Dear Justice Read

United States v. Apple, Inc., et al., 12-cv-2826 (DLC) (SDNY). Comments on Proposed Final Judgment as to Defendants Hachette, HarperCollins and Simon & Schuster.

I realise that this is not of my business and I hope you will not be unhappy that a very small UK publisher has seen fit to email you.

But I would just like to say that Amazon are seen in the UK as the enemy of publishing, not Apple (although we are not too happy with their business practises either). Amazon are building into a complete monopoly of online book selling in the UK and they are branching into publishing ebooks and physical books. Their business plan envisages crushing all opposition and it is difficult to fight against them.

thank you

Randall
