USDOJ and Mr. Tobey:

Here are the States' comments.

NAAG instructed me that with State Attorney General sign-ons, I could only file a PDF, because a word document could be manipulated and signatures could be added or deleted. I hope this is OK in under this circumstance.

We anticipate there may be more sign on Attorneys General. I will continue to gather those, and when they have stopped coming in I will submit an addendum.

Hard copies will follow when all the signing-on Attorneys General have come through.

Thank you for your time, and again, I hope the PDF is allowable in this case. Please let me know if it is not, and I will communicate with the NAAG office about what we can do.

Sincerely,

Chuck R. Munson
