Part I: Summary Information And Justification (All Capital Assets)**

1. Date of Submission: March 29, 2013
2. Agency: Department of Justice
3. Bureau: Bureau of Prisons (BOP)
4. Name of Investment: Administrative USP El Reno, OK
5. Justification for Investment:

U.S. Penitentiary (USP) El Reno (Western), OK will be designed as a 1,600 bed Administrative high security prison with a 256 bed work camp (minimum security). The project will be awarded as a design/build project using a negotiated procurement which allows contractors input on all aspects of the project. USP El Reno received partial site and planning funds in FY 2001. The FY 2014 President's Budget proposes a rescission to reduce this project by \$127,000, leaving \$444,000 in available funding. An estimated construction completion date cannot be determined for this project, due to the proposed rescission of funds and insufficient available resources.

This investment will provide a Federal correctional facility which directly supports the BOP's mission to protect society by confining offenders in the controlled environments of prisons and community-based facilities that are safe, humane, cost-efficient, and appropriately secure, and that provide work and other self-improvement opportunities to assist offenders in becoming law-abiding citizens. It supports the Department of Justice Strategic Goal 3: Ensure and Support the Fair, Impartial, Efficient, and Transparent Administration of Justice at the Federal, State, Local, Tribal and International Levels.
