Obligated Service for Mental Health Traineeships: Regulations (42 CFR part 62a) and Forms—(Extension, no change; OMB No. 0930–0074)—SAMHSA’s Center for Mental Health Services (CMHS) awards grants to institutions for training instruction and traineeships in mental health and related disciplines. Prior to statutory change in 2000, graduate student recipients of these clinical traineeships were required to perform service, as determined by the Secretary to be appropriate in terms of the individual’s training and experience, for a length of time equal to the period of support. The clinical trainees funded prior to implementation of the statutory change are required to submit SAMHSA Form SMA 111–2, which is an annual report on employment status and any changes in name and/or address, to SAMHSA. The information on this form is required to document that the trainee has completed their service obligation.

DEPARTMENT OF HOMELAND SECURITY

Notice to Nonimmigrant Aliens Subject To Be Enrolled in the United States Visitor and Immigrant Status Indicator Technology System; Correction

AGENCY: Department of Homeland Security.

ACTION: Notice; correction.

SUMMARY: The Department of Homeland Security published a document in the Federal Register of January 5, 2004, requiring certain nonimmigrant aliens to provide fingerprints, photographs or other biometric identifiers if arriving in or departing from the United States through designated air or sea ports of entry on or after January 5, 2004. The document contained an incorrect telephone number.

SUPPLEMENTARY INFORMATION:

The Department of Homeland Security has recently published a document in the Federal Register (69 FR 1269; January 5, 2004) entitled “Notice to Nonimmigrant Aliens Subject To Be Enrolled in the United States Visitor and Immigrant Status Indicator Technology System; Correction.” In that notice, the Department of Homeland Security (Department) promulgated an interim rule implementing the first phase of the United States Visitor and Immigrant Status Indicator Technology Program (US–VISIT, Increment 1) in accordance with several Congressional mandates requiring that the Department create an integrated, automated entry exit system that records the arrival and departure of aliens and that verifies, through the comparison of biometric identifiers, the identities of aliens and the authentication of their travel documents. In connection with this program, and in accordance with Section 208 of the E-Government Act of 2002, which requires federal agencies to conduct a privacy impact assessment (PIA) when they use information technology to collect new information, the Department of Homeland Security conducted a Privacy Impact Assessment of US–VISIT, which was published on January 4, 2004, at http://www.dhs.gov/privacy. Because Section 208 of the E-Government Act of 2002 requires federal agencies to make PIAs publicly available through their Web sites, publication in the Federal Register, or other means, attached as appendices to this notice are the Department’s Executive Summary of the PIA, the PIA, and the Privacy Policy for the US–VISIT Program, Increment 1.
