Subject: Competition Policy and Real Estate

Dear DOJ:

I am a new professional in the field of Real Estate. I chose this new profession because it is a model of competition. It is a level playing field where my success is based upon how I run my business-by hard work and integrity. It's a traditional American work ethic that has made our country great! It allows me the opportunity to help people achieve the American Dream-home ownership. The MLS is not a public utility; it is a co-op. The new ILD policy is a win/win for consumers and Realtors. Keep America great!

Very sincerely,

Marcy Doliva
