I am writing because I am concerned about the lack of competition in agricultural markets.

As your Canadian neighbour, I hope that you can show the world how to take a stand. We are all worth it. Monsanto made the life of one farmer, Percy Schmeiser, so miserable that he has spent the years he should have had for his retirement telling his story in church basements to any who would listen. Google his brave story and you will be horrified at how much power Monsanto has been allowed to wield. Please reign these monsters in.

Thank you for giving me the opportunity to comment.

Sincerely,
C Roscoe Handford
