Subject: Comments

I am writing because I am concerned about the lack of competition in agricultural markets.

I believe we need to encourage family/independent farms. We need to encourage a wide variety of approaches, methods, and products. We need to discourage accumulating vast profits with no regard for the means of accumulating. We must stop pitting family/independent farms against large morally irresponsible and unresponsive corporations.

Thank you for giving me the opportunity to comment.

Sincerely,

Mary E O'Kiersey
