Re: Civil Action No. 12-cv-00395-RPM-MEH

Dear Mr. Stallings;

I live and breathe and drink water in Hotchkiss, Colorado on the banks of the North Fork of the Gunnison River. Our peaceful valley is under terrible threat from a gang of ruthless plunderers. The above cited action exposes only the tip of the iceberg of skullduggery involved in this invasion.

I am appalled at the proposed settlement of this case. The Department of Justice puts Tim DeChristopher in Jail for two years and doesn't even slap the wrists of Bill Koch and his cronies with its paltry little fines and allows them to keep their ill-gotten gains from this sneaky illegal maneuver. How do you expect anyone, especially Bill Koch and his ilk, to respect the DOJ?

Please, I ask you to set aside this settlement. I don't care how much you fine GEC/SGI. Such silly little penalties hardly show up in their costs of doing business. I Want you to revoke those fraudulently obtained leases.

Also I request an investigation of GEC/SGI and their cozy relationship to the BLM. Particularly I would like you to look into the Bear Ranch land swap and the ring of leases in that corridor.

Sincerely

Hal Wiseman
