INTRODUCTION

The Agreement focuses on the improvement of MPD policies, practices, supervision, and training. The following general categories are listed in the Agreement that MPD must implement to improve MPD’s response to adult sexual assault and to fulfill the terms of the Agreement:

- Assess and Modify Sexual Assault Policies and Protocols
- Provide Initial and On-going Sexual Assault Response and Investigations Training
- Review of Policies and Training to Ensure that Terms of the Agreement are included in MPD Policies and Training
- Enhance Investigation of Non-Stranger and Alcohol-or-Drug Facilitated Sexual Assault
- Enhance Victim-Centered Response to Sexual Assault
- Ensure Close Supervision and Internal Oversight of All Sexual Assaults
- Enhance Coordination with Law Enforcement and Community Partners to Improve the Reporting and Participation Experience for Victims of Sexual Assault
- Assess and Enhance Data Collection and Reporting for Improved Analysis of Sexual Assault Cases
- Establish External Review of (Felony) Sexual Assault Cases to be Conducted by a Panel of Qualified Representatives
- Community-Conducted Sexual Assault Response Safety and Accountability Audit
- Independent Oversight by Selected Independent Reviewer (the “Reviewer”) to Assess and Report Whether the Requirements of the Agreement Have Been Implemented.
Thomas R. Tremblay was jointly selected by the Parties as the Independent Reviewer (the “Reviewer”) to oversee the terms of this Agreement with the understanding that the City / MPD bear the burden of demonstrating compliance with the Agreement.

The Parties also jointly selected Anne Munch, Esq. to assist the City, MPD, the External Review Panel, and the Reviewer with respect to training.

The Agreement stipulates that the City / MPD anticipate compliance with the Agreement within two years of the Effective Date of the Agreement; meaning May 15, 2015. In accordance with the Agreement, “Compliance” shall be defined to require both sustained compliance with all material requirements of the Agreement, and sustained and continuing improvement in the response to, and investigation of, reports of sexual assault, as demonstrated pursuant to the outcome measures determined by the Independent Reviewer.

The Reviewer and the City signed a contract for service on June 19, 2013 to begin the independent review process.

The first report of the Reviewer was released November 6, 2013 and can be found on the MPD website at the following link: http://www.ci.missoula.mt.us/ArchiveCenter/ViewFile/Item/7343

This report is the second report from the Reviewer covering the period between October 1, 2013 and April 1, 2014. The next report will be a comprehensive assessment of the first year of compliance with the Agreement with anticipated release date of September 2014.
Work Conducted / Observed by the Independent Reviewer:

During this twenty-five week time period the Reviewer has conducted over one-hundred and ninety hours of remote reviewing activity and consultation; and forty additional hours of on-site review activity and consultation during a site visit February 3 – 7, 2014.

The remote reviewing services and consultation were specific to the terms of the Agreement and have included; sexual assault case reviews, Standard Operational Procedures (SOP) development and review, sexual assault response and investigations training review, and review of work performed by the Missoula Sexual Assault External Review Panel for felony sexual assault cases in Missoula. A budget for fiscal year 2015 was completed and submitted to MPD.

The on-site review activity included interviews and meetings with the newly appointed MPD Police Chief, Michael Brady. Chief Brady assured his commitment to fulfill the terms of the Agreement as previously demonstrated by former MPD Chief Mark Muir. The on-site review was led by MPD Captain Mike Colyer.

The on-site review also included interviews and meetings with community members, community service organizations, External Review Panel members, the Missoula Mayor, and the Missoula County Attorney.

The on-site review activity also included a complete review of documentation regarding the progress to date on the terms of the Agreement. The progress to date is listed in the compliance graph on pages 12 - 25 of this report.

All MPD personnel continue to receive training on sexual assault response and investigations in accordance with the agreement. MPD has also produced a two year training plan (2014 – 2015) to assist in fulfilling the terms of the Agreement as it relates to training.
The training plan as outlined includes a blended delivery of training including roll call briefing training, online training modules from Ending Violence Against Women International (EVAWI)\(^1\), in-house classroom training, victim and advocate panels, and outside expert classroom instruction.

