Comments on Proposed Final Judgment as to Defendants Hachette,
HarperCollins and Simon & Schuster.

It's not in the public interest for the government to help Amazon use e-books to target traditional brick-and-mortar bookstores, or to monopolize online book sales of any kind, digital or print.

Jeff Bezos stated years ago in a public address at the ABA that he intends to drive all other booksellers out of business. This is not competition, this is intent to monopolize. You are after the wrong target if you support Amazon in trying to diversify the competition and support the public interest in books and publishing.
