Subject: Comments

I am writing because I am concerned about the lack of competition in agricultural markets.

I am alarmed at the secrecy surrounding food production and marketing, seed ownership, and Monsanto's aggressiveness and litigious behavior when it comes to unwitting "users" of its product.

Consumers who do not want to eat or otherwise support GM products should not have to work so incredibly hard to avoid it!

Thank you for giving me the opportunity to comment.

Sincerely,

Jennifer Morgan
