VIII.**BACKGROUND INVESTIGATIONS**

Note: In the event you receive an offer of employment for the position of Assistant United States Attorney, there will be, pursuant to Department of Justice policy, a thorough background investigation conducted by the Federal Bureau of Investigation. Among other personal background matters, the FBI will check into any past use of controlled substances -- although past use of a controlled substance is not per se disqualification for the AUSA position. However, you should be aware that in some instances, the Department of Justice has had to withdraw an employment offer because the FBI investigation revealed information that precluded a security and/or suitability clearance (e.g. failure to timely file income tax returns, serious credit problems, abuse of alcohol, history of usage of controlled substances, prior arrests and/or convictions, misrepresentation on security forms filed by the applicant). A significant hardship is created for all concerned if an offer must be withdrawn at the end of the lengthy process. Accordingly, we want to alert you to these potential problems at the outset and invite you to discuss any concerns you may have. Please feel free to contact the Human Resources office at 617-748-3360 if you have any questions.

You should also be advised that all applicants receiving conditional offers of employment with the Department of Justice are required to take and pass a drug test. An applicant who refuses to be tested will be disqualified from appointment to the position.

Note: Your candidacy for a position in this office will remain open unless and until you indicate otherwise to this office in writing. Therefore, please continue to supplement your candidate file with additional information as it becomes relevant, or as you so desire. In this regard, please continue to be mindful of your obligation pursuant to Section VII.

IX.
