OVW Tribal Domestic Violence and Sexual Assault Coalitions Program
(CFDA 16.557)

Overview

The Office on Violence Against Women (OVW) is a component of the United States Department of Justice (DOJ). Created in 1995, OVW implements the Violence Against Women Act (VAWA) and subsequent legislation and provides national leadership on issues of sexual assault, domestic violence, dating violence, and stalking. Since its inception, OVW has supported a multifaceted approach to responding to these crimes through implementation of grant programs authorized by VAWA. By forging State, local and tribal partnerships among police, prosecutors, judges, victim advocates, health care providers, faith leaders, and others, OVW grants help provide victims with the protection and services they need to pursue safe and healthy lives, while improving communities’ capacity to hold offenders accountable for their crimes. For general information on OVW grant programs please see the OVW Fiscal Year 2012 Grant Program Solicitation Reference Guide (Reference Guide) at http://www.ovw.usdoj.gov/docs/resource-guidebook.pdf.

Tribal Coalition nonprofit organizations have accomplished this through technical assistance, expanding the capacity of the tribal coalitions, developing or enhancing appropriate standards for tribal governments, tribal nonprofit

These Tribal Coalitions are made up of members from tribal sexual assault and domestic violence programs, as well as individual women and men who are committed to ending the violence in their Indian Tribe.

---

\(^8\) To be considered for additional funding under the Sexual Assault Services Program your application must specifically address at least one of the two options listed under the OVW Priority Areas identified on Page 9. For additional guidance, please see the definitions under “Types of Applicants” to determine if your application is considered “new” or “continuation”.

8
• Provide direct services or assistance to victims of sexual assault, domestic violence, staking or dating violence, provided that no more than fifteen percent of the total budget may be used to support these activities.

OVW Priority Areas
In FY 2012, consistent with the OVW office-wide policy priorities and statutory priority areas of the Sexual Assault Services Program, applications proposing activities specifically to address sexual assault will be given special consideration during the review process. OVW recognizes the need to place increased focus on sexual assault in order to address the lack of available resources and services for survivors and the unique aspects of sexual assault trauma from which survivors must heal. Nationally, more than one-quarter of women who identified as American Indian or Alaska Native have experienced rape at some point in their lives.  

• Work with local sexual assault programs and other providers of direct services to encourage appropriate responses to sexual assault within the State, Territory, or Tribe; and
• Work with the judicial and law enforcement agencies to encourage appropriate responses to sexual assault cases.

Activities that Compromise Victim Safety and Recovery
The following activities have been found to jeopardize victim safety, deter or prevent physical or emotional healing for victims, or allow offenders to escape responsibility for their actions:

• Procedures or policies that exclude victims from receiving safe shelter, advocacy services, counseling, and other assistance based on their actual or perceived age, immigration status, race, religion, sexual orientation, gender identity, mental health condition, physical health condition, criminal record, work in the sex industry, or the age and/or gender of their children;
• Developing materials that are not tailored to the dynamics of sexual assault or the culturally specific population to be served;
• Developing policies or engaging in practices that impose restrictive conditions to be met by the victim in order to receive services (e.g., counseling, seeking an order for protection);
• Sharing confidential victim information with outside organizations and/or individuals without the documented consent of the victim; and
• Developing policies that require mandatory reporting of sexual assault and domestic violence to law enforcement.

Applications that propose activities that compromise victim safety and recovery may receive a deduction in points during the review process, or may be eliminated from further consideration entirely.

Out-of-Scope Activities
OVW has determined the activities listed below to be out of the program scope. Applications that propose out-of-scope activities may receive a point deduction during the review process.

Applications that are determined to be substantially outside the scope of the Tribal Coalitions Program will not be considered for funding. The following activities are out of scope and will not be supported by Tribal Coalitions Program grant funding:

- Research projects (This does not include program assessments conducted only for internal improvement purposes. See the definition of “research” in this solicitation’s section on Human Subject Research and Confidentiality Protections for additional information on what activities constitute research.)
- Including more than 15% of the total budget to provide direct services to victims of domestic violence, sexual assault, stalking, and dating violence.
- Travel for non-OVW sponsored training and technical assistance.
- Program evaluation costs that exceed 1% of total budget.

Unallowable Activities
The following is a list of activities that are unallowable and cannot be supported by Tribal Coalitions Program grant funding. Applications that propose unallowable activities may receive a point deduction during the review process. Applications that include substantial unallowable activities will not be considered for funding.

- Lobbying
- Fundraising
- Purchase of real property
- Construction
- Physical modifications to building, including minor renovations (such as painting or carpeting)

How To Apply
This section describes what an application should include. Applicants should anticipate that failure to submit an application that contains all of the specified elements will negatively affect the review of the application and may result in the application not being considered for funding; and, should a decision be made to make an award, it may result in the inclusion of special conditions that preclude access to or use of award funds pending satisfaction of the conditions. It is the responsibility of the applicant to ensure that the application is complete and submitted by the deadline.

