---

I am writing because I am concerned about the lack of competition in agricultural markets. We don't know about GMO;s, and you allow corporate lobbyists to influence agriculture, no wonder corporations have NO accountability.

Support only small and local sustainable and organic farmers. Stop allowing food to be raised in ways terrible for the environment, cruel to the naimls, polluting the water, soil and threatening our lives and food safety

Thank you for giving me the opportunity to comment.

Sincerely,

Ellen Dorfman
