Subject: agency model

Mr. Read

I am a reader and I am a bookseller.

I believe strongly that access to a diversity of ideas is critical to our democracy.

I have come to understand that the agency model has helped maintain fairness in pricing across bookselling channels. I believe that the agency model is good for publishing, good for readers and good for book buyers and booksellers.

Please register my support for a diversity of bookselling channels, a diversity of ideas and the agency model.

thank you,
Joe Battaglia
