2025	PARDON FOIA 2025-317458	11/25/2024	CLOSED	From June 1, 2023 through January 1, 2024, I request a sample of up to 10 completed FOIA case files from your office's FOIA tracking system where scope clarification occurred. Each case must have all of: (1) a written agency response seeking clarification about the scope of records sought; (2) a written requester response that clarified the request; (3) a final determination letter; and (4) a case closure date within the specified date range. For each of these case files, I seek only: (1) the initial FOIA request; (2) the agency's scope clarification letter (or email or similar record); (3) the requester's clarification response or the request as it was ultimately processed; (4) and the final determination letter. Specifically, for a sample of requests where clarification was needed, I'm looking for the original request, the rationale for clarification, and the clarified request. I am studying how agencies and requesters work together to clarify and refine requests, so I need only the substance of these communications, not any personally identifying details. To reduce processing time and protect privacy: please exclude any Privacy Act requests, cases where clarification was sought solely about fees, and cases where the requester never responded with clarification. And please redact all personal information (names, addresses, emails, phone numbers). 2025	PARDON FOIA 2025-321343	3/14/2025	CLOSED	s: in the form and/or format identical to the original (native) which is held by the agency. Topic: Presidential pardon(s) and/or grant of clemency that president Donald Trump signed during his first presidential term, that mention Julian Assange. Based on FOIA "simple track" processing, I only seek Mr. Assange's pardon/clemency with the president's signature affixed, not all attendant documents, which could kick this over to "complex track" FOIA processing. I suggest you look in the following places for this public record that I seek: 1) The information resources and information systems provided to the Executive Office of the President (EOP), President, and Vice President are housed on information infrastructure under Department of Defense (DOD) control, via an agreement with the Executive Committee for Presidential Information Technology (PITC). This record may be physically possessed by DOD (and under DOD and/or DISA's custody and control). I already made a FOIA request of DISA and they refuse to even issue an acknowledgment. 2) DOJ and/or FBI likely have this record as part of the collection of evidence from either NARA and/or pursuant to their raid on Mar-a-Lago in the summer of 2022 - when they were investigating (at the time - former) President Trump for violations of the Presidential Records Act and other possible crimes. I did send a FOIA to the FBI, which was denied citing exemption 7 (despite the great public interest) - and also did appeal that FBI FOIA denial (which appeal was also denied). The public as well as Mr. Assange have a great interest in gaining knowledge of this pardon, as I had also written a lengthy letter in early June 2024 to District Court judge Mr. Claude M. Hilton explaining that Mr. Assange had been pardoned / granted clemency, yet Judge Hilton made no effort to force the DOJ/FBI to produce the pardon/clemency record and Judge Hilton allowed the fraudulent plea deal with Mr. Assange to go through, knowing that part of the deal was that Mr. Assange was dis-allowed from the ability to FOIA any records related to his case and the US government likely misbehaved in Mr. Assange's case (by not disclosing the existence of the pardon/clemency and should return all monies the government required Mr. Assange to pay as part of the plea deal - US\$500,000 I believe was the amount). 3) NARA might have this record as it may have been turned over by President Trump sometime during the years 2021 to 2023. Per the presidential records act, NARA will not allow FOIAs of President Trump's records until January 2026. Based on whistleblower information, the former president's pardon and/or grant of clemency records does include a record specifically for Julian Assange (disclosed by journalist Tore Maras). I am unable to find any published versions of this record and seek for the agency to pluck this mostly or entirely segregable record out of its files (to disclose here for the public). I wish to remind the agency that the US Supreme Court has long established that actions such as pardons and grants of clemency are final and legitimate upon the President's signature. And, thus, the American public has every right to view any such document and see that justice is properly served for Mr. Assange. I only desire the pardon and/or grant of clemency record itself, not any other attached reports, memos, or other documents. I request that the disclosure officer responsible for the processing of this request issue an immediate hold on all records responsive, or potentially responsive, to this request so as to prevent their disposal until such time as a final determination has been issued on the request and any administrative remedies for appeal have been exhausted. It is unlawful for an agency	4/28/2025	4-No Records
