VERSAILLES MAN INDICTED FOR PRODUCING CHILD PORNOGRAPHY

JEFFERSON CITY, Mo. - Matt J. Whitworth, Acting United States Attorney for the Western District of Missouri, announced today that a Versailles, Mo., man has been indicted by a federal grand jury for producing child pornography.

Timothy Lee Senkowski, Sr., 46, of Versailles, was charged in a superseding indictment returned by a federal grand jury in Jefferson City on Thursday, June 11, 2009. The superseding indictment replaces an indictment that was filed against **Priscilla Ramirez Flores**, 37, of Clarksburg, Mo., on March 2, 2009, by adding **Senkowski** as a co-defendant.

The federal indictment alleges that, from as early as November 2004 to May 2005, **Flores** and **Senkowski** permitted a minor in their custody to engage in sexually explicit conduct for the purpose of producing child pornography.

Whitworth cautioned that the charge contained in this indictment is simply an accusation, and not evidence of guilt. Evidence supporting the charge must be presented to a federal trial jury, whose duty is to determine guilt or innocence.

This case is being prosecuted by Assistant U.S. Attorney Jim Lynn. It was investigated by the State Technical Assistance Team, the Missouri Attorney General's High technology and Computer Crime Unit, the Moniteau County, Mo., Prosecutor's Office, the California, Mo., Police Department, the Moniteau County, Mo., Sheriff's Department, and the Missouri Division of Family Services.

Project Safe Childhood

This case was brought as part of Project Safe Childhood, a nationwide initiative to combat the growing epidemic of child sexual exploitation and abuse launched in May 2006 by the Department of Justice. Led by United States Attorneys' Offices and the Criminal Division's Child Exploitation and Obscenity Section (CEOS), Project Safe Childhood marshals federal, state and local resources to better locate, apprehend and prosecute individuals who exploit children via the Internet, as well as to identify and rescue victims.
