PROPOSED DECISION

This is a claim in the amount of \$30,000 against the Government of Czechoslovakia under Section 404, Title IV of the International Claims Settlement Act of 1949, as amended, by GLEBA A.G., a corporation organized under the laws of Switzerland for the nationalization or other taking of agricultural property consisting of farmland with structures thereon, situated in the Communities of Strazne and Velky Kevezd, Czechoslovakia.

Section 404 of the Act provides, inter alia, that the Commission shall determine the validity and amount of claims by nationals of the United States against the Government of Czechoslovakia for losses resulting from the nationalization or other taking on and after January 1, 1945 of property including any rights or interests therein owned at the time by nationals of the United States.

CZ-4

Section 401 of the Act determines, in part, the following:

"As used in this title (1) "National of the United States" means

(a) a natural person who is a citizen of the United States, and (B) a corporation or other legal entity which is organized under the laws of the United States, any State or Territory thereof, or the District of Columbia, if natural persons who are nationals of the United States own, directly or indirectly, more than 50 per centum of the outstanding capital stock or other beneficial interest in such legal entity . . ."

The record before the Commission shows that claimant is not a corporation organized under the laws of the United States or of its subdivisions, but, as stated above, a corporation organized under the laws of Switzerland.

Accordingly, the Commission finds that claimant is not a national of the United States.

In view of the foregoing the claim is denied.

The Commission finds it unnecessary to make determinations with respect to other elements of the claim.