The MPD Sexual Assault Policy and SOP were completed during this review period. MPD has conducted in-house training on the policy and SOP in accordance with the agreement. The MPD Sexual Assault Response policy is posted on the MPD website. See link: [http://www.ci.missoula.mt.us/DocumentCenter/View/23707](http://www.ci.missoula.mt.us/DocumentCenter/View/23707)

**External Review Panel (ERP):**

The MPD continues to work closely with community partners and the best example of community partnership continues to be their work with the External Review Panel (ERP).

In accordance with the DOJ Agreement, section IV 15 – 17, MPD is required to create an External Review Panel (ERP) to review cases of sexual assault that are reported to, or investigated by MPD. During the planning process of the ERP, MPD, the Reviewer and DOJ agreed to specifically review felony cases only. Misdemeanor sexual assault cases can still be reviewed if MPD, the ERP, or the Reviewer determines the need to review a misdemeanor case.

The ERP is made up of community partners with experience in Sexual Assault Victim and Survivor Advocacy. The ERP protocol is overseen by Attorney Anne Munch (Anne Munch Consulting Inc.). The ERP is providing MPD feedback on their review of all closed felony sexual assault cases in an effort to improve MPD’s response, investigations, and services to sexual assault victims.

---

\(^1\) Ending Violence Against Women International (EVAWI), OnLine Training Institute: EVAWI has developed an [OnLine Training Institute](https://www.evawintl.org/onlinetraining.aspx) to bring state-of-the-art training to anyone who is interested, on the topic of criminal justice response to sexual assault.
ERP members meet with MPD to review all closed MPD felony sexual assault cases and provide feedback on investigations to ensure comprehensive and bias-free responses and investigations to promote a victim centered service approach.

To date the ERP members report that the case reviews have shown improvement in MPD response, investigations, and victim services, including more advocacy involvement. The most recent ERP case reviews resulted in identifying more positive examples of work performed with some minor examples identified for continued improvement regarding effective and consistent communication by all officers when communicating with victims.

The ERP members report they have observed continued improvements to include conducting more comprehensive investigations, seeking possible interconnected and co-occurring crimes, and providing more victim centered services in accordance with the MPD policy. These improved services include examples of enhanced victim interviewing and better communication and coordination with community sexual assault resources.

The ERP began operation September 18, 2013 with initial protocol training conducted by Anne Munch Consulting. The training and implementation of the review protocol were observed by the Reviewer and DOJ.

The ERP provides feedback to MPD command staff in accordance with the ERP Protocol. The ERP members make color coded comments to identify specific comments while reviewing each case. For each category of “Comprehensiveness” and “Possible Indicator of Bias”, ERP members provided color coded feedback:

- **Green:** Well received by ERP member. No indication of problems, a good case example.

- **Yellow:** Concerning to the ERP member. Some problems identified that need attention by way of future training or individual work with the detective or officer, but do not require the case to be reopened.
**Orange**: Unacceptable to the ERP member. Identified problem(s) that require immediate attention and follow up work including reopening the case if necessary.

At the conclusion of the case review, the ERP member considers all the color coded feedback for that particular case and then gives each case an overall color coding:

- “Green”: Excellent case, little to no concern.
- “Yellow”: Good case, room for improvement.
- “Orange”: Significant concern about the case.

To date there have been three ERP sessions and a total of 41 felony sexual assault cases have been reviewed. The first session reviewed eighteen cases and was conducted on September 18 – 20, 2013.

September 2013 ERP Session (18 cases)

- 12 “Green” cases.
- 6 “Yellow” cases.
- 0 “Orange” cases.

December 2013 ERP Session (9 cases)

- 5 “Green” cases.
- 3 “Yellow” cases.
- 1 “Orange” cases.

