Coordinated Tribal Assistance Solicitation

A. Overview

In 2010, the U.S. Department of Justice (DOJ) launched its first-ever Coordinated Tribal Assistance Solicitation, or CTAS, combining DOJ's existing Tribal government-specific competitive solicitations into one, and thus requiring only one application from each Tribe or Tribal consortium. This approach provides federally-recognized Tribes and Tribal consortia the opportunity to develop a comprehensive approach to public safety and victimization issues.

The decision to develop CTAS was based on a series of meetings conducted by DOJ leadership across the country addressing violent crime in Tribal communities. On October 28–29, 2009, DOJ convened a national Tribal leaders listening session in St. Paul, Minnesota. That same month, DOJ held its annual Tribal consultation on violence against women, as required by the Violence Against Women Act of 2005. The Department again had the opportunity to engage with Tribal leaders on public safety in Tribal communities during the first White House Tribal Nations Conference in November 2009. Finally, in Fiscal Year (FY) 2010, DOJ held two national Tribal consultation teleconferences on December 18 and 23, 2009, to obtain Tribal input on the development of the CTAS solicitation.

DOJ further refined CTAS with Tribal input at a jointly held Violence Against Women Act Tribal consultation and CTAS session held in October 2010 in Spokane, Washington, and again for FY 2012 at the Interdepartmental Tribal Justice, Safety and Wellness Session held in December 2011 at the Santa Ana Pueblo, New Mexico.

Additionally, DOJ circulated an assessment tool to Tribes in order to gather feedback about their prior experience applying for CTAS.

DOJ incorporated feedback from the Tribal meetings and consultations and has made the following changes to this FY 2012 CTAS:

- A new strategic planning pilot program has been added.
- A question-and-answer template has been incorporated into the solicitation to make the document more user-friendly.
- Purpose Areas have been adjusted to address the Tribes' feedback and concerns and allow for greater flexibility in funding requests.
- The request for additional data on Tribe demographics will help DOJ to gain a better understanding of the unique characteristics of each Tribe.

In FY 2010, 238 Tribes submitted CTAS applications, with 300 grant awards approved for funding. The awards covered 10 Purpose Areas, totaling almost \$127 million. In FY 2011, 236 Tribes submitted applications, with more than 283 grant awards approved for funding. The awards covered eight Purpose Areas, totaling over \$118 million. In both years, funding was awarded to enhance law enforcement; bolster criminal and juvenile justice systems; prevent youth substance abuse; serve domestic violence, sexual assault, and elder victims; and support other efforts to prevent and control crime.

As in FY 2010 and FY 2011, this FY 2012 solicitation refers to DOJ's Tribal government-specific competitive grant programs as "Purpose Areas." Applicants may select the Purpose Area(s) that best address Tribes' concerns related to public safety, criminal and juvenile justice, and the needs of victims/survivors of domestic violence, sexual assault, and other forms of violence.

In response to a single Tribal or Tribal consortium application requesting funds from multiple Purpose Areas, multiple awards may be made. Purpose Areas may be funded and administered by different DOJ program offices (see Part E “Purpose Areas—Snapshot,” which identifies the DOJ program office that manages each Purpose Area). DOJ anticipates that the grants will be managed by the awarding DOJ program office.

In some cases, Tribes may receive two separate awards under a single Purpose Area application for activities that fall under different funding streams that have been combined for the purpose of the application. Tribes or Tribal consortia receiving grants from multiple funding streams must maintain the grant funds separately and file all required reports for each grant awarded with the applicable DOJ component.

Changes to DOJ grant programs enacted with the passage of the Tribal Law and Order Act (TLOA) continue to be incorporated into this solicitation. For more information regarding TLOA, visit www.justice.gov/tribal.

This coordinated approach will apply only to requests for grant funding made in response to this solicitation, which is for FY 2012 grant funding, specifically for federally-recognized Tribes and Tribal consortia. Tribes or Tribal consortia may be eligible for and are encouraged to submit separate applications to any additional non-Tribal government-specific DOJ grant programs for which they may be eligible. For information on additional funding sources, go to www.grants.gov and the web sites of individual federal agencies.

