US Department of Justice

Dear US Department of Justice:

Thank you for the opportunity to submit comments in advance of the Department of Justice's workshops on "Agriculture and Antitrust Enforcement Issues in Our 21st Century Economy."

As an organic farmer AND consumer, I am particularly concerned about Monsanto's control over the seed supply.

The seeds that I need for my small farm's production could soon be unavailable.

Who died and made Monsanto God?

Sincerely,

Gina Thomas
