Text of your email: Digital readers are also subjected to paying the same cost for digital books or sometimes even increased costs despite having far fewer rights. We can't lend the book to a family member or friend. We can't transfer a book from one device to another. We can't resell the book. Our own copyright rights as a reader are totally ignored under the ebook model and having to pay increased prices as a result of an improper conspiracy by the publishers is outrageous.
