the budget. The amount must be based on the space that will be allocated to implement the OVW project, not the costs of the entire rental space. **Rental costs are not allowable for property owned by the applicant or if the applicant has a financial interest in the property.** In this case only the costs of ownership, including maintenance costs, insurance, depreciation, utilities, etc., are allowable costs. The applicant must indicate in the budget narrative whether or not they own the space that will be rented.

Audit Costs

Costs for audits not required or performed in accordance with the Office of Management and Budget (OMB) Circular A-133 or 2 CFR Part 200 Subpart F – Audit Requirement are unallowable. If the applicant agency did not meet the applicable expenditure threshold during the organization's fiscal year, the cost of any audit performed may not be charged to the grant.

Indirect Costs

Applicants that have current, federally-approved, indirect cost rates may seek to claim indirect costs and must submit a copy of their current federally-approved indirect cost rate agreement with the application. Applicants may choose to waive indirect costs.

Non-federal entities that have never received a federally-approved indirect cost rate may elect to charge a de minimis rate of 10% of modified total direct costs which may be used indefinitely. This includes state and local governments that have never negotiated an indirect cost

Purchase and/or Lease of Vehicles

The purchase and lease of vehicles are prohibited under most OVW grant programs, although some programs allow for purchasing vehicles on a case-by-case basis. Please refer to the solicitation for which you are applying to determine whether vehicles can be purchased or leased. If requesting a vehicle, a lease/purchase analysis must be submitted with the application.

Compensation for Partners

In developing the budget, applicants should compensate all project partners for their participation in any project-related activities, including but not limited to, compensation for time and travel expenses to participate in project development, training, and implementation. The budget **must** include compensation for all services rendered by project partners, including nonprofit, nongovernmental domestic violence and/or sexual assault victim services programs and state and tribal domestic violence and/or sexual assault coalitions. Keep in mind that partners are generally considered a subrecipient and would be reimbursed for their actual costs incurred for the project rather than a fee for service. If a partner is a state or local governmental agency and the partnership duties are conducted within the course of the agency's "regular" scope of work, applicants do not need to compensate the partner if the partner a) offers this arrangement; and b) an explanation of this arrangement is included in the application.

Non-Federal contributions

Any non-federal contributions can be discussed in the project narrative or Memorandum of Understanding (if required). **Applicants should not include supplemental contributions in the budget, budget narrative, or SF-424.**

Applicants are advised that if they voluntarily decide to provide matching funds through the use of in-kind contributions, and include this information in the budget or budget narrative, the voluntary contributions will become a mandatory requirement under the grant award. Grantees that fail to provide sufficient mandatory matching funds through cash or in-kind contributions during the award period may be required to meet their obligation by making a cash payment to the Office on Violence Against Women in order to close out the grant award.

Budget Detail Worksheet

Purpose: The Budget Detail Worksheet may be used as a guide to assist you in the preparation of the budget and budget narrative. You may submit the budget and budget narrative using this form or in the format of your choice (plain sheets, your own form, or a variation of this form). However, all required information (including the budget narrative) must be provided. Any category of expense not applicable to your budget may be deleted.

Please Note: The following budget is an example intended to assist you in preparing your application budget.

Physical Modification Guidelines

Physical Modification

To honor the goal of the Campus Grant Program and build the capacity of institutions of higher education to develop comprehensive violence against women programs, OVW requires that funds designated for physical modifications should not exceed 10% of the total award.

For Fiscal Year 2017, applicants who are proposing to use Campus Grant Program funds for physical modifications must follow the following guidelines outlined in this solicitation. Applicants must will be required to submit all necessary materials, if funded, before designated funds can be used for the purposes outlined in this document.

Under the Campus Grant Program, OVW will consider the following to be physical modifications: blue emergency or blue lights, lighting, communication equipment, etc.

All OVW awards that involve physical modifications must comply with the National Environmental Policy Act (NEPA) (42 USC section 4321 et seq.) and the National Historic Preservation Act (NHPA), and any other applicable environmental statutes or regulations. DOJ has established procedures to implement NEPA at 28 CFR Part 61. Applicable NHPA regulations can be found at 36 CFR Part 800.

For OVW to undertake the necessary review under the NEPA and NHPA, those applicants proposing to use grant funds for any type of physical modifications must include the following information either as an attachment to the application or prior to funds being obligate for this purpose:

- A precise description of the proposed modification. The description must include the following information: the location of the facility; the age of the facility; an explanation of the prior and current use of the facility; a complete and detailed description of the planned modifications and the materials to be used; a statement as to whether the proposed modifications will change or materially alter the basic prior use of the building, or its size; a statement as to whether the facility is located on a 100-year floodplain or a wetland; and an explanation of the need for the proposed modifications. This information must be submitted as an attachment to the application;
- A letter from the State Historic Preservation Officer (SHPO), or Tribal Historic Preservation Office (THPO) indicating whether the building is listed, or eligible for listing, on the National Registry of Historic Places, and also certifying that no historic building will be affected by the proposed modifications. This information must submitted after award and prior to obligation of fund for this purpose;
- A statement by the applicant that the applicant has notified a representative of the local government with jurisdiction over the area potentially affected by the project, and made such official aware of the option to be consulted during the NHPA process. This information must submitted after award and prior to obligation of fund for this purpose; and
- A statement by the applicant as to whether there are any other known environmental concerns regarding the proposed modifications. This information must submitted after

award and prior to obligation of fund for this purpose

Applicants whose proposals do not include the mentioned above materials will be prohibited from using grant funds to support physical modifications. Please note that applicants should submit to the SHPO the precise location of the facility, the age of the facility and the detailed plans for the modifications, and should allow 30 days for the SHPO to respond as to whether any historic buildings will be affected.

Upon receipt of the information listed above, OVW will make a determination under both the NEPA and the NHPA as to whether further review is required. Specifically, after review of the proposed modifications, OVW will determine whether the NEPA requires completion of an Environmental Assessment (EA) before proceeding with an award that includes the proposed modifications. At a minimum, proposed modifications that involve new construction, change the basic prior use of a facility or change its size, or that otherwise may affect the environment will require further review and the completion of an EA by the applicant before OVW will be able to make an award.

Additionally, OVW will make any necessary further determination under the NHPA, and will then make that further determination available to the relevant Tribal Historic Preservation Office (THPO) or SHPO, and must allow 30 days for response, as required by the NHPA regulations. Depending on the need for further review under the NHPA or the NEPA, the applicant should be aware that there may be a delay in the ability of OVW to make an award that includes the proposed modification.
