NUCLEAR REGULATORY COMMISSION

10 CFR Part 2

RIN 3150-AF23

Petition for Rulemaking; Procedure for Submission

AGENCY: Nuclear Regulatory Commission.

ACTION: Proposed rule: Withdrawal.

SUMMARY: The Nuclear Regulatory Commission (NRC) is withdrawing a notice of proposed rulemaking published in the Federal Register on March 28, 1995 (60 FR 15878), pertaining to petitions for rulemaking. The proposed rule would have provided incentive of more expeditious disposition by the NRC to those petitioners who submitted detailed supporting information in their petitions which facilitated NRC review. The proposed rule would also have delineated factors that affect priorities for review of the petitions. In lieu of the proposed rulemaking, the information in the proposed rule together with additional guidance will be provided in a Regulatory Guide to be developed by the NRC and distributed to the industry and the public.

FOR FURTHER INFORMATION CONTACT: T. Y. Chang, Office of Nuclear Regulatory Research, U.S. Nuclear Regulatory Commission, Washington, DC 20555, telephone (301) 415-6450.

SUPPLEMENTARY INFORMATION:

Background

On March 28, 1995 (60 FR 15878), the NRC published a notice of proposed rulemaking for public comment in the Federal Register, entitled "Petition for Rulemaking; Procedure for Submission", to amend § 2.802, Petition for Rulemaking. The proposed rule would have provided incentive of more expeditious disposition by the NRC to those petitioners who submitted detailed supporting information in their petitions which facilitated NRC review. The proposed rule would also have delineated factors that affect priorities for review of the petitions.

Twelve comment letters were received on the proposed rule. The industry and various Federal and local governmental agencies generally commended the NRC for proposing ways to improve the process of petitioning for rulemaking, but most commenters thought it is unnecessary to codify the criteria for expedited processing of petitions for rulemaking in the Code of Federal Regulations.