Formatting and Technical Requirements
Applications must follow the requirements below. Points may be deducted for applications that do not adhere to the following requirements:

Experiencing Unforeseen Technical Issues
If you experience technical difficulties at any point during the application process, please contact the Grants.gov Customer Support Hotline at 1-800-518-4726.

If you experience unforeseen technical issues that prevent you from submitting your application by the deadline, you must contact the technical support number above prior to the deadline AND contact the Tribal Coalitions Program at 202-307-6026 within 24 hours after the deadline to request approval to submit your application. At that time, you will be required to email the complete grant application, your DUNS number, and provide a Grants.gov Help Desk tracking number(s). After OVW reviews all of the information submitted and verifies your technical issues with the Helpdesk, OVW will contact you to either approve or deny your request to submit a late application. If the technical issues you reported cannot be verified, your application will be rejected as untimely.

To ensure a fair competition for limited discretionary funds, the following conditions are not valid reasons to permit late submissions: (1) failure to begin the registration process in sufficient time; (2) failure to follow GMS or grants.gov instructions on how to register and apply as posted on its website; and (3) failure to follow all of the instructions in the OVW solicitation.

For guidance on budget requirements please see the Reference Guide. A Sample Budget Detail Worksheet is available at http://www.ovw.usdoj.gov/docs/budget-detail-worksheet.pdf. When preparing the Budget Detail Worksheet and Narrative, please use the Sample Budget Detail Worksheet as a guide and be sure to include all necessary budget categories as outlined in the Worksheet.

Award Period and Amount
The following guidelines should be used to develop the budget detail worksheet and budget narrative:

- New – 24 months, $156,000
- Continuation – 24 months $314,000

Budget Requirements

---

10 Refer to page 6, Program Eligibility Requirements for more information on what is required to be responsive to the Nonprofit Information.

11 Applicants are required to submit only one budget detail worksheet and budget narrative whether or not applying for funding from both discretionary grant programs identified under About the OVW Tribal Domestic Violence and Sexual Assault Coalitions Program on Page 5. For additional information on the amount of funding available under each discretionary grant program see Award Amounts on Pages 7-8. Total funding available for new and continuation applicants under both discretionary grant programs can be found under Award Period and Amount on Page 13.
Applicants are required to submit a budget detail worksheet that is reasonable and cost effective. The budget must adhere to the OVW Financial Grants Management Guide. The budget detail worksheet must:

- Include a budget narrative that supports and justifies all proposed costs and provides a clear link between specific project activities and proposed budget items; and
- Include a budget that reflects all costs related to implementing the proposed project and provides calculations for all costs.

Food and Beverage/Costs for Refreshments and Meals
OVW funding cannot be used to purchase food and/or beverages for any meeting, conference, training, or other event, except if one of the following applies:

- The location of the event is not in close proximity to food establishments. It should be a priority to try to secure a location near reasonably priced and accessible commercial food establishments;
- Not serving food will significantly lengthen the day or necessitate extending the meeting to achieve meeting outcomes;
- A special presentation at the conference requires a plenary address and there is no other time for food to be obtained; or
- Other extenuating circumstances necessitate the provision of food.

Justification for an exception listed above must be included in the budget narrative.

Note: In addition to the requirements above, cooperative agreement or contract recipients, must complete and submit the Conference and Events Approval Form to OVW for review and approval prior to entering into a contract for any meeting, conference, training, or other event.

If an exception is made for food/beverages or refreshments, the cost of any individual meal, plus taxes and any hotel service costs (e.g., labor cost for room setup), cannot exceed 150 percent of the General Services Administration (GSA) Meals and Incidental Expenses (M&IE) rate for that meal in that locality per attendee. OVW, however strongly encourages costs to stay at or below 100% of the applicable per diem rate for any meal provided, including any service costs. The current GSA M&IE rate breakdown by meal and by locality can be found at http://www.gsa.gov/portal/content/101518. If OVW funds are used to provide breaks/refreshments, they can only be provided once per day, and any related expenses (food, beverages, plus taxes and any hotel service costs) cannot exceed 11.5% of the current GSA M&IE rate per attendee per day. OVW, however prefers that such costs fall well below 11.5%. This restriction does not apply to water provided at no cost, but does apply to any and all other refreshments, regardless of the size or nature of the meeting. Additionally, this restriction does not impact direct payment of per diem amount to individuals in a travel status under your organizations travel policy.

Updated Department of Justice and OVW guidance on conference planning, minimization of costs, and conference reporting will be forthcoming and will be accessible on the OVW website.