The DOJ components offering Tribal government-specific grant resources through the 10 “Purpose Areas” identified in this Coordinated Tribal Assistance Solicitation are listed below. For more information on each component, see www.justice.gov/tribal.

- Office of Community Oriented Policing Services (COPS)
- Bureau of Justice Assistance (BJA-OJP)
- Office on Violence Against Women (OVW)
- Office for Victims of Crime (OVC-OJP)
- Office of Juvenile Justice and Delinquency Prevention (OJJDP-OJP)

Below is a snapshot of the Purpose Areas. See detailed information for each Purpose Area in Part E.

1. Public Safety and Community Policing (COPS)

3. Justice Systems and Alcohol and Substance Abuse (BJA)
4. Corrections and Correctional Alternatives (BJA)
5. Tribal Sexual Assault Services Program (OVW)
6. Violence Against Women Tribal Governments Program (OVW)
7. Children’s Justice Act Partnerships for Indian Communities (OVC)
8. Comprehensive Tribal Victim Assistance Program (OVC)
9. Juvenile Justice (OJJDP)
10. Tribal Youth Program (OJJDP)

D. What an Application Should Include

This section describes what an application should include and required elements. Applicants should anticipate that failure to submit an application that contains all of the specified elements may negatively affect the review of the application; and, should a decision be made to make an award, it may result in the inclusion of special conditions that preclude access to or use of award funds pending satisfaction of the conditions.

It is the applicant’s responsibility to ensure that its application is complete and submitted by the deadline. In order to be considered for funding, applicants should ensure that their application:

1. Is submitted by the deadline
2. Meets the eligibility criteria
3. Includes the following:
 - I. Tribal Community & Justice Profile (40%)**
 - a. Executive Summary
 - b. Tribal Narrative Profile
 - II. Purpose Area Narrative for each Purpose Area for which the applicant is applying (40%)**
 - III. Project/Program Timeline for each Purpose Area for which the applicant is applying or one combined timeline for all Purpose Areas for which the applicant is applying (5%)
 - IV. Budget Detail Worksheet and Narrative including Demographic Form (15%)**
 - V. Tribal Authority to Apply Documentation
 - VI. Indirect Cost Rate Agreement (if applicable)
 - VII. Other Attachments (as needed)

****Items noted by ** (double asterisks) MUST be included in the application submission in order for the application to proceed to peer review. Applications that do not include the attachments noted by ** will not receive further consideration.**

If an application fails to comply with the length-related guidance stated below for the “Tribal Community & Justice Profile” and for “Purpose Area Narrative(s),” noncompliance may be considered in peer review and final award decisions.

To ensure that reviewers can easily locate application documents, DOJ strongly recommends that uploaded files are clearly named so as to indicate the applicant Tribe(s) and the file contents. All other attachments, such as letters of support, resumes, and job descriptions for unfilled positions, should use descriptive file names and should have the specific Purpose Area identified on the attachment(s).

An application should include:

I. Tribal Community & Justice Profile (40% of application score)

The Tribal Community & Justice Profile consists of two parts:

- a) Executive Summary
- b) Tribal Narrative Profile

a. Executive Summary (5%)

In 1-2 pages the executive summary should identify all Purpose Areas for which the applicant seeks funding, and if more than one Purpose Area is applied for, how the funds requested in each Purpose Area fit together to address the overall justice and safety needs of the Tribe(s). Use the provided template to build your Executive Summary. <http://justice.gov/tribal/ctas2012/executive-summary-template.pdf>

b. Tribal Narrative Profile (35%)

The Tribal Narrative Profile is designed to allow the Tribe to describe its community strengths, resources, challenges, and needs. The applicant may enter as much or as little text as needed to fully describe the community as long as the total number of pages for the entire Tribal Narrative Profile does not exceed 15 pages. Remember that the individuals reviewing the application may not be familiar with the community so descriptions should be as clear and detailed as possible. Be sure that every question is answered. If there are questions that you are unable to answer please provide an explanation of why the information is unavailable.

<http://justice.gov/tribal/ctas2012/narrative-profile-template.pdf>

II. Purpose Area Narrative(s) (40% of application score)

Applicants must submit a **separate narrative for each Purpose Area** to which they are applying. Narratives will be reviewed and evaluated based on the responses to the specific topics/questions included for that Purpose Area template. The template for each Purpose Area includes the following:

- a) Project/program design and implementation
- b) Capabilities and competencies
- c) Impact/outcomes and evaluation/plan for collecting data for performance measures

Each Purpose Area has a separate template designed to address the unique focus and requirement of that Purpose Area.

