

DEPARTMENT OF JUSTICE (DOJ)
PLANNED ANALYSIS OF FISCAL YEAR (FY) 2011 SERVICE CONTRACT INVENTORY

This planned analysis is submitted in accordance with the Section 743 of Division C of the FY 2010 Consolidated Appropriations Act, P.L. 111-117, and the Office of Federal Procurement Policy Memorandum, Service Contract Inventories, dated December 19, 2011.

The DOJ selected the following special interest Product or Service Code (PSC) functions from its FY 2011 Service Contract Inventory to be evaluated for further analysis:

PSC	Special Interest PSC Description	FY 2011 Dollars Obligated
G004	SOCIAL REHABILITATION SERVICES	\$1,241,286,046
R499	OTHER PROFESSIONAL SERVICES	\$618,323,528
AD26	SERVICES (MANAGEMENT/SUPPORT)	\$203,461,898

These three PSCs were selected for analysis from the FY 2011 Inventory because they were not included in the analysis of the FY 2010 Service Contract Inventory and they are the top three special interest functions listed on the FY 2011 Service Contract Inventory. Additionally, PSCs R499 Other Professional Services and AD26 Services (Management/Support) are functions where the government-wide potential for inappropriate use of high risk awards and the mix of contract labor and federal employees is a major concern. None of the three PSCs are included in the list of 12 PSCs targeted for reduction by DOJ in FY 2012.

The DOJ plans to engage the procurement, human resource, finance and budget offices of each DOJ component in the completion of its FY 2011 planned analysis. The analysis will be conducted by examining the most significant awards reported in the Federal Procurement Data System under the selected special interest PSCs, in addition to utilizing findings and lessons learned from prior and current studies, policies and initiatives.
