SamSneed, CHARLES CHRISTIAN a.k.a. NLN, and PAUL GRAHAM FRY a.k.a. Lofty, and others known and unknown to the Grand Jury, did engage in a child exploitation enterprise, as more fully described below:

#### THE ENTERPRISE

The Defendants were members of an Internet-based members-only bulletin board, entitled Dreamboard, (hereafter Dreamboard), the purpose of which was, among other things, the advertisement and distribution of child pornography. For purposes of

this indictment, the term "child pornography" is as defined in Title 18 United States Code, Section 2256(8)(a).

Dreamboard was hosted by Certified Hosting Solutions, Inc. (hereafter Certified). Certified is a commercial web hosting company that was paid to host Dreamboard through a credit card associated with Dreamboard member, BRIAN MUSOMBA MAWEU, a.k.a. Catfish.

The administrators of Dreamboard had specific requirements for allowing new members to join the board. Each member was required to post child pornography in order to become a member. Furthermore, in order for Dreamboard members to remain in good standing and avoid removal from the board, each member had to continue to post images of child pornography on Dreamboard.

In order to advertise the child pornography, members would post a description of the child pornography that they were making available for distribution. Some advertisements included sample images of the child pornography. In the advertisement, the members posting the advertisements provided the web site address where the child pornography was located and a password necessary to download the material.

All members of Dreamboard were encouraged and required to post images and videos of child pornography so that all members would have a massive and private library of child pornography available for viewing or download by members.

#### **THE RULES OF DREAMBOARD**

The rules of Dreamboard were printed in English, Russian, Japanese and Spanish, and were specific regarding the types of images that had to be posted in order to qualify for admission to Dreamboard. Those rules stated, in pertinent part:

- a. "If I see posts of girls with great big tits and a big black hairy bush, then you can fucking forget being made a member."
- b. "Keep the girls under 13, in fact, I really need to see 12 or younger to know your [sic] a brother."
- c. And don't avoid nudity in previews. I will NOT accept you, if theres [sic] no nudity. And my definition of nudity is pussy or anal in the shot. You just waste your own time if you don't do this. Because you will not get in, if you don't follow the rules."

The rules of Dreamboard had the following warnings posted which required members to continue to post child pornography or lose access to the Dreamboard:

- a. "If you haven't UPLOADED in 50 days, & login doesn't [sic] work, re-apply, because you have been DELETED."
- b. "Uploaders remain, TALKERS AND LURKERS who DON'T upload are deleted."

The rules of Dreamboard allowed members to join different sections of the board. One section of Dreamboard was titled "Super Hardcore." The rules controlling what could be posted in that section were as follows:

"Its very young kids, getting fucked, and preteens in distress, and or crying, ect... Getting hit hard on the ass, with a belt and so on . . . I can't belive some of you guys can't work it out for yourselves? And "pretend" bondage, "Pretend light whipping" is not super hardcore. If the girl looks totall comfortable, she's not in distress, it does NOT belong I this section [smiley-face icon]"

Members of the Dreamboard were segregated into groups. If one were given membership to the Dreamboard, the administrator would dictate in which group the

member would be placed. Each group of members had access to specific locations on the internet bulletin board where child pornography was advertised.

According to the rules of Dreamboard, groups included "Super VIP.", "Super VIP", VIP, and member.

According to the rules of Dreamboard, "Super VIP." members were producers of child pornography that advertised child pornography that they had produced as well as other child pornography that they offered for distribution.

According to the rules of Dreamboard, those who had attained the second highest level of membership, "Super VIP" members, were considered trusted members of the web site. As such they were able to see more posted advertisements than other members.

According to the rules of Dreamboard, the final two levels of membership were VIP members and members. Members of these levels have access to a restricted supply of child pornography. In order to move to a higher group on the Dreamboard and thereby obtain a broader access to child pornography, members must post more advertisements for child pornography, post advertisements for child pornography the member had produced, or post advertisements for child pornography that no other member possessed.

According to the rules of Dreamboard, members were to use encryption technologies in order to prevent detection. The rules went on to specify which encryption technologies should be used and which should be avoided.

Dreamboard members did not use their real names, but instead used screen names to conceal their identities. At all relevant time, each of the named defendants were members of Dreamboard.