The file should be saved with a title that reflects what each file contains as well as the applicant Tribes(s). For example, a file may be saved as “Tribe.Purpose Area1 Template.doc”.

III. Project/Program Timeline (5% of application score)

Applicants should submit a timeline or milestone chart encompassing the entire federal project period that indicates objectives and major tasks, assigns responsibility for each, and plots completion of each task by year and then by month or quarter for the duration of the award, using “Year 1,” “Month 1,” “Quarter 1,” etc., not calendar dates. See “Sample Project Timeline” at www.justice.gov/tribal. Applicants can either submit a separate Timeline for each Purpose Area or one comprehensive Timeline that covers all Purpose Areas included in the application.

The Project/Program Timeline submission will be rated on the following criteria:

- The extent to which the timeline is complete and reasonable given the activities described.
- The extent to which all activities can be reasonably completed within the grant period and with the resources allocated.

IV. Budget Detail Worksheet, Budget Narrative, and Demographic Form (15% of application score)

DOJ has developed a workbook that tribes can use that combines the Budget Detail Worksheet, Budget Narrative, and Demographic Form into a single workbook.

Only one Budget Detail Workbook including the Budget Detail Worksheets and Budget Narratives for each purpose area, and a Demographic Form must be completed and submitted per application. The Budget Detail Workbook and Budget Narrative must include a proposed budget detail worksheet for each Purpose Area for which funds are being requested. If an individual budget is not submitted for a Purpose Area, the application will not be considered in that Purpose Area. The Demographic Form collects important demographic information that pertains to all Purpose Areas.

The new Budget Detail Worksheet, Budget Narrative, and Demographic Form workbook is user-friendly and has been designed to calculate totals; therefore, applicants are strongly encouraged to use the workbook when completing their proposed budgets. The combined blank Budget Detail Worksheet and Budget Narrative, budget workbook instructions, and a sample budget worksheet can be found at www.justice.gov/tribal.

Note: Before completing the Budget Detail Worksheet, Budget Narrative, and Demographic Form, consult “Specific Requirements” in the Listing of Purpose Areas (Part E, I) as well as “Amount and Length of Awards” (Part E, II) for estimated award amounts for specific Purpose Areas.

Budget Detail Workbook:

The Budget Detail Workbook is the entire Excel document, which contains a Budget Detail Worksheet with Narrative for each individual Purpose Area as well as the Demographic

Form. A Tribe is required to submit only one **workbook**; however, multiple worksheets within the workbook may need to be completed based on the Tribe's requests.

Budget Detail Worksheet:

The Budget Detail Worksheet should provide the detailed computation for each budget line item, listing the total cost of each and showing how the applicant calculated it. For example, costs for personnel should show the annual salary rate and the percentage of time devoted to the project for each employee paid with grant funds. The Budget Detail Worksheet should present a complete itemization of all proposed costs. There should be a clear link between the activities proposed and the items included in the budget.

Note: For each Purpose Area the budget should include the estimated cost for travel and accommodations for two staff to attend two 3-day meetings, with one in Washington, D.C. and one in the applicant's region.

Budget Narrative:

The Budget Narrative should thoroughly and clearly describe every category of expense listed in the Budget Detail Worksheet. The narrative should correspond with the information and figures provided in the Budget Detail Worksheet. The narrative should also explain how all costs were estimated and how they are relevant to the completion of the proposed project.

Demographic Form:

The Demographic Form is designed to capture the unique characteristics of each Tribe in order to paint a more detailed picture of each Tribe's strengths and challenges. Each applicant should complete the form in its entirety. If the applicant is unable to answer all or part of the form they should provide an explanation in the available space for the missing information.

The Budget Detail Worksheet, Budget Narrative, and Demographic Form submission will be rated based on the following criteria:

- The extent to which the application includes all of the requested information.
- The extent to which the budget is reasonable and that all costs in the budget are linked to activities described in the implementation plan.
- The extent to which the Demographic Form is complete.
- The need for funding as demonstrated through the completed form.

