Jim, it is my pleasure to help a friend and a partner with our Depression franchise. As I mentioned I can truly empathize and appreciate what the getaway will mean to the two of you. Thanks to Bill Pasek's support, I am confident you will be pleased with all the arrangements including your honorarium. I know you and Elizabeth will provide a very dynamic, interactive and productive advisory board. Elizabeth is on vacation and upon her return, perhaps the 3 of us can piece together what we believe to be the best approach and content for the Bermuda meeting via a conference call. I hope to be seeing you Friday evening at the program. Best regards to you and your family, Tom.

Tom, thanks for everything! I am sure that you are a bit sick of me. I know my honorarium requirements alone probably gave you fits and then I turn out to be a high maintenance ahole as well. Anyway, I wanted to make sure that you knew how grateful I am to you for all of your help in assuring that T has a wonderful first (13 years) vacation away from our babies. On the business side, as I am sure you know, Elizabeth and I are pals, so you can expect a great time, jim