March 2014 ERP Session (14 cases)

- 13 “Green” cases.
- 1 “Yellow” cases.
- 0 “Orange” cases.
Because there are multiple categories for review in each case ERP members provide numerous comments on each case. In reviewing all of the comments made throughout all of the cases for all three ERP session, the March 2014 ERP review resulted in far more positive observations and a reduction in unacceptable observations. This is consistent with ERP member reports that there is a noticeable improvement in MPD response, investigations, and victim services.

- Sep Session: 126 green, 63 yellow, 7 orange
- Dec Session: 99 green, 23 yellow, 14 orange
- Mar Session: 203 green, 24 yellow, 2 orange

MPD has developed an internal protocol to ensure the ERP feedback and recommendations are shared with supervisors and individual officers and incorporated into policy updates, training, and employee development; or to reopen, or reexamine cases where warranted. MPD will also monitor the ERP feedback and case coding data to help measure the effectiveness of the training, policy / SOP, and ERP feedback.

For the duration of the Agreement MPD and the ERP will continue case reviews as the case load requires.

**Case Review by the Independent Reviewer:**

The Reviewer is also conducting case reviews independent of the ERP. While the Reviewer generally agrees with the ERP assessment of the enhanced investigative work, the Reviewer has noted some inconsistency regarding MPD sexual assault policy compliance by first responding officers during the initial response to some sexual assault cases. MPD has acknowledged this and continues to work on ensuring policy compliance.

The Reviewer has noted examples of comprehensive investigations and enhanced skills that were introduced in training and through improved policy and SOP direction. The Reviewer specifically observed improved documentation, case coding and tracking, more detailed reports
of the facts and potential evidence, and advocacy involvement throughout the reporting process and investigation.

Also of note is that MPD continues to report increased reporting rates for sexual assault cases compared to previous years. Research and experience clearly indicates that sexual assault remains one of the most underreported violent crimes in the criminal justice system. Increased rates for sexual assault reporting are influenced by a number of factors and are not always indicative of an increase in sexual assaults in the community.

Factors influencing reporting rates can also be connected to increased community awareness and dialogue regarding sexual violence, increased collaboration and community coordinated response, and public confidence in the reporting process.

The increased reporting rates reported by MPD will require further examination, but it is clear following DOJ’s investigation in Missoula that there has been increased community awareness and dialogue about sexual violence in Missoula, as well as an effort to enhance community collaboration and trust. Increased reporting rates of sexual assault in Missoula are being monitored by MPD and will be analyzed by MPD and the Reviewer following the end of the first year of the Agreement (June 2014).

Community Collaboration and Coordination:

Of special note for this report, as a result of increased attention and analysis of sexual assault by MPD, MPD has initiated a new special victim unit to investigate sexual assault cases. This is not a requirement of the DOJ Agreement, but rather MPD’s vision to enhance investigations. Investigators have been specifically selected for the unit and they will investigate all felony sexual assault cases. MPD has contributed significant resources and finances for the development of the unit, including securing additional office space and the creation of interview rooms specific for victims of sexual assault.
During on-site interviews with community partners, they generally agreed that MPD has demonstrated a strong commitment to fulfilling the DOJ Agreement and to improving their response and investigations.

Community partners agreed that the DOJ agreement is having its intended effect, but feel that the real measurement will be what happens after the DOJ agreement ends. Community partners also generally agreed that the communication, coordination, and relationship among the community partners were enhanced as a result of the process.

One example of improved communication and coordination is MPD’s Memorandum of Understanding (MOU) with the Missoula County Attorney’s Office (MCAO). The MOU went into effect on December 13, 2013 and its stated purpose is as follows:

“The purpose of this Agreement is to enhance the Parties collaboration and communication in the investigation and prosecution of reported criminal sex offenses, seeking to attain positive outcomes in keeping with the best interest of justice. The parties are committed to working together with community partners to provide victims with timely investigations and prosecution decisions and to improve the experience of victims in the criminal justice system to whatever degree possible.”