Applicants are strongly encouraged to use the provided Detail Worksheet, Budget Narrative, and Demographic Form workbook. An applicant that chooses to use a different format should ensure that all budget and demographic information requested in the provided workbook is included. <http://justice.gov/tribal/ctas2012/ctas-budget-worksheet.pdf>

V. Tribal Authority to Apply For Grants Under CTAS

For FY 2012 CTAS, applicants will be asked to submit documentation reflective of their legal authority to apply for grants under CTAS on behalf of their Tribes. Recognizing that Tribes have different forms of Tribal governance, no prescribed form of documentation will be required. Rather, for FY 2012 CTAS, an applicant may submit a resolution, a letter, affidavit, or other documentation, as appropriate, that certifies that the applicant has the legal authority to apply for CTAS awards on behalf of the Tribe. **This documentation must be**

current, sufficient to demonstrate authority for the application, contain authorized signature(s), and submitted by the application's April 18, 2012, due date. See samples of various forms of documentation at www.justice.gov/tribal.

Regarding a **Tribal consortium** application, the applicant must submit documentation of authority as described above from each Tribal consortium member, unless existing consortium bylaws or other Tribal governance documents allow action without explicit authorization from the member Tribes in the consortium. In that case, the Tribal consortium must submit a resolution, a letter, affidavit, or other documentation, as appropriate, that certifies that the Tribal consortium has the legal authority to apply for grants under CTAS on behalf of the consortium. **This documentation must be current, sufficient to demonstrate authority for the application, contain authorizing signature(s), and submitted by the application's April 18, 2012, due date.** In addition, a copy of the bylaws or other governance documents that allow the Tribal consortium's action without support from all consortium members must be included with this documentation.

If the applicant is a **Tribal designee** under Purpose Area #6, OVV Violence Against Women Tribal Governments Program, the applicant will need a Tribal resolution, or equivalent legal enactment, from the Tribe as part of the application which should 1) authorize the applicant to submit an application on behalf of the federally-recognized Indian Tribe; and 2) state the Tribe's support for the project and its commitment to participate in the project if it is selected for funding. **This resolution or equivalent legal enactment must be current, sufficient to demonstrate authority for the application, contain authorizing signature(s), and submitted by the application's April 18, 2012, due date.**

As stated in the "Important Warning" boxes, each Tribe or Tribal consortium will be allowed only one application submission. If a Tribe submits more than one application, only one application will be considered in the review process. A Tribe may apply as part of a consortium and also submit its own independent application in response to the 2012 CTAS, provided that this independent application is submitted for funding for activities that are distinct from those activities for which the Tribal consortium has applied.

See Frequently Asked Questions for Tribal resolution requirements relating to political sub-units making requests to submit applications separately from federally-recognized Indian tribal governments. <http://publicdevelopment.doj.gov/tribal/ctas-fags.html>

VI. Indirect Cost Rate Agreement (if applicable)

If the organization is requesting indirect costs for this project, a copy of the **current**, signed federally-approved Indirect Cost Rate Negotiated Agreement must be included. If the Tribe does not have an Indirect Cost Rate Negotiated Agreement or it is expired and under review, the Tribe may submit supporting documents to show the applicant's cognizant federal agency is reviewing the request. Indirect cost requests will be eliminated from all applications that do not provide the required documentation.

If you need additional information on this requirement, go to www.ojp.usdoj.gov/funding/pdfs/indirect_costs.pdf. If the applicant does not have an approved rate, a rate can be requested by contacting the applicant's cognizant federal agency, which will review all documentation and approve a rate for the applicant organization.

VII. Other Attachments

Other attachments, as necessary, include:

- Letters of support
- Resumes of key personnel
- Job descriptions for unfilled positions
- Memoranda of Understanding

To develop and implement correctional alternatives.

Important Note: Applicants seeking to use grant funds for full-scale construction of secured correctional/detention facilities and multi-purpose justice centers should describe any additional resources that may be leveraged to complete the construction project. As a result of funding full-scale construction for secure detention facilities in the past, DOJ realizes that the maximum amount available under Purpose Area #4 may not be sufficient to complete projects of this nature without supplemental funding sources. Purpose Area #4 funding may be used to supplement other funding sources (i.e., federal, Tribal, etc.) to complete full-scale construction of secure detention facilities.

constructing and renovating facilities associated with the incarceration and rehabilitation of juvenile and adult offenders subject to Tribal jurisdiction; Related to the development and implementation of correctional alternatives to meet the needs of the Tribe's population; Comprehensive strategic planning.

