I am writing because I am concerned about the lack of competition in agricultural markets.

Not just the lack of competition, but the non labeling of foods for GMO.

If I could totally boycott Monsanto it would be my fondest desire.

The fact that this administration is still hiring people with strong ties to Monsanto is chilling and one of my reasons for thinking of changing my vote from 100% Democrat to finding an alternative to either the Democratic or the Republican Party.

We voted to End all War, and for STRONG PUBIC HEALTH CARE OPTION.

Stop dealing with Monsanto, and give us back our Government.

Thank You.

Thank you for giving me the opportunity to comment.

Sincerely,

Rebekah Whitney
