Subject: I would like to keep my job

Dear Mr. Read,

I work in a bookstore that has served its community (Penguin Bookshop in Sewickley, Pa) for over 80 years. It would be a shame if we are forced to close because we can't compete with a true monopoly, Amazon.com. And in this economy, we need all the local jobs we can get. Amazon's price slashing and market domination are destroying our business. Please do not make it easier for them to close our doors.

Sincerely,
Michael Duncan
Bookseller