Renovation or construction: Of a new or existing correctional/detention facility including adult and juvenile incarcerated populations, multipurpose justice centers (including courts and police departments); Renovation of correctional facilities that are no longer considered safe and secure to serve as holding facilities or multipurpose justice centers; Constructing regional detention centers on Indian land for incarceration of offenders subject to Tribal jurisdiction; Renovation/construction of community-based correctional alternative facilities; and renovation/construction of transitional living facilities (halfway houses).

Other costs associated with construction or renovation of a facility: Infrastructure costs such as roads, sewer and water hook-ups, land preparation, and other costs normally associated with construction site work; Items associated with managing the planned construction or renovation process and construction materials necessary to build or renovate facilities and associated infrastructure; Furniture, surveillance cameras, or other items affixed or integral to the facility; Facility maintenance; Contracts with private entities to increase the efficiency of the construction of Tribal jails; and staff housing.

Travel: Airfare, lodging, and mileage reimbursement for meeting or training costs related to Purpose Area activities and DOJ-required training.

Note: FY 2012 funding under this Purpose Area cannot be commingled with American Recovery and Reinvestment Act (ARRA) funds. If applicants are proposing to use Purpose Area #4 funding to supplement ARRA funded efforts, there should be a clear separation of the funding that will be used to augment ARRA projects.

Specific Requirements

Purpose Area #4 Narrative: If applicants are requesting Bureau of Indian Affairs (BIA) assistance to meet facility operations and maintenance needs, applicants should describe the

request to BIA for staffing, operations, and maintenance of the proposed facility renovation or planned construction. Applicants should describe the development of a renovation or construction plan that explores correctional building options to ensure a cost-effective design and provide letters of support from BIA regarding the staffing, maintenance, and operation of the facilities being planned, renovated, or constructed. A Tribe may submit, by authorizing resolution or other equivalent form of legal documentation, a commitment to fund future staffing, maintenance, and operation of the facilities renovated or constructed in lieu of BIA funding support letters, if the Tribe chooses to be responsible for this ongoing cost.

- Applicants should describe how the project would develop, maintain, or enhance an existing Strategic Planning Advisory Board representing key stakeholders and decision makers in the Tribe, including representatives from Tribal government, criminal justice systems, treatment/health/mental health components, social/family-related services and community groups, local service providers, businesses, community-based organizations, faith-based service providers, media, and individuals within the proposed project's target population. An applicant may elect to establish only one Advisory Board for multiple Purpose Areas if the members include appropriate representation required for individual Purpose Areas.
- Applicants receiving planning grants under Purpose Area #4 will be required to attend Purpose Area #4 specific training in addition to the required CTAS Orientation training.

---	---

Specific Requirements

- Purpose Area Narrative:** Applicants must (1) describe plans to develop a new program or use funds to enhance and sustain an existing victim assistance program; and (2) must identify how the proposed program will support related program-focus areas that may include: elder abuse, child abuse*, homicide, gang violence, youth violence, human trafficking, sexual assault, domestic violence, battery and assault, identity theft, hate crimes, and/or driving under the influence of alcohol or other drug. For larger and more established communities, focusing on a limited set of purpose areas will be critical to insure efficacy. Smaller communities may have a broader focus to the delivery of services, particularly if few—if any—victims' services currently exist. Applicant must provide a detailed justification for focusing on particular areas and how these proposed plans will impact the identified need.

