Subject: Food Insecurity wth Monopoly Corporations.

Dear Sir or Ms.:

Please begin legal investigations into consolidation in the meat and dairy industry. Please begin legal investigations into contract factory farming and confined animal feeding operations that produces more and more pollution, excessive use of antibiotics and high fat foods at lower and lower quality and higher costs to the end consumer, while driving the small and medium farmer out of business. Some of the major corporations involved are Smithfield Farms, Tyson Foods, Monsanto and Archer Danials Midland.

Thanks You,

Mr. Joseph Bridy, AIA
