Subject: Comments

I am writing because I am concerned about the lack of competition in agricultural markets.

I think there are too few companies that control agriculture and they compete with the smaller farmers who are growing food in a more earth-friendly and sustainable way. It's okay if we have to have the "Monsantos" of the world but they shouldn't be able to be an aristocracy.

Thank you for giving me the opportunity to comment.

Sincerely,

Carol Delisi