The ERP and the Reviewer have made some initial observations suggesting that the MOU is enhancing collaboration and communication between MPD and MCAO, and providing more timely charging decisions for felony sexual assault cases. MPD reports that the MOU has been helpful as MPD and the MCAO continue to work for greater accountability with case reviews and charging decisions.

MPD is working with the University of Montana Department of Sociology and community partners to develop a survey for victims / survivors of sexual assault. The survey tool is being developed and will be provided to victims / survivors after completion to assist MPD in assessing direct victim centered services.
The Reviewer is pleased to report throughout this reporting period that substantial progress on the terms of the Agreement continues, and more importantly, these efforts are beginning to show the intent of the Agreement which is to ensure the success of MPD’s effort to improve its response to adult sexual assault.

Assessment of Progress to Date on the Requirements of the Agreement:

The following compliance graph shows all the requirements of the Agreement and the work that MPD has accomplished to date (April 1, 2014)

The compliance graph uses compliance definitions to categorize the status of each requirement of the Agreement.

The compliance definitions are as follows:

**Pending compliance**: Current plans for implementation but not yet implemented in approved policy/SOP, training, or actual practice

**Partial Compliance**: Plans for compliance have been implemented, reflected in approved policy/SOP and, training, but not yet observed in actual practice

**Compliance**: Plans for compliance have been implemented in approved policy/SOP and training, and evidence of actual practice

**Sustained Compliance**: Found by the Reviewer to have been fully implemented in practice based on a qualitative assessment showing MPD achieved the desired outcomes for the area covered by the Agreement

### IV. External Review of Sexual Assault Cases (In conjunction with OPS)

| Compliance / Sustained Compliance | **Jun 15, 2015** Compliance: External Review Panel (ERP) was selected with oversight of the independent reviewer and DOJ. The ERP protocol was designed and implemented by Anne Munch Consulting Inc., modeled after and in consultation with the Women’s Law Project and their efforts in Philadelphia. The ERP began operation Sep 18, 2013 with protocol training and review of ongoing felony sexual assault cases submitted by MPD. Ongoing effort to continue consistent reviews at least semi-annually, or as case load requires. To date ERP has reviewed 41 felony sexual assault cases conducted by ERP. As of 2-6-14 ERP database being utilized by MPD to help measure outcomes ERP to continue to develop to ensure feedback is consistent and valued. Conclusion:

As observed by DOJ throughout their investigation, findings, and settlement Agreement, MPD has continued to cooperate fully and professionally with the Reviewer in MPD’s efforts to fulfill the terms of the Agreement.

MPD is making steady progress as the compliance graph indicates. Chief Mark Muir retired in December 2013, and Chief Mike Brady was appointed as the successor. Like Chief Muir, Chief Brady has demonstrated strong leadership and a clear commitment to fulfilling the terms of the Agreement. Chief Brady recognizes the need for MPD to continue to take managerial and operational responsibility for the implementation of the remaining terms, reforms, and requirements of the Agreement.

Captain Mike Colyer remains assigned as liaison to the Reviewer and he is extremely responsive to requests. Chief Brady and Captain Colyer recognize the significant responsibility for documenting and measuring their efforts toward full compliance with the Agreement.

The Reviewer remains impressed with the quality and service offered by community resources in Missoula for victims and survivors of sexual assault. Recent efforts to enhance communication and coordination between MPD, the County Attorney’s Office, and the community resources to achieve a true community coordinated response to sexual assault are reported to be improving by all community partners that the Reviewer spoke with during the review period.

Continued sexual assault case reviews by the Reviewer and the ERP will continue. The MPD Sexual Assault Policy and SOP have been fully implemented. A two year training plan has been developed, a victim survey is being developed, and a community safety and accountability audit is in the planning stages. Continued progress on the remaining requirements of the Agreement is expected.

The Reviewer looks forward to the work ahead and the continued commitment of the City, MPD and the community of Missoula.