**Applicants may apply for funding under CTVAP that focuses on child abuse; however, if an applicant also submits an application for funds under the CJA purpose area, each application must describe how each separate effort will enhance the other and not duplicate proposed efforts.*

- Applicants must provide detailed plans for conducting a needs assessment** and developing a strategic plan and logic model in order to effectively develop a coordinated collaborative multidisciplinary response to victims of crime, their families and community and provide trauma-informed, culturally competent holistic services to victims of crime, family and community. Additionally, applicants must describe how they will address the following as it relates to the identified focus area(s): (1) nature and scope of the identified problem(s); (2) response to victims, including policies, practices, protocols, and interventions or activities to address victims' needs; (3) approaches to address gaps in service and enhance community capacity to serve all victims of crime; (4) existing data collection efforts and gaps among collaborating agencies; (5) needs for training and technical assistance; (6) plans for providing comprehensive services (Note: applicants are not prohibited from delivering victim services while conducting needs assessment and developing strategic plan and logic model); (7) plans for developing the proposed program in partnership with the community and key stakeholders; (8) commitment to work with the TTA provider and OVC; (9) the project organization and community collaboration structure to support successful project planning, implementation, communication, and coordination; (10) how the applicant will work with the TTA provider and OVC to define and measure the project's success; and (11) challenges to sustaining the project beyond grant funding and strategies for meeting those challenges.

*** Upon completion of the formal needs assessment, applicants may elect to shift the focus of the program if the needs assessment reveals resources would be better used for a different focus. For example, if the applicant identifies victims of youth gang violence in the original application submission but determines—based on the outcome of the needs assessment—that resources are better focused to address sexual assault, the grant can request a change of focus after consultation with OVC. Any program changes are dependent on successfully receiving funding from OVC.*

- Budget:** This Purpose Area is designed to support comprehensive and coordinated multi-disciplinary responses and victim assistance. Therefore, the applicant should be sure that at least 50% of the funding supports comprehensive victim assistance needs.

III. Additional Budget Information

Supplanting: Generally, DOJ funds must be used to supplement existing funds for program activities and may not replace (supplant) non-federal funds that have been appropriated for the same purpose. Grant funds must be used to increase the amount of state, local, Tribal, or Bureau of Indian Affairs funds that otherwise would be budgeted for these purposes in the absence of DOJ grant funding. For additional guidance regarding supplanting, including DOJ program-specific examples, refer to the "Coordinated Tribal Assistance Solicitation Guidance Regarding Supplanting" FAQ at www.justice.gov/tribal.

Limitation on Use of Award Funds for Employee Compensation; Waiver: With respect to any award of more than \$250,000 made under this solicitation, federal funds may not be used to pay total cash compensation (salary plus bonuses) to any employee of the award recipient at a rate that exceeds 110% of the maximum annual salary payable to a member of the Federal Government's Senior Executive Service (SES) at an agency with a Certified SES Performance Appraisal System for that year (currently \$197,670). The 2012 salary table for SES employees is available at www.opm.gov/oca/12tables/indexSES.asp. Note: A recipient may compensate an employee at a higher rate, provided the amount in excess of this compensation limitation is paid with non-federal funds. (Any such additional compensation will not be considered matching funds where match requirements apply.)

The limitation on compensation rates allowable under an award may be waived on an individual basis at the discretion of the Assistant Attorney General (AAG) for the Office of Justice Programs, or the Director of the Office on Violence Against Women, as appropriate. (Waivers are not applicable to the Office of Community Oriented Policing Services.) An applicant that wishes to request a waiver must include a detailed justification in the budget narrative of its application. Unless the applicant submits a waiver request and justification with the application, the applicant should anticipate that DOJ will request that the applicant adjust and resubmit its budget.

The justification should include: the particular qualifications and expertise of the individual, the uniqueness of the service being provided, the individual's specific knowledge of the program or project being undertaken with award funds, and a statement explaining that the individual's salary is commensurate with the regular and customary rate for an individual with his/her qualifications and expertise, and for the work that is to be done.

IV. Performance Measures

To assist in fulfilling the Department's responsibilities under the Government Performance and Results Act (GPRA), P.L. 103-62, and the GPRA Modernization Act of 2010, P.L. 111-352, applicants who receive funding under this solicitation must provide data that measure the results of their work.

This solicitation has one overarching objective that applies to all programs and separate objectives for each Purpose Area. For each applicable Purpose Area, sample performance measures and required data are listed. The listed measures and data are not exhaustive, but are intended to provide applicants with insight into the measures and data on which they will be expected to report.

