Dear Mr. Read,

Your case alleging that Apple and five large publishers colluded to introduce “agency pricing” to e-books is, in my humble opinion, twisted and sinister. You must do all in your power to prevent Amazon's monopolizing bookselling, book printing, and pricing. You and we, THE PEOPLE do not want bricks and mortar stores to be replaced by [Amazon.com](http://Amazon.com). Keep books and bookselling in America alive.

Thank you,
