Subject: Comments

I am writing because I am concerned about the lack of competition in agricultural markets. And the quality of our present foods. Chemically laden vegetables and scarcity of organic, naturally grown vegetables and fruits, is also a very big concern, not only of mine and my family, but the other people I talk to as well.

Please let me know what you intend to do in the new year regarding the concerns listed above.

Thank you for giving me the opportunity to comment.

Sincerely,

Elena Pintilie
