Mr. Golding,

Thank you for talking with us about Point2's willingness to voluntarily produce documents to the Division and the status of Mr. King with the company. As we discussed, I have attached for your review a schedule of the documents to be voluntarily submitted. Let me know if you have any difficulty opening the pdf. We look forward to discussing our requests with you once you have had the opportunity to look them over.

Please let us know at your earliest convenience if Mr. King or another Point2 representative will be appearing as a trial witness for the NAR and whether Point2 will agree to voluntarily comply with our requests.

Thank you,
Owen
