Dear Honorable John R. Read, Esq.:

As an author and avid book reader, I am strongly AGAINST the Justice Department's proposed settlement in favor Amazon. Amazon already controls 90% of in-print titles. The DOJ's proposed settlement is NOT in the public interest. The proposed settlement would allow Amazon to resume predatory pricing that would expand its monopoly and harm other book sellers and publishers, along with limiting the public's choices on where to purchase their books.

Thank you.

Sincerely,
Ray Edinger