Training and Technical Assistance
All applicants are required to allocate funds in the amount of $25,000 to support travel costs associated with technical assistance and capacity-building activities sponsored by OVW-designated technical assistance providers. Applicants from Alaska, Hawaii, and United States Territories should allocate $30,000 to account for higher travel costs. These specific applicants may exceed the budget caps to account for this increased travel amount.
Accommodations and Language Access
Applicants are encouraged to allocate grant funds to support activities that help to ensure individuals with disabilities and Deaf individuals and persons with limited English proficiency to have meaningful and full access to their programs. For example, grant funds can be used to support American Sign Language (ASL) Interpreter services, language interpretation and translation services, or the purchase of adaptive equipment.

Applicants proposing to use grant funds to create websites, videos and other materials must ensure that they are accessible to persons with disabilities. Grant funds must be allocated for these purposes.

Additional Required Information
The following documents will not be scored during the review process but they should be included with your submission. Failure to include any of the information may result in the inability to access funds if your application is selected for funding.

Proposal Abstract
The Proposal Abstract should provide a short and accurate summary of your proposed project including who will be involved with the proposed project, what will be done, the service area where the proposed project will take place and who will be impacted by the proposed project. Please do not summarize past accomplishments in this section.

Status of Current Project (if applicable)

Please refer to http://www.ovw.usdoj.gov/docs/nonsup_letter.pdf for a sample letter. This should be a separate attachment to the application in Grants.gov.

Financial Accounting Practices
Each applicant must prepare a response to the following questions. OVW will review the applicant’s responses to assist in evaluating the adequacy of the organization’s financial management system and to identify areas of need for training and technical assistance. This
section of your application should be no more than two pages and should be a separate attachment to the online application in Grants.gov.

- Will all funds awarded under this program be maintained in a manner that they will be accounted for separately and distinctly from other sources of revenue/funding?
- Does the applicant have written accounting policies and procedures? OVW may request a copy for review during the application/award process or as part of the grant monitoring process.

- Does the applicant have a documented records retention policy? If so, briefly describe the policy.

If not, the applicant must contact OVW’s Grants Financial Management Division at OVW.GFMD@usdoj.gov or 1-888-514-8556 immediately after the organization is notified of their award to coordinate training.

Financial Capability Questionnaire (if applicable)
All nonprofit, nongovernmental organizations that apply for funding from OVW and have not previously (or within the last three years) received funding from OVW or OJP must complete a Financial Capability Questionnaire, and submit it online along with their current year’s audit report. The form can be found at http://www.ojp.gov/funding/forms/financial_capability.pdf.

Indirect Cost Rate Agreement (if applicable)
Applicants that intend to charge indirect costs through the use of an indirect cost rate must have a Federally-approved indirect cost agreement. Please include a copy of a current, signed Federally-approved indirect cost rate agreement. If you need additional information on this requirement, you may go to http://www.ovw.usdoj.gov/docs/OVW-FGMG-Version-2-7-12-conf-cost-updates-revised-2.pdf. This should be a separate attachment to the application in Grants.gov.
Applicants that do not have a Federally-approved indirect cost rate should budget all project related costs in the direct cost categories. Organizations that wish to negotiate an indirect cost rate may contact OVW’s Grants Financial Management Division at OVW.GFMD@usdoj.gov or 1-888-514-8556 for more information.

Selection Criteria
Applications will be scored based on the degree to which the applicant responds to each section and addresses each element contained within the corresponding section. Furthermore, applications will be scored based upon the quality of the response and the level of detail provided. Each element must be addressed in the section in which it is requested. Points may be deducted if the applicant does not include the information in the appropriate section even if it
is included elsewhere within the application. Each section will be reviewed as a separate
document and will be scored as such.

OVW reserves the right to deduct points for applications that are partially out of scope, that
include unallowable activities, for applicants who are out of compliance with a current OVW
grant award or cooperative agreement, and for any activities that compromise victim safety or
confidentiality.

If an application is deemed to be substantially out of scope, proposes a substantial number of
activities that are unallowable, or proposes activities that pose a significant threat to victim
safety or a serious breach of confidentiality, it will not be considered for funding.

**Review Process**

OVW will subject all applications to a review process that is fair and based on the criteria
outlined in this solicitation. OVW may utilize internal review, external review, or a combination of
both.

based on the elements listed below. Up to 25 points may be deducted from the application
based on this review.

  OVW, demonstrate the effectiveness of the project, indicating timely progress toward
  meeting project goals and objectives;
- Timely submission of progress reports;
- The grantee has demonstrated that past activities supported with OVW grant funds have
  been limited to program purpose areas;
- The grantee has complied with all special conditions;
- The grantee has adhered to programmatic and financial reporting requirements,
  including timely submission of required reports;

  on-site financial or programmatic monitoring visit;
