Re: Civil Action No. No. 12-cv-00395-RPM-MEH

This is to ask the Department of Justice to set aside the proposed settlement of Case No. 12-cv-00395-RPM-MEH.

Dear Mr. Stallings,

1. There appears to be collusion between Gunnison Energy Corp. and SG Interest to restrict bidding on four gas leases offered by the Bureau of Land

Management (BLM) in the area east of the Paonia Reservoir to eliminate competitive bidding.

2. The Department of Justice should revoke this lease until BLM has completed a Resource Management Plan. There is no reason to rush this 30,000 acre lease sale.

3. The Department of Justice should vigorously investigate any leases by Gunnison Energy Corp. and/or SG Interests that may have been approved in an illegal manner.

Sincerely,

Bernard R. Flanagan
