US Department of Justice

Dear US Department of Justice:

Thank you for the opportunity to submit comments in advance of the Department of Justice's workshops on "Agriculture and Antitrust Enforcement Issues in Our 21st Century Economy."

As an organic consumer, I am particularly concerned about Monsanto's control over the seed supply.

You know all the reasons why....I'm just one more person that's concerned about the health of the planet and our food sources...AND fair play...

Sincerely,

Marge
