

Dear Mr. Reed,

RECEIVED KMW

JUN 27 REC'D 2012

LITIGATION III, ANTITRUST DIV.
U.S. DEPT. OF JUSTICE

I believe that the DOJ's proposed settlement regarding e-book pricing is not in the public interest. By selling e-books below cost, Amazon's pricing will result in a less diverse range of titles being published; a diminished range of publishers & value independent bookstores; & feel that, without the Agency Model of pricing, Amazon will be handed a monopoly. That will certainly not be in the public interest.

Thank you for your consideration
