Subject: Stop Monsanto and the like

Good Morning:

I am VERY concerned about giant corporations like Monsanto and the undue influence they have over farming practices and the control over my food choices. I have grave concerns about genetically modified seeds and about any company have a monopoly of any seed product.

Just like Wall Street being TOO BIG, Monsanto is TOO BIG, has TOO MUCH POWER AND CONTROL and needs to be halted in its tracks, not supported.

Please act to bring farming back to local communities and protect our farm lands encouraging sustainable, healthy, fair farming practices.

Shea Richland

May you be blessed and may everyone you touch be blessed by you!