Submission of performance measures data is not required for the application. Performance measures are included as an alert that successful applicants will be required to submit specific data to DOJ as part of their reporting requirements after an award is made. Grantees will be required to provide the data requested in the "Sample Data Grantee Must Provide" column for each applicable objective so that DOJ can calculate values for the "Sample Performance

Measure(s)” column. Additional performance measures may be developed and required, specific and complementary to each awarded program. After awards are made, DOJ staff will provide additional information about how data should be collected and reported.

F. Application Review and Evaluation Process

Applications should include all items listed on page 3 in “What an Application Should Include” and noted on the “Application Checklist” (section I). Applications will also be reviewed and evaluated based on the responses to the following sections:

- I. Tribal Community & Justice Profile (40%)** (includes executive summary, tribal narrative profile)
- II. Purpose Area Narrative for each Purpose Area the applicant is applying under (40%)**
- III. Project/Program Timeline (5%)
- IV. Budget Detail Worksheet and Narrative including Demographic Form (15%)**
- V. Tribal Authority To Apply Documentation
- VI. Indirect Cost Rate Agreement (if applicable)
- VII. Other Attachments (as needed)

**Items noted by ** MUST be included in the application submission in order for the application to proceed to peer review.

DOJ is committed to ensuring a fair and open process for awarding grants. Each grant program office will review the application to make sure that the information presented is reasonable, understandable, measurable, and achievable, as well as consistent with the solicitation.

Peer reviewers will be reviewing the applications submitted under this solicitation that meet basic minimum requirements. Each grant program office may use either internal peer reviewers, external peer reviewers, or a combination to review the applications under this solicitation. An external peer reviewer is an expert in the field of the subject matter of a given grant program who is NOT a current federal employee. An internal reviewer is a current federal employee who is well-versed or has expertise in the subject matter of the particular grant program. Applications that meet basic minimum requirements will be evaluated, scored, and rated by peer reviewers. Peer reviewers' ratings and any resulting recommendations are advisory only.

Prior to award, applications for potential discretionary awards and cooperative agreements will receive a financial integrity review to examine proposed costs and the extent to which the Budget Detail Worksheet and Narrative accurately supports and explains project costs. This review will also assess whether costs are reasonable, necessary, and allocable under applicable federal cost principles and agency regulations. This financial review will be conducted by DOJ financial officers in consultation with the applicable grant program office. DOJ will also take into consideration the total amount of funding requested and the capacity of the Tribe to manage the funds. Past performance with DOJ grant funding will be considered in this review process.

Absent explicit statutory authorization or written delegation of authority to the contrary, all final grant award decisions will be made by the head of the DOJ awarding agency component (i.e., by the head of OJP, OVW, or COPS, as applicable), who may also give consideration to factors including, but not limited to, underserved populations, population served, geographic diversity, strategic priorities, past performance, and available funding when making awards.

G. How to Apply

Applications are submitted through OJP's Grants Management System ([GMS](#)). [GMS](#) is a Web-based, data-driven computer application that provides cradle to grave support for the

application, award, and management of awards at OJP. Applicants must register in GMS for each specific funding opportunity and should begin the process immediately to meet the GMS registration deadline, especially if this is the first time using the system. Complete instructions on how to register and submit an application in GMS can be found at www.ojp.usdoj.gov/gmscbt/. If the applicant experiences technical difficulties at any point during this process, e-mail GMS.HelpDesk@usdoj.gov or call 888-549-9901 (option 3), Monday – Friday from 6:00 a.m. to midnight eastern time, except federal holidays. OJP highly recommends that applicants start the registration process as early as possible to prevent delays in submitting an application package by the specified application deadline.

All applicants should complete the following steps:

