Coleman: What's that?

Tom

Petters: I am getting closer to getting the deals done. I got Ken working on the (UI) real estate deal. I got Thane and those guys all pumped up and I got these guys ready in Europe who will loan me seven hundred million dollars and I tell you what it will still take me a month and a half to get. But I will tell you what I can get it. I can...

Coleman: Who is this seven hundred million coming from?

Petters: Don't ask.

Coleman: Okay.

Petters: See that is all that makes you happy. A signature, money or a candle.

Coleman: Yeah, um, is that really going to go through today with um...

Petters: I don't know.

Coleman: ...Ark Royal?

Petters: (UI) I said, listen, I can buy ValueVision with Ted Deikel. With U-bid and CircuitCity.com, we can make two hundred million fucking dollars. I am positive. Good Luck. Let's go.

Coleman: Good Luck!
