---

I refer to United States v. Apple, Inc., et al., 12-cv-2826 (DLC) (SDNY). Comments on Proposed Final Judgment as to Defendants Hachette, HarperCollins and Simon & Schuster.

I am wanting to speak up and let you know that the bookstores play a vital part in our literary endeavors and we the public have a strong interest in protecting them from predation. Allowing amazon to continue to sell e-books at under cost is in no one's interests except their own. It encourages a monopoly. It needs to be rethought and substantially modified