1. **Acquire a Data Universal Numbering System (DUNS) number.** In general, the Office of Management and Budget requires that all applicants (other than individuals) for federal funds include a DUNS number in their application for a new award or renewal of an existing award. A DUNS number is a unique nine-digit sequence recognized as the universal standard for identifying and keeping track of entities receiving federal funds. The identifier is used for tracking purposes and to validate address and point of contact information for federal assistance applicants, recipients, and subrecipients. The DUNS number will be used throughout the grant life cycle. Obtaining a DUNS number is a free, one-time activity. Obtain a DUNS number by calling Dun and Bradstreet at 866-705-5711 or by applying online at www.dnb.com. A DUNS number is usually received within 1-2 business days.
2. **Acquire or renew registration with the Central Contractor Registration (CCR) database.** DOJ requires that all applicants (other than individuals) for federal financial assistance maintain current registrations in the CCR database. The CCR database is the repository for standard information about federal financial assistance applicants, recipients, and subrecipients. Organizations that have previously submitted applications via Grants.gov are already registered with CCR, as it is a requirement for Grants.gov registration. Note, however, that applicants must **update or renew their CCR registration annually** to maintain an active status. Information about CCR registration procedures can be accessed at www.ccr.gov.
3. **Acquire a GMS username and password.** A new user must create a GMS profile by selecting the “First Time User” link under the sign-in box of the [GMS](http://www.ojp.usdoj.gov/gmscbt/) home page. For more information on how to register in GMS, go to www.ojp.usdoj.gov/gmscbt/.
4. **Verify the CCR registration in GMS.** DOJ requests that all applicants verify their CCR registration in GMS. Once logged into GMS, click the “CCR Claim” link on the left side of the default screen. Click the submit button to verify the CCR registration.
5. **Search for the funding opportunity on GMS.** After logging into GMS or completing the GMS profile for username and password, go to the “Funding Opportunities” link on the left side of the page. Select “Department of Justice” and “FY 2012 Coordinated Tribal Assistance Solicitation.”
6. **Register by selecting the “Apply Online” button associated with the solicitation title.** The search results from step 5 will display the solicitation title along with the registration and application deadlines for this funding opportunity. Select the “Apply Online” button in the “Action” column to register for this solicitation and create an application in the system.

7. **Complete the Disclosure of Lobbying Activities.** All applicants must complete this information and submit the form in GMS. An applicant that expends any funds for lobbying activities must provide the detailed information requested on the form, *Disclosure of Lobbying Activities* (SF-LLL). An applicant that does not expend any funds for lobbying activities should enter "N/A" in the required highlighted fields. Access the form at www.ojp.gov/funding/forms/disclosure.pdf.
8. **Submit an application consistent with this solicitation by following the directions in GMS.** Once submitted, GMS will display a confirmation screen stating the submission was successful. **Important:** In some instances, an applicant must wait for GMS approval before submitting an application. Applicants are urged to submit the application **at least 72 hours prior** to the due date of the application.

IMPORTANT WARNING! Each Tribe or Tribal consortium will be allowed only one application submission. An application can be revised in GMS until the application deadline, 9:00 p.m. ET, Wednesday, April 18, 2012. Please note that only the final version of an application submitted in GMS will be considered.

If a Tribe submits more than one application, only one application will be considered in the review process.

A Tribe may apply as part of a consortium and also submit its own independent application in response to the 2012 CTAS, provided that this independent application is submitted for funding for activities that are distinct from those activities for which the Tribal consortium has applied.

Note: The Grants Management System (GMS) does not accept executable file types as application attachments. These disallowed file types include, but are not limited to, the following extensions: ".com," ".bat," ".exe," ".vbs," ".cfg," ".dat," ".db," ".dbf," ".dll," ".ini," ".log," ".ora," ".sys," and ".zip."

Note: The Budget Detail Workbook requires MS Excel 2007 or 2010.

Experiencing Unforeseen GMS Technical Issues

If you experience unforeseen GMS technical issues beyond your control which prevent you from submitting your application by the deadline, please contact the GMS helpdesk immediately to create a record of the issue. You must contact the Response Center **within 24 hours after the deadline** and request approval to submit your application. At that time, the Response Center will require you to email the complete grant application, your DUNS number, and provide a GMS Help Desk tracking number(s). After DOJ reviews all of the information submitted as well as contacts the GMS Help Desk to validate the technical issues you reported, DOJ will contact you to either approve or deny your request to submit a late application. If the technical issues you reported cannot be validated, your application will be rejected as untimely.

To ensure a fair competition for limited discretionary funds, the following conditions are not valid reasons to permit late submissions: (1) failure to begin the registration process in sufficient time;

(2) failure to follow GMS instructions on how to register and apply as posted on its website; (3) failure to follow all of the instructions in the DOJ solicitation; and (4) technical issues experienced with the applicant's computer or information technology (IT) environment.

Notifications regarding known technical problems with GMS will be posted on www.justice.gov/tribal .
